

2019
COLLABORATIVE RESOURCES ALLOCATION FOR NEBRASKA (CRANE) PROGRAM
GUIDELINES & APPLICATION

The focus and primary purpose of CRANE is to target specific long-term, interrelated and coordinated job creation/enhancement, economic growth, joint housing and community development strategies. Together, NIFA and other collaborating resource providers will work with communities and neighborhoods, who have joined with for profits and non-profits entities that commit to participate in the CRANE Program, as well as other public and private resource providers.

The partnership between resource providers and applicants will be formed for the strategic placement of comprehensive housing, job and community development resources into Nebraska communities and neighborhoods that are ready and prepared to move forward on a pre-developed strategy.

A. COMPONENTS OF CRANE

The CRANE Program will utilize a three-tier process. Potential CRANE Program eligible applicants must submit an email to NIFA with a brief description of the development and how the development is CRANE eligible. Upon review by NIFA the potential CRANE Program Eligible Applicants will be invited to submit a CRANE Application and all required supporting information via the online funding application system, along with a nonrefundable CRANE Application Fee of \$500 which must be received in NIFA's office at the time the application is submitted to NIFA. NIFA will notify the applicant if they are CRANE eligible and if the CRANE Application has satisfied all the requirements under the CRANE Program, at which time the eligible applicant must submit a completed LIHTC Application via the online funding application system and the LIHTC Application fee must be received in NIFA's office on or prior to the time periods specified by NIFA (as outlined in the 2019 LIHTC Allocation Plan for 9% LIHTCs and AHTCs. CRANE Applications and documentation received by NIFA will be reviewed the month following receipt.

1. To participate in the CRANE Program, for-profit or non-profit entities ("eligible applicant") must join together with cities, communities and neighborhoods and collectively demonstrate that through a public process they have assessed the needs of their particular community with respect to economic development, community resource and housing development, and have proposed specific solutions to address those needs (the "Plan").

Eligible Applicants must designate a "Lead" organization that will actively and regularly participate in a strategic planning and implementation program. The Plan may cover incorporated municipalities, neighborhoods or villages, although elements of the Plan may also include areas located in adjacent, unincorporated but municipally regulated areas. Both Urban and Rural communities are eligible under the CRANE Program.

2. Jointly, NIFA and other participating resource providers will set threshold and ranking criteria for the CRANE Program applications. All CRANE Program applicants will be reviewed by NIFA staff and the NIFA Programs Committee and are subject to approval by NIFA's Board. Applicants must also receive the appropriate approval from the participating resource providers for their respective development.
3. Initial CRANE Program applications will be "soft" meaning that property control, zoning and financing need not be finalized at the time of submission of the application; however, the Eligible Applicants must provide a strategy and timeline within the Plan for completing the required assignments and tasks.

4. The application must also show support for services to occupants or other support where the occupants are the primary beneficiaries in the development. At least 10% in materials, services and/or cash is required for each phase of an Eligible Applicant's progress other than LIHTC or AHTC. Examples of other funding sources may include, but are not limited to, Nebraska Affordable Housing Trust Funds, National Housing Trust Funds, HOME Funds, CDBG Funds, FHLBank Funds, Tax Increment Financing (TIF), and donation of land, professional fees, construction equipment or materials, and/or a donation/contribution of cash funds. Other additional funds from for-profit or nonprofit entities are eligible matches if approved by NIFA.
5. Once a CRANE Program application has been accepted, a timeline will be developed with the Eligible Applicant to assign a category and to identify resources available with NIFA and other participating resource providers. Applications will be categorized as follows:

- Category 4: Conceptual
- Category 3: Feasible
- Category 2: In formation
- Category 1: Ready, in all aspects, to proceed

The following table provides a basic outline of the Category designations and Action Steps that must be completed by an Eligible Applicant prior to receiving the associated Category designation. NIFA reserves the right to adjust the Action Steps required of the Eligible Applicant based on the needs of each individual development.

Category Designation:	<i>Category 4</i>	<i>Category 3</i>	<i>Category 2</i>	<i>Category 1</i>
Definition:	Conceptual	Feasible	In Formation	Ready, in all aspects, to proceed
Action Steps to be Completed prior to Designation:	<ul style="list-style-type: none"> ▪ Consult with NIFA via email about proposed Development ▪ CRANE application submitted and Eligible Applicant accepted by NIFA into the CRANE Program 	<ul style="list-style-type: none"> ▪ At the request of NIFA, submission of Full LIHTC application 	<ul style="list-style-type: none"> ▪ All Threshold items in LIHTC application met ▪ Final documents (other selection criteria/clarification provided to NIFA as requested) 	<ul style="list-style-type: none"> ▪ Eligible to receive a Conditional Reservation of LIHTCs

6. Each application will be evaluated and recommendations needed to meet the requirements of the Qualified Allocation Plan will be provided to the Eligible Applicant. Documentation and materials must be regularly updated in order for a development to retain its CRANE priority status. Findings and recommendations will be discussed at the CRANE meetings, which will be held bimonthly and are open to the general public.
7. A specific timeline and expected outcome for each development will be developed as part of the evaluation process. Failure by an Eligible Applicant to adhere to the timeline or satisfy the criteria set forth in the timeline may result in a development's re-classification.

8. Measurable progress must be made in accordance with the timeline that has been established for a priority category status to be retained or upgraded. An Eligible Applicant may move into “standby” mode at any time to allow for the resolution of unanticipated problems with prior written approval from NIFA.
9. If NIFA does not receive a response/report from a CRANE applicant for 3 months, the application will be placed in “standby” mode and NIFA will notify the applicant in writing of the “standby” status. If no communication is received from the Eligible Applicant within 3 months after NIFA places the application in “standby” mode, then the application will be removed from the CRANE process and the Eligible Applicant so notified.
10. Full accounting and public disclosure of all inputs and results of the Plan and proposed developments will be required. This data will be used for analysis and program improvement.
11. NIFA and other participating resource providers will be the sole judges of interpretation of compliance with the CRANE Program and the appropriateness of the proposed Plans and development segments. NIFA will be the lead agency for the CRANE Program and will provide staffing and administrative services. NIFA may require that a “Continuity Manager” be engaged for long-term or large developments.
12. With respect to the CRANE Program, for the year 2019, NIFA has committed to set aside (a) up to 33% of Nebraska’s 2019 Low Income Housing Tax Credit (“LIHTC”) and up to 33% of Nebraska 2019 Affordable Housing Tax Credit (“AHTC”) authority for CRANE Eligible Applicants that meet the requirements of Section 42 of the Internal Revenue Code of 1986, as amended (the “Code”) and the requirements established by the Nebraska Department of Revenue.
13. At NIFA’s discretion, CRANE Program resources reserved but not “allocated” at the end of a specified time period may be “recycled” into the competitive program(s) or to other CRANE Program Eligible Applicants.
14. In order to be eligible for consideration of a conditional reservation of LIHTC and AHTC under the CRANE Program, NIFA staff and the Eligible Applicant must work together to address any issues, concerns, and/or additional requirements. Acceptance into the CRANE Program does not guarantee a reservation of NIFA resources. The development must meet all Qualified Allocation Plan (“QAP”) threshold items specific to the funding requested in the case of LIHTC and AHTC, as well as those additional requirements designed to meet the goals and objectives of the CRANE Program (which additional requirements will be determined by NIFA in its sole discretion based on an individualized in-depth analysis of each development). Once a Category 1 designation has been assigned (as set forth below), a development in the CRANE process is eligible to be considered by NIFA for an allocation of resources.
15. A written statement of the criteria, participants, and methodology of evaluation shall be made part of the public record. All allocations of resources will conform to the rules and regulations of the specific resource programs.
16. The CRANE Program may be discontinued at any time at the discretion of NIFA and other participating resource providers. NIFA and other participating resource providers reserve the right to amend the CRANE Program objectives, rules and components. The resource amount and duration of the set asides will be at the discretion of NIFA and the other participating resource providers.

NIFA will review the financial feasibility of the development and the request for additional Basis Boost in accordance with NIFA’s Allocation Plan. LIHTC DEVELOPMENT

THE PLAN:

- Provide a narrative describing the process used by the community (define who the community is) in which the development will be located to determine the needs of the community with respect to economic development, job creation and enhancement, and housing development in the community.
- Include in the narrative the needs identified by the community and the proposed solutions addressing those needs, including how the proposed development will meet those needs.
- Also include how current and potential employers and institutions (schools, hospitals, municipal service providers) located in the community will be involved in the development of businesses and the creation or enhancement of jobs.

Upload this narrative in [Exhibit 1](#) of the CRANE online funding application.

DESCRIPTION OF DEVELOPMENT:

- Provide a description of the proposed development.
- Include number of units, types of units and amenities.
- If a site has been selected, describe the area around the site and include pictures of the site, its surroundings and a location map as outlined in Exhibit 8 of the Exhibit Examples.
