OFFICIAL STATEMENT

\$105,120,000

**NEBRASKA INVESTMENT FINANCE AUTHORITY
SINGLE FAMILY HOUSING REVENUE BONDS
2018 SERIES A (NON-AMT) AND 2018 SERIES B (VARIABLE RATE – AMT)[†]**

INTRODUCTORY STATEMENT

The purpose of this Official Statement is to set forth information concerning the Nebraska Investment Finance Authority (“**NIFA**”), a body politic and corporate, not an agency of the State of Nebraska (the “**State**”) but an independent instrumentality exercising essential public functions, in connection with the sale of \$105,120,000 in aggregate principal amount of its Single Family Housing Revenue Bonds in the following series (collectively, the “**Offered Bonds**”): 2018 Series A (Non-AMT), in the original aggregate principal amount of \$73,120,000 (the “**2018 Series A Bonds**” or the “**Fixed Rate Offered Bonds**”) and 2018 Series B (Variable Rate – AMT), in the original aggregate principal amount of \$32,000,000 (the “**2018 Series B Bonds**” or the “**Variable Rate Offered Bonds**”).

Information set forth on the cover pages hereof and in the Appendices attached hereto is part of this Official Statement. All capitalized terms used in this Official Statement and not otherwise defined herein have the meanings assigned to such terms in the Indenture as hereafter described.

The Offered Bonds are being issued pursuant to and are secured under a General Indenture of Trust, dated as of July 1, 1994 (as amended from time to time, the “**General Indenture**”), as supplemented by a Supplemental Indenture of Trust, dated as of March 1, 2018 (the “**Series 2018 A/B Supplemental Indenture**,” and together with the General Indenture, the “**Indenture**”), each between NIFA and Wells Fargo Bank, National Association, Minneapolis, Minnesota, as trustee and paying agent (the “**Trustee**”). As of December 31, 2017, NIFA had issued 111 Series of Bonds pursuant to the General Indenture in an original aggregate principal amount of \$4,677,525,000 of which \$914,970,000, in aggregate principal amount was outstanding. Pursuant to the Indenture, additional bonds and refunding bonds may be issued from time to time. All such bonds previously issued pursuant to the General Indenture and related supplemental indentures thereto are herein referred to as “**Prior Series Bonds**.” The Prior Series Bonds, the Offered Bonds and any additional bonds or refunding bonds issued from time to time pursuant to the Indenture, as amended and supplemented, are herein referred to as the “**Bonds**.”

The Bonds are limited obligations of NIFA, payable solely out of Revenues derived from the operation of the hereinafter-described Program and are equally and ratably secured by all assets, moneys, investments and other amounts held in the Funds and Accounts under the Indenture. Specific assets (including portions thereof) may be held and accounted for by the Trustee separately for certain purposes related to redemptions and for certain tax-related accounting purposes. NIFA has no taxing power. THE BONDS DO NOT CONSTITUTE A DEBT, LIABILITY OR GENERAL OBLIGATION OF THE STATE OR ANY POLITICAL SUBDIVISION THEREOF OR PLEDGE OF THE FAITH AND CREDIT OF THE STATE OR ANY POLITICAL SUBDIVISION THEREOF. See the caption “**SECURITY FOR THE BONDS**” herein.

Pursuant to the Indenture, NIFA administers a program (the “**Program**”) of issuing Bonds to provide moneys to (i) finance, purchase or acquire mortgage loans, including participation interests therein (the “**Mortgage Loans**”), made to qualified low- and moderate-income persons (“**Mortgagors**”) for the purchase and, under certain circumstances, the improvement and/or rehabilitation of owner-occupied (one- to four-unit) residences in Nebraska, and (ii) finance Mortgage Loans through the purchase of securities, including participation interests therein, issued or guaranteed by the Government National Mortgage Association (“**GNMA**”), Fannie Mae (formerly known as the Federal National Mortgage Association, “**Fannie Mae**”), the Federal Home Loan Mortgage Corporation (“**FHLMC**”), or such other entity as will not adversely affect the Rating Quality of the Bonds, backed by or representing qualifying Mortgage Loans (“**Mortgage-Backed Securities**”). See “**THE PROGRAM**” herein. The programs of NIFA with respect to single-family housing units financed pursuant to the bond resolutions and

[†] Sole underwriter of the 2018 Series B Bonds is J.P. Morgan Securities LLC

indentures other than the Indenture are referred to herein as NIFA's "**Other Single Family Programs.**" All bonds of NIFA, regardless of the resolution or indenture under which they were issued, are herein called "bonds."

NIFA expects to use the proceeds of the Offered Bonds to (a) acquire, purchase and finance approximately \$74,320,000 in principal amount of Mortgage-Backed Securities issued or guaranteed by GNMA, Fannie Mae or FHLMC and (b) refund certain Prior Series Bonds as described herein. In addition, subject to the limitations set forth in the Indenture, NIFA may apply proceeds of the Offered Bonds and/or amounts available in the various recycling accounts established under the Indenture to finance (i) Mortgage Loans (both first and second Mortgage Loans) originated by certain nonprofit entities (such as Habitat for Humanity of Omaha), (ii) second Mortgage Loans ("**HBA Loans**"), the proceeds of which fund down payment and closing cost assistance in connection with first Mortgage Loans financed under the Program, and (iii) other Mortgage Loans, including loans described in (i) or (ii), which are not eligible for inclusion in a Mortgage-Backed Security (collectively, the "**Community Program Loans**"). While pledged to the repayment of the Bonds and available for the redemption of Bonds, the principal of and the interest on the Community Program Loans are not expected to be necessary (nor are they assumed to be received in any Cash Flow Statement) to pay debt service on the Bonds.

The Series 2018 A/B Supplemental Indenture establishes within the Mortgage Loan Fund a Series 2018 A/B Mortgage Loan Fund Account (the "**Series 2018 A/B Mortgage Loan Fund Account**"), including a Series 2018 A/B Recycling Subaccount therein (a "**Series 2018 A/B Recycling Subaccount**"), and NIFA may apply such funds deposited therein for the purpose of acquiring, purchasing or financing additional Mortgage Loans and Mortgage-Backed Securities in accordance with the Series Program Determinations then in effect and Community Program Loans, subject to the limitations set forth in any Supplemental Indenture.

Mortgage Loans (other than any Community Program Loans) and Mortgage-Backed Securities authorized to be purchased with funds held in the Series 2018 A/B Mortgage Loan Fund Account (including any Series 2018 A/B Recycling Subaccount) pursuant to the Series Program Determinations or otherwise authorized to be purchased subsequent to modification of such Series Program Determinations (together with the Refunded Series Mortgage-Backed Securities described below) are referred to herein as "**Series 2018 A/B Mortgage Loans**" and "**Series 2018 A/B Mortgage-Backed Securities**," respectively. NIFA reserves the right to modify the initial Series Program Determinations with respect to the Offered Bonds to purchase Mortgage Loans (including additional Community Program Loans) and Mortgage-Backed Securities not meeting such initial Program Determinations so long as such loans or securities do not adversely affect the Rating Quality of the Bonds. See "THE PROGRAM—General" herein.

Additionally, proceeds of the Variable Rate Offered Bonds will be used for the purpose of refunding and redeeming the Prior Series Bonds (the "**Refunded Prior Series Bonds**") identified in Appendix D-2—"REFUNDED PRIOR SERIES BONDS". Upon the issuance of the Offered Bonds, the Mortgage-Backed Securities previously allocated to the Refunded Prior Series Bonds (the "**Refunded Series Mortgage-Backed Securities**") in an aggregate principal amount of approximately \$18,760,000 as of February 28, 2018 will be credited to the Series 2018 A/B Mortgage Loan Fund Account and will be designated as Series 2018 A/B Mortgage-Backed Securities. See Appendix D-4—"REFUNDED SERIES MORTGAGE-BACKED SECURITIES" attached hereto for a list of expected Refunded Series Mortgage-Backed Securities.

The Program is one of a number of single-family housing programs that have been implemented by NIFA (including its predecessor, the hereafter-described NMFF). Proceeds from Other Single Family Programs were utilized, or are currently being utilized, to implement single-family mortgage programs pursuant to which NIFA either purchased qualifying mortgage loans or purchased mortgage-backed securities issued by GNMA, Fannie Mae or FHLMC and backed by qualifying mortgage loans. MORTGAGE LOANS AND MORTGAGE-BACKED SECURITIES PURCHASED WITH PROCEEDS OF THE OTHER SINGLE FAMILY PROGRAMS AND THE FUNDS AND ACCOUNTS WHICH SECURE THE OBLIGATIONS ISSUED THEREUNDER ARE NOT PLEDGED AS SECURITY FOR THE OFFERED BONDS OR ANY OTHER BONDS ISSUED UNDER THE INDENTURE. See Appendix D-1—"SUMMARY OF THE PROGRAM FINANCED WITH THE BONDS—Other Housing Programs of NIFA" attached hereto.

Pursuant to a Master Sale and Servicing Agreement, dated as of January 1, 2012 (the “**Servicing Agreement**”), between NIFA and U.S. Bank National Association (the “**Master Servicer**”), the Master Servicer has agreed to (a) purchase certain Mortgage Loans from qualified mortgage lending institutions (the “**Participants**”) which are (i) insured by the Federal Housing Administration (“**FHA**”) pursuant to the National Housing Act of 1934, as amended, guaranteed by the United States Department of Veterans Affairs (the “**VA**”) pursuant to the Servicemen’s Readjustment Act of 1944, as amended, or guaranteed by the Rural Development acting through the United States Department of Agriculture (“**USDA/RD**”) and (ii) other than FHA-insured Mortgage Loans, VA-guaranteed Mortgage Loans and USDA/RD-guaranteed Mortgage Loans (“**Conventional Mortgage Loans**”) and (b) issue (or cause to be issued) and sell Mortgage-Backed Securities guaranteed by GNMA (“**GNMA Securities**”), Mortgage-Backed Securities guaranteed by Fannie Mae (“**Fannie Mae Securities**”) and/or Mortgage-Backed Securities guaranteed by FHLMC (“**FHLMC Securities**”) to the Trustee with respect thereto. The Master Servicer is required to be an FHA-, VA- and USDA/RD-approved mortgagee, an approved issuer of GNMA Securities, a Fannie Mae-approved seller/servicer and an FHLMC-approved seller/servicer. NIFA may approve and designate one or more other servicers (each a “**Designated Servicer**,” and including the Master Servicer, a “**Servicer**”), which may or may not be FHA-, VA- and USDA/RD-approved mortgagees, approved issuers of GNMA Securities, Fannie Mae-approved seller/servicers or FHLMC-approved seller/servicers.

The Trustee will pay interest on the Offered Bonds on March 1 and September 1 of each year (each an “**Interest Payment Date**”), beginning September 1, 2018, until maturity or earlier redemption, on any redemption date, and, in the case of the Variable Rate Offered Bonds, on any tender date. The Fixed Rate Offered Bonds bear interest at the rates set forth on the inside front cover hereto. The Variable Rate Offered Bonds in the Weekly Mode bear interest at the Weekly Rate determined weekly by J.P. Morgan Securities LLC (the “**Remarketing Agent**”), as more fully described herein. NIFA may change the interest rate Mode with respect to the Variable Rate Offered Bonds from the Weekly Mode to another Mode or may convert any or all of the Variable Rate Offered Bonds to Fixed Rate Bonds. **References to the Variable Rate Offered Bonds in this Official Statement pertain only to Variable Rate Offered Bonds while in the Weekly Mode Period. THIS OFFICIAL STATEMENT IS NOT INTENDED TO DESCRIBE THE VARIABLE RATE OFFERED BONDS SUBSEQUENT TO NIFA’S ELECTION, IF ANY, TO CHANGE TO A MODE PERIOD OTHER THAN A WEEKLY MODE PERIOD OR TO CONVERT THE INTEREST THEREON TO LONG-TERM FIXED INTEREST RATES.**

Under the circumstances described herein, the Variable Rate Offered Bonds are subject to mandatory and optional tender for purchase at a price equal to the principal amount thereof plus accrued interest. A Liquidity Facility, which initially shall be a Standby Bond Purchase Agreement, dated as of March 28, 2018 (the “**Initial Liquidity Facility**”), by and among NIFA, the Trustee, the Federal Home Loan Bank of Topeka (the “**Standby Purchaser**”) and Wells Fargo Bank, National Association, as Tender Agent (the “**Tender Agent**”), provides for the purchase by the Standby Purchaser of tendered Variable Rate Offered Bonds that are not remarketed. If the Initial Liquidity Facility expires and is not renewed or extended, the Variable Rate Offered Bonds will be subject to mandatory tender. Under certain circumstances, the Standby Purchaser has no obligation to purchase any Variable Rate Offered Bonds. The Initial Liquidity Facility expires on March 1, 2019. See “THE OFFERED BONDS—Description of the Variable Rate Offered Bonds”, Appendix J—“CERTAIN DEFINITIONS WITH RESPECT TO THE VARIABLE RATE OFFERED BONDS IN THE WEEKLY MODE” and Appendix K—“CERTAIN TERMS OF THE INITIAL LIQUIDITY FACILITY” herein.

Brief descriptions of NIFA, the Offered Bonds, the security for the Bonds, the Program, the Indenture, GNMA and the GNMA Securities, Fannie Mae and the Fannie Mae Securities, FHLMC and the FHLMC Securities, the Standby Purchaser, the Initial Liquidity Facility, the Remarketing Agent, the Master Servicer and NIFA’s continuing disclosure undertaking are included in this Official Statement. The summaries herein do not purport to be complete and are qualified in their entireties by reference to such documents, agreements and programs as may be referred to herein, and the summaries herein of the Offered Bonds are further qualified in their entireties by reference to the forms of the Offered Bonds included in the Indenture and the provisions with respect thereto included in the aforesaid documents, copies of which are available for inspection at the corporate trust office of the Trustee in Minneapolis, Minnesota.

THE NEBRASKA INVESTMENT FINANCE AUTHORITY

The Nebraska Mortgage Finance Fund (the “**NMFF**”), predecessor to NIFA, was created by the Nebraska Mortgage Finance Fund Act (the “**Mortgage Finance Fund Act**”). The NMFF was created for the purpose of providing financing to enable persons of low and moderate income to acquire decent, safe and sanitary housing through coordination and cooperation with private industry and local communities. In *State of Nebraska v.*

Nebraska Mortgage Finance Fund, 204 Neb. 445, 283 N.W.2d 12 (1979), the Nebraska Supreme Court unanimously upheld the validity of the Mortgage Finance Fund Act under the Constitution of the State of Nebraska. On August 26, 1983, the Nebraska Investment Finance Authority Act, Sections 58-201 et seq., Reissue Revised Statutes of Nebraska, as amended (the “**NIFA Act**”), became effective. The NIFA Act merged the NMFF, the Nebraska Development Finance Fund and the Nebraska Agricultural Development Corporation into the new entity, NIFA.

NIFA anticipates developing additional housing programs to the extent permitted by the NIFA Act. The NIFA Act contains no limit on the amount of bonds that may be issued by NIFA. Section 146 of the Internal Revenue Code of 1986, as amended (the “**Code**”) limits the amount of private activity bonds that issuers in each state may issue.

The powers of NIFA are vested in nine members, consisting of the Director of the Nebraska Department of Economic Development, the Chairperson of the Nebraska Investment Council, the Director of the Nebraska Department of Agriculture and six public members appointed by the Governor. The NIFA Act requires that, of the public members, two members shall be appointed from each of the three congressional districts of the State. There shall be a public member experienced in real estate development, a public member experienced in industrial mortgage credit, commercial credit, agricultural credit or housing mortgage credit, a public member experienced in banking or investment banking, a public member experienced in home building or a licensed real estate broker and a public member experienced in agricultural production. Also pursuant to the NIFA Act, NIFA has appointed an Executive Director. The NIFA Act provides that the Executive Director shall be an employee of NIFA but not a member thereof and shall serve at the pleasure of the members. The Executive Director serves as the ex officio secretary of NIFA and administers, manages and directs its affairs and activities in accordance with the policies and under the control and direction of the members.

The office of NIFA is located at 1230 O Street, Suite 200, Lincoln, Nebraska 68508-1402, (402) 434-3900. In addition to the Executive Director, NIFA presently employs a staff of 27 full-time employees. The principal occupations of the members of NIFA, their residences and the groups represented by the public members are as follows:

Member/Principal Occupation	Residence	Representing
David Rippe—Chairperson of NIFA— Director, Nebraska Department of Economic Development	Lincoln, Nebraska	Nebraska Department of Economic Development
Marlin Brabec— Don Peterson & Associates	Fremont, Nebraska	Licensed Real Estate Broker
Herb Freeman— NP Dodge Real Estate	Omaha, Nebraska	Public at Large
Galen E. Frenzen— Frenzen Angus and Polled Herefords	Fullerton, Nebraska	Agricultural Production
Mark Graff— McCook National Bank	McCook, Nebraska	Banking
Mat Habrock— Nebraska Department of Agriculture	Lincoln, Nebraska	Nebraska Department of Agriculture
Michael B. Maroney— Omaha Economic Development Corporation	Omaha, Nebraska	Real Estate Development
Mary Jo McClurg—	Lincoln, Nebraska	Housing Mortgage Credit
Michael Walden-Newman— Nebraska Investment Council	Lincoln, Nebraska	Nebraska Investment Council

The NIFA Act provides that five members of NIFA constitute a quorum for the transaction of business, and the affirmative vote of at least five members is necessary to take any action. The NIFA Act also provides that no

member or employee may participate in any action by NIFA authorizing a transaction with NIFA if such member or employee has, will have or later acquires a direct or indirect interest in such transaction.

Timothy R. Kenny joined NIFA as its Executive Director in January of 1994. Prior to joining NIFA, Mr. Kenny was the director of program development for the Utah Housing Finance Agency (now known as the Utah Housing Corporation) from December of 1991 to December of 1993. Prior to that, Mr. Kenny owned a consulting business and also spent 15 months as the executive director of the Texas Housing Finance Agency (now known as the Texas Department of Housing and Community Affairs). Mr. Kenny has retired from practice as a certified public accountant.

Christie Weston is the Deputy Director of NIFA. Prior to joining NIFA in 2001, Ms. Weston spent six years working as a certified public accountant for the international public accounting firm of PricewaterhouseCoopers LLP.

Steven J. Clements is the Chief Operating Officer of NIFA. Mr. Clements joined NIFA as its Deputy Director of Finance in 1985. Prior to joining NIFA, Mr. Clements spent six years working as a certified public accountant for the international public accounting firm of Coopers & Lybrand (now known as PricewaterhouseCoopers LLP).

Judy A. Krasomil is the Treasurer of NIFA. Ms. Krasomil joined NIFA as its Treasurer in 1994. Prior to joining NIFA, Ms. Krasomil spent 10 years working as a certified public accountant for the international public accounting firm of Coopers & Lybrand (now known as PricewaterhouseCoopers LLP).

THE OFFERED BONDS

General

The Trustee will pay the principal of, premium, if any, and the interest on the Offered Bonds at their respective stated maturities upon the presentation and surrender of the Offered Bonds at the Trustee's corporate trust

office in Minneapolis, Minnesota. Notwithstanding the foregoing, so long as the Offered Bonds are registered in the name of the hereinafter-described Securities Depository, all payments of interest and premium, if any, on, and principal of, the Offered Bonds shall be paid through the securities depository (together with any successor securities depository, the “**Securities Depository**”) in accordance with its normal procedures, which as of the date hereof provide for payment by the Securities Depository to its Direct Participants (as defined below under “THE OFFERED BONDS – Book-Entry-Only System”) in same-day funds. See “Description of the Variable Rate Offered Bonds” below for a description of the payment of accrued interest and the related purchase price with respect to Variable Rate Offered Bonds in the Weekly Mode that are tendered to the Tender Agent (as described herein).

The Fixed Rate Offered Bonds are being issued as fully registered bonds in denominations of \$5,000 and whole multiples thereof. The Variable Rate Offered Bonds are being issued as fully registered bonds in denominations of \$100,000 and integral multiples of \$5,000 in excess thereof.

References to the Variable Rate Offered Bonds in this Official Statement pertain only to Variable Rate Offered Bonds while in the Weekly Mode Period. THIS OFFICIAL STATEMENT IS NOT INTENDED TO DESCRIBE THE VARIABLE RATE OFFERED BONDS SUBSEQUENT TO NIFA’S ELECTION, IF ANY, TO CHANGE TO A MODE PERIOD OTHER THAN A WEEKLY MODE PERIOD OR TO CONVERT THE INTEREST THEREON TO LONG-TERM FIXED INTEREST RATES.

Interest—General

Fixed Rate Offered Bonds. Interest on the Fixed Rate Offered Bonds accrues from the Date of Delivery or the most recent Interest Payment Date and is payable in arrears on March 1 and September 1 of each year, commencing September 1, 2018, until maturity or earlier redemption. The Record Date for each Interest Payment Date with respect to the Fixed Rate Offered Bonds will be the date 15 days next preceding such Interest Payment Date. The Fixed Rate Offered Bonds bear interest at the rates set forth on the inside cover hereof. Interest on the Fixed Rate Offered Bonds is calculated on the basis of twelve 30-day months and a 360-day year.

Variable Rate Offered Bonds - Weekly Mode. The Variable Rate Offered Bonds are being issued in a Weekly Mode Period and bear interest at the rate determined weekly (the “**Weekly Rate**”) by the Remarketing Agent (unless changed to a different interest rate setting mode (a “**Mode**”) or converted (a “**Conversion**”) to a long-term fixed interest rate, as more fully described herein). Interest on the Variable Rate Offered Bonds during the Weekly Mode Period is computed on the basis of a 365-day year or 366-day year, as applicable, for the number of days actually elapsed. Interest on the Variable Rate Offered Bonds during the Weekly Mode Period accrues and reflects the actual number of days from the Date of Delivery to, but excluding, and is payable in arrears on, each March 1 and September 1, commencing September 1, 2018, until maturity, earlier redemption or tender. On the Date of Delivery, the Variable Rate Offered Bonds shall bear interest at a rate of interest to be determined on Tuesday, March 27, 2018, for the period commencing on Wednesday, March 28, 2018, and ending on Tuesday, April 3, 2018 (both dates inclusive). Thereafter, each subsequent Effective Rate Period will reflect the actual number of days from, and including, each “Effective Rate Date” (the Wednesday first following the related Rate Determination Date) to, but excluding, the succeeding Effective Rate Date. In each case, the Rate Determination Date will be the first Business Day (typically a Tuesday) preceding each Effective Rate Date. The Record Date for each Interest Payment Date with respect to the Variable Rate Offered Bonds will be the date 15 days next preceding such Interest Payment Date (whether or not a Business Day).

Any Holder of Variable Rate Offered Bonds during the Weekly Mode Period has the option of tendering such Variable Rate Offered Bonds to the Tender Agent in accordance with the provisions of the Series 2018 A/B Supplemental Indenture as set forth under “Description of the Variable Rate Offered Bonds” below. Pursuant to the Initial Liquidity Facility, the Standby Purchaser has an obligation to purchase, under certain conditions and from time to time, Variable Rate Offered Bonds tendered or deemed tendered to the Tender Agent, which tendered Variable Rate Offered Bonds are not remarketed. The Variable Rate Offered Bonds are also subject to mandatory tender for purchase under certain circumstances.

For additional information with respect to the Variable Rate Offered Bonds during the Weekly Mode Period, see also “Description of the Variable Rate Offered Bonds” below, Appendix J—“CERTAIN DEFINITIONS WITH RESPECT TO THE VARIABLE RATE OFFERED BONDS IN THE WEEKLY MODE” and Appendix K—“CERTAIN TERMS OF THE INITIAL LIQUIDITY FACILITY.”

Swap Agreements. In connection with the issuance of certain Prior Series Bonds, including the Refunded Prior Series Bonds, which bear interest at Variable Rates, NIFA entered into one or more interest rate swap agreements (collectively, the “**Existing Swap Agreements**”) with one or more swap counterparties (collectively, the “**Swap Counterparties**”). The purpose of the Existing Swap Agreements is to place a like amount of NIFA’s obligation with respect to that part of the Program financed by Prior Series Bonds which bear interest at Variable Rates (as discussed in this Section, the “**Variable Rate Bonds**”) on an approximately fixed-rate basis. Not all Prior Series Bonds which bear interest at Variable Rates are hedged by NIFA with an Interest Rate Swap Agreement. See Appendix C—“SCHEDULE OF OUTSTANDING GENERAL OBLIGATION INDEBTEDNESS AND LIMITED OBLIGATION INDEBTEDNESS OF THE NEBRASKA INVESTMENT FINANCE AUTHORITY” attached hereto. It is anticipated that upon the issuance of the Offered Bonds and the refunding of the Refunded Prior Series Bonds, a portion of one or more of the Existing Swap Agreements will be allocated by NIFA to the Variable Rate Offered Bonds.

Payments made to the Swap Counterparties by NIFA under the Existing Swap Agreements are made semiannually on the basis of a notional principal amount and the difference between an agreed-upon fixed rate and the sum of the Index Rate plus an additional percentage (the “**Additional Percentage**”) for such period. The Index Rate is the SIFMA Municipal Swap Index (the “**SIFMA Index**”) or, for so long as the SIFMA Index is not calculated and published by Municipal Market Data, an alternate index therein. The SIFMA Index means the rate determined on the basis of an index based upon the weekly interest rate of tax-exempt variable rate issues included in a database maintained by Municipal Market Data which meet specific criteria established by the Securities Industry and Financial Markets Association (“**SIFMA**”). Payments made to the Swap Counterparties will be paid with funds available to NIFA, including, but not limited to, amounts payable to NIFA from Revenues in the form of a supplemental operating fee and funds on deposit in the hereinafter-described Collateral Fund. Payments made to NIFA by the Swap Counterparties under the Existing Swap Agreements may or may not be pledged as Revenues under the Indenture and may, at the discretion of NIFA, be deposited in the Collateral Fund. Except to the extent such payments will be made from the funds available to NIFA described herein, NIFA’s obligation to make payments to the Swap Counterparties under the Existing Swap Agreements is not otherwise secured by the Indenture. As of the date hereof, the notional principal amount of the Existing Swap Agreements is less than the outstanding principal amount of the Variable Rate Bonds, and NIFA expects that from time to time the outstanding principal amount of the Variable Rate Bonds will exceed the notional principal amount of the Existing Swap Agreements. For more information with respect to the Existing Swap Agreements and the terms thereof, see Appendix H—“LIQUIDITY FACILITIES AND INTEREST RATE SWAP AGREEMENTS” attached hereto.

Book-Entry-Only System

The Depository Trust Company (“**DTC**”), New York, New York, will act as the initial Securities Depository for the Offered Bonds offered hereby. The Offered Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Offered Bond certificate will be issued for each maturity of the Offered Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“**Direct Participants**”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“**DTCC**”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“**Indirect Participants**”). DTC has a Standard & Poor’s rating of “AA+.” The DTC Rules applicable

to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Offered Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Offered Bonds on DTC's records. The ownership interest of each actual purchaser of each Offered Bond (a "**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in Offered Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Offered Bonds, except in the event that use of the book-entry system for the Offered Bonds is discontinued.

To facilitate subsequent transfers, all Offered Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Offered Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Offered Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Offered Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. *So long as Cede & Co., as nominee for DTC, is the owner of the Offered Bonds, NIFA shall treat Cede & Co. as the only owner of the Offered Bonds for all purposes under the Indenture, including receipt of all principal of, premium, if any, and interest on the Offered Bonds and receipt of notices.*

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Offered Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Offered Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Offered Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to NIFA as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Offered Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Offered Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from NIFA or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or NIFA, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of NIFA or the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Offered Bonds purchased or tendered, through its Participant, to the Remarketing Agent and the Tender Agent, and shall effect delivery of such Offered Bonds by causing the Direct Participant to transfer the Participant's interest in the Offered Bonds, on DTC's records, to the Tender Agent or the Remarketing Agent, as applicable. The requirement for physical delivery of Offered Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Offered Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Offered Bonds to the Tender Agent's or the Remarketing Agent's, as applicable, DTC account.

DTC may discontinue providing its services as securities depository with respect to the Offered Bonds at any time by giving reasonable notice to NIFA or the Trustee. NIFA may also determine that DTC is incapable of discharging its duties or that continuation of the book-entry system is not in the best interests of the Beneficial Owners. In either situation, if NIFA fails to identify a successor securities depository, Offered Bond certificates are required to be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that NIFA believes to be reliable, but NIFA takes no responsibility for the accuracy thereof.

None of the Trustee, any paying agent, the Standby Purchaser or NIFA has any responsibility or obligations to the Direct or Indirect Participants or the Beneficial Owners with respect to (a) the accuracy of any records maintained by DTC or any Direct or Indirect Participant; (b) the payment by DTC of any amount due to any Direct Participant or the payment by any Direct or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal of and premium, if any, and interest on the Offered Bonds; (c) the delivery or timeliness of delivery by DTC of any notice to any Direct Participant or the delivery or timeliness of delivery by any Direct or Indirect Participant of any notice to any Beneficial Owner which is required or permitted under the terms of the Indenture to be given to owners of the Offered Bonds; (d) the selection of the Beneficial Owners to receive payments in the event of any partial redemption of the Offered Bonds; or (e) any consent given or other action taken by DTC, or its nominee, Cede & Co., as registered owner. The Beneficial Owners of the Offered Bonds will rely on Direct and Indirect Participants for timely payments and other notices and for otherwise making available to the Beneficial Owner the rights of a Bondholder. No assurances can be provided that, in the event of bankruptcy or insolvency of DTC or a Direct or Indirect Participant through which a Beneficial Owner holds beneficial interests in the Offered Bonds, payment will be made by DTC or the Direct or Indirect Participant on a timely basis.

Redemption Provisions

The Offered Bonds are subject to redemption as described herein. Selection of the Offered Bonds for redemption shall be made as described below under the subheading "Selection of Bonds To Be Redeemed." The Fixed Rate Offered Bonds maturing on September 1, 2033 are herein referred to as the "**2033 Fixed Rate Term Bonds**." The Fixed Rate Offered Bonds maturing on September 1, 2035 are herein referred to as the "**2035 Fixed Rate Term Bonds**." The Fixed Rate Offered Bonds maturing on September 1, 2048 are herein referred to as the "**2048 Fixed Rate Term Bonds**" or the "**PAC Bonds**," and together with the 2033 Fixed Rate Term Bonds and 2035 Term Bonds, the "**2018 Fixed Rate Term Bonds**."

Optional Redemption. The Fixed Rate Offered Bonds, maturing on or after September 1, 2027, except the PAC Bonds, are redeemable at the option of NIFA, from any source and in whole or in part, on any date on and after March 1, 2027 at a price equal to 100% of the principal amount called for redemption, plus accrued interest thereon to the date of redemption.

The PAC Bonds are redeemable at the option of NIFA, from any source and in whole or in part, on any date on and after March 1, 2027 at the redemption prices provided below, plus accrued interest thereon to the date of redemption:

Redemption Date	Redemption Price
March 1, 2027	101.121%
September 1, 2027	100.830
March 1, 2028	100.686
September 1, 2028 and thereafter	100.000

If the PAC Bonds are redeemed on a date other than a redemption date listed above, the redemption price, as of such redemption date, will be determined by straight-line interpolation between the redemption prices for the redemption dates listed above immediately preceding and succeeding such redemption date.

The Variable Rate Offered Bonds in the Weekly Mode Period are redeemable at the option of NIFA, from any source and in whole or in part, on any date at a price equal to 100% of the principal amount called for redemption, plus accrued interest thereon to the date of redemption.

In the case of any optional redemption of Offered Bonds, NIFA shall give written notice to the Trustee of its election or direction so to redeem, of the redemption date and of the principal amounts of the Offered Bonds of each maturity to be redeemed, which maturities and principal amounts thereof to be redeemed shall be determined by NIFA in its sole discretion.

Redemption Due to Unused Proceeds. The Offered Bonds are subject to redemption prior to maturity on any date on or prior to September 1, 2021 (unless extended to the extent permitted under the Indenture) in whole or in part, at a Redemption Price equal to 100% of their principal amount plus accrued interest thereon to the date of redemption, without premium (except for the redemption of any Offered Bonds sold with original issue premium, which are to be redeemed at the price set forth on the inside cover page hereto), from and to the extent that Offered Bond proceeds and other moneys initially deposited in the Series 2018 A/B Mortgage Loan Fund Account have not been used to finance Mortgage Loans, to purchase Mortgage-Backed Securities or are otherwise transferred by NIFA to the Series 2018 A/B Issuance Expense Account or the Series 2018 A/B Revenue Fund Account.

NIFA expects to use approximately \$15,000,000 of the Offered Bonds proceeds initially deposited into the Series 2018 A/B Mortgage Loan Fund Account to purchase Series 2018 A/B Mortgage-Backed Securities on or around the date of delivery of the Offered Bonds. NIFA expects to use substantially all of the remainder of the amounts in the Series 2018 A/B Mortgage Loan Fund Account (excluding any moneys initially deposited therein to refund the Refunded Prior Series Bonds) to purchase Series 2018 A/B Mortgage-Backed Securities on or before October 1, 2018. See Appendix D-1—“SUMMARY OF THE PROGRAM FINANCED WITH THE BONDS – Ongoing NIFA Single Family Program” attached hereto.

The principal amount of any 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be, redeemed pursuant to the redemption provisions described under “—*Optional Redemption*,” “—*Redemption Due to Unused Proceeds*,” “—*Redemption From Prepayments and Excess Moneys*,” “—*Redemption of the PAC Bonds*,” and “—*Ten-Year Rule’ Redemptions*” shall be applied to reduce each respective Sinking Fund Installment for the respective 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be (such determination to be made by NIFA no later than the date for which notice of the sinking fund redemption shall be given), by the amount obtained by multiplying the aggregate principal amount of the 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be, that has been or will be so redeemed by the ratio which such respective Sinking Fund Installment bears to the total remaining Sinking Fund Installments for such 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be. Notwithstanding the foregoing, the Sinking Fund Installments for the 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be, may be reduced in such other manner as directed by NIFA, in accordance with the most recent Cash Flow Statement.

On or before the thirty-first day, but no earlier than 33 days prior to the due date of any Sinking Fund Installment, the Trustee shall select and call for redemption such 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be, subject to redemption from the respective Sinking Fund Installments in accordance with the terms of the Indenture. On or before the thirty-third day prior to the due date of any Sinking Fund Installment, the Trustee, if directed by a certificate of an Authorized Officer, shall apply moneys accumulated in the Debt Service Fund to the purchase of the 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be, subject to redemption from the respective Sinking Fund Installments, subject, however, to the provisions of the Indenture with respect to special mandatory redemption. The amount of such 2018 Fixed Rate Term Bonds or Variable Rate Offered Bonds, as the case may be, so purchased will be credited against such Sinking

Fund Installment as described in the immediately preceding paragraph (see “THE INDENTURE—Debt Service Fund” herein).

Redemption from Prepayments and Excess Moneys. The Offered Bonds are subject to redemption prior to maturity, in whole or in part, at the principal amount thereof plus accrued interest thereon to the date of redemption, on any date, from and to the extent there are moneys in the Revenue Fund or the Redemption Fund from (a) moneys representing Prepayments corresponding to any Series of Bonds (including any Mortgage Loans and Mortgage-Backed Securities acquired, purchased or financed with the proceeds of such Bonds) deposited in the Revenue Fund or the Redemption Fund (including amounts representing Prepayments not used to finance Mortgage Loans and transferred from any Recycling Subaccount of the Mortgage Loan Fund) and (b) excess Revenues derived from or corresponding to any Series of Bonds (including any Mortgage Loans and Mortgage-Backed Securities acquired, purchased or financed with the proceeds of such Bonds) transferred from the Revenue Fund or from any Recycling Subaccount of the Mortgage Loan Fund, including moneys transferred from the Debt Service Reserve Fund and the Mortgage Reserve Fund which are in excess of the Debt Service Reserve Requirement and Mortgage Reserve Fund Requirement, respectively.

Prepayments and excess Revenues include those derived by NIFA from the Offered Bonds and all other Series of Bonds (including any Mortgage Loans and Mortgage-Backed Securities acquired, purchased or financed with the proceeds of such Bonds, regardless of whether such Bonds remain outstanding), to the extent not prohibited by the applicable Supplemental Indenture. Such redemption of Bonds may be other than pro rata if so directed by NIFA, provided that the PAC Bonds may not be redeemed in an amount which would result in a reduction in the amount of such Bonds outstanding below the respective Applicable Amounts for each semiannual period unless otherwise required pursuant to federal tax laws (see “—‘Ten-Year Rule’ Redemptions” below). Prepayments relating to the Series 2018 A/B Mortgage-Backed Securities (including the Refunded Series Mortgage-Backed Securities designated as Series 2018 A/B Mortgage-Backed Securities) and any Series 2018 A/B Mortgage Loans constitute the “**Series 2018 A/B Prepayments.**” The Series 2018 A/B Supplemental Indenture provides that (i) Series 2018 A/B Prepayments and excess Revenues derived by NIFA with respect to the Offered Bonds may be used, at the direction of NIFA, to redeem any Bonds, including Bonds other than the Offered Bonds; (ii) reductions in the Debt Service Reserve Fund or the Mortgage Reserve Fund may be used, at the direction of NIFA, to redeem any Bonds, including the Offered Bonds and (iii) amounts described in (i) and (ii) may, at the direction of NIFA and under certain circumstances, be used to acquire additional Mortgage Loans and Mortgage-Backed Securities. NIFA may further direct that excess Revenues be credited to the Collateral Fund and applied as described herein. See “SECURITY FOR THE BONDS—Collateral Fund” herein and “THE INDENTURE—Revenue Fund” and “—Collateral Fund” herein.

Redemption of the PAC Bonds. The PAC Bonds are subject to mandatory redemption from, and to the extent received, Directed Series 2018 A/B Principal Payments. “**Directed Series 2018 A/B Principal Payments**” means, with respect to any redemption date, all principal payments and Prepayments from Series 2018 A/B Mortgage-Backed Securities (which includes the Refunded Series Mortgage-Backed Securities) and Series 2018 A/B Mortgage Loans (which do not include Community Program Loans) less the sum of the principal amount of any Offered Bonds scheduled to mature or subject to sinking fund redemption on such redemption date (or, if no such Offered Bonds are scheduled to mature or are subject to sinking fund redemption on such redemption date, a pro rata portion of the next subsequent scheduled maturity amount or Sinking Fund Payment amount of such Offered Bonds). PAC Bonds shall be redeemed on one or more days during each semiannual period ending on March 1 or September 1, commencing with the period ending September 1, 2018,* at a redemption price equal to 100% of the principal amount thereof plus accrued interest to the redemption date to the extent that, after giving effect to such redemption, the aggregate principal amount of the PAC Bonds outstanding on such redemption date is not less than the related Applicable Amount of such PAC Bonds as set forth below (the “**PAC Bonds Applicable Amount**”). If the Directed Series 2018 A/B Principal Payments are insufficient in any semiannual period to call the PAC Bonds in the amount described above, the PAC Bonds will continue to be callable in future semiannual periods from Directed Series 2018 A/B Principal Payments received in such future semiannual period in the same manner as described above. If there are excess Directed Series 2018 A/B Principal Payments with respect to any semiannual period, such excess may be applied to any authorized purpose under the Indenture, including the redemption of other Bonds as described under “—Redemption From Prepayments and Excess Moneys” above.

* The first such semiannual period being less than six months.

The PAC Bonds Applicable Amount as of each Interest Payment Date following redemption of the PAC Bonds is as follows:

PAC Bonds Applicable Amount			
Period Ending	Applicable Amount	Period Ending	Applicable Amount
March 28, 2018	\$29,405,000	September 1, 2023	\$11,155,000

March 1, 2019	28,470,000	September 1, 2024	7,945,000
September 1, 2019	27,230,000	March 1, 2025	6,515,000

September 1, 2022	14,845,000	March 1, 2028	215,000
March 1, 2023	12,940,000	September 1, 2028	-0-

The PAC Bonds Applicable Amount table set forth above is derived from assumptions that include, among other assumptions, the expected origination schedule for the Series 2018 A/B Mortgage Loans, the receipt of Directed Series 2018 A/B Prepayments, at 100% of the latest SIFMA mortgage prepayment model. The SIFMA prepayment standard or model (commonly referred to as the “**PSA Prepayment Model**”) is based on an assumed rate of mortgage loan prepayments each month. The PSA Prepayment Model assumes an increasingly large percentage of the mortgages prepaying each month for the first thirty (30) months of the mortgages’ life and thereafter assumes a constant prepayment rate of six percent (6%) per annum of the unpaid principal balance for the remaining life of the mortgages.

If the PAC Bonds are redeemed from unexpended proceeds of the Offered Bonds remaining in the Series 2018 A/B Mortgage Loan Fund Account, the Applicable Amounts for each semiannual period will be reduced on a proportionate basis. NIFA may redeem the PAC Bonds from any available amounts in the Funds and Accounts of the Indenture other than Directed Series 2018 A/B Principal Payments solely to the extent that such redemption will not reduce the outstanding principal amount of the PAC Bonds to an amount less than the Applicable Amounts shown in the table above after taking all such redemptions into account, unless otherwise required by federal tax laws (see “—‘*Ten-Year Rule*’ Redemptions” below), as such amount may have been adjusted due to a redemption of the PAC Bonds from unexpended proceeds. If the PAC Bonds are redeemed on a date other than a scheduled sinking fund redemption date, the Applicable Amounts as of such redemption date will be determined by straight-line interpolation between the Applicable Amounts for the Interest Payment Dates immediately preceding and succeeding such redemption date.

“Ten-Year Rule” Redemptions. To comply with federal tax law, as more fully described under “BONDHOLDER CONSIDERATIONS—Redemption and Prepayment Considerations” herein, with respect to the Series 2018 A/B Mortgage-Backed Securities and Series 2018 A/B Mortgage Loans (not including the Refunded Series Mortgage-Backed Securities) expected to be acquired with the proceeds of the Offered Bonds, the following cumulative percentage of scheduled principal payments and Prepayments on the Series 2018 A/B Mortgage-Backed Securities and Series 2018 A/B Mortgage Loans (not including the Refunded Series Mortgage-Backed Securities) received on or after the following dates is required to be applied no later than the close of the first semiannual period beginning after the date of receipt to the retirement of the Offered Bonds through payment thereof at maturity or redemption:

Start Date	End Date	Percent
March 28, 2018	March 27, 2028	0.00%
March 28, 2028	Final Maturity	100.00

NIFA may redeem the Offered Bonds in amounts greater than such percentages from available amounts in the Funds and Accounts of the Indenture under the circumstances more fully described above.

To comply with federal tax law, as more fully described under “BONDHOLDER CONSIDERATIONS—Redemption and Prepayment Considerations” herein, with respect to the approximately \$18,760,000 as of February 28, 2018 of Refunded Series Mortgage-Backed Securities expected to be designated as Series 2018 A/B Mortgage-Backed Securities and credited to the Series 2018 A/B Mortgage Loan Fund Account in connection with the issuance of the Offered Bonds and the refunding and redemption of the Refunded Prior Series Bonds, the following cumulative percentage of scheduled principal payments and Prepayments on the Refunded Series Mortgage-Backed Securities received on or after the following dates is required to be applied no later than the close of the first semiannual period beginning after the date of receipt to the retirement of the Offered Bonds through payment thereof at maturity or redemption:

Start Date	End Date	Percent
March 28, 2018	May 28, 2018	92.58%
May 29, 2018	Final Maturity	100.00

NIFA may redeem the Offered Bonds in amounts greater than such percentages from available amounts in the Funds and Accounts of the Indenture under the circumstances more fully described above.

All “Ten-Year Rule” redemptions from principal payments and Prepayments with respect to the Series 2018 A/B Mortgage-Backed Securities and Series 2018 A/B Mortgage Loans shall be applied by NIFA to redeem the Offered Bonds as directed by NIFA. To the extent that NIFA applies “Ten-Year Rule” redemptions from principal payments and Prepayments described above, such redemptions shall be applied to redeem the PAC Bonds, below the applicable PAC Bonds Applicable Amount, but only to the extent that no other Fixed Rate Offered Bonds are outstanding.

Projected Weighted Average Lives of the PAC Bonds. The “projected weighted average life” of a security refers to the average amount of time that is projected to elapse from the date of delivery of such security to the date of projected payment to the investor of each dollar paid to reduce the principal of such security (assuming no losses). The projected weighted average life of a security is determined by (a) multiplying each projected reduction, if any, of the outstanding amount of such security by the number of years from the date of delivery of such security to the related redemption date or maturity date, (b) adding the results and (c) dividing the sum by the initial outstanding amount of such security.

The calculations of each of the projected weighted average lives of the PAC Bonds set forth in the PAC Bonds Projected Average Life (in years) table (the “**PAC Bonds Average Life Table**”) as set forth below requires the making of certain hypothetical assumptions, including, among others, the following:

(a) The Series 2018 A/B Mortgage-Backed Securities and the Refunded Series Mortgage-Backed Securities prepay at the corresponding rates set forth on the PAC Bonds Average Life Table.

(b) The Series 2018 A/B Mortgage-Backed Securities and the Series 2018 A/B Mortgage Loans (excluding the Refunded Series Mortgage-Backed Securities) will consist of approximately \$74,320,000 of Mortgage-Backed Securities, are expected to bear a weighted average pass through interest rate of approximately 3.222%, are expected to have a weighted average maturity of approximately January 24, 2048 and are expected to be acquired with proceeds of the Offered Bonds on or before October 1, 2018.

(c) The Refunded Series Mortgage-Backed Securities to be credited to the Series 2018 A/B Mortgage Loan Fund Account on or about March 28, 2018 in connection with the issuance of the Offered Bonds will consist of approximately \$18,760,000 of Mortgage-Backed Securities, will bear a weighted average pass through interest rate of approximately 3.599% and will have a weighted average maturity of approximately May 28, 2040.

(d) Directed Series 2018 A/B Principal Payments will be applied at least once during each semiannual period to redeem the PAC Bonds up to the then applicable PAC Bonds Applicable Amount.

(e) “Ten-Year” Rule Redemptions will be applied *first*, to redeem the PAC Bonds up to the then applicable PAC Bonds Applicable Amount, *second* to redeem the 2018 Series A Bonds or the 2018

Series B Bonds, other than the PAC Bonds, *third* to redeem the 2018 Series B Bonds, and *fourth*, to redeem the remaining PAC Bonds.

The foregoing hypothetical assumptions summarized above are referred to herein collectively as the “**Average Life Assumptions.**”

The actual characteristics and the performance of the Series 2018 A/B Mortgage-Backed Securities will differ from the Average Life Assumptions utilized in constructing the PAC Bonds Average Life Table, which assumptions are hypothetical in nature and are provided only to give a general sense of how the weighted average lives of the PAC Bonds might vary as such prepayment speeds vary. For example, the actual rate of prepayment of all Series 2018 A/B Mortgage-Backed Securities (including Refunded Series Mortgage-Backed Securities) and Series 2018 A/B Mortgage Loans can be expected to differ from the Average Life Assumptions. NIFA does not expect that the Series 2018 A/B Mortgage-Backed Securities will prepay actually and consistently in conformance with any of the prepayment assumptions represented in the scenarios set forth in the PAC Bonds Average Life Table. Any difference between such Average Life Assumptions and the actual characteristics and performance of the Mortgage-Backed Securities will cause the actual weighted average lives of the PAC Bonds to differ (which difference could be significant) from the projected weighted average lives in the PAC Bonds Average Life Table. The Average Life Assumptions are not necessarily consistent with the current or historical approach of NIFA to recycling and selecting Bonds to be redeemed, and they are not binding upon or necessarily indicative of future actions of NIFA with respect to the redemption of the Offered Bonds (provided that NIFA has covenanted in the Series 2018 A/B Supplemental Indenture to use certain amounts received by NIFA to redeem the PAC Bonds). NIFA makes no representation as to the reasonableness of the Average Life Assumptions and makes no representation that the hypothetical projected average lives set forth in the PAC Bonds Average Life Table will reflect the actual course of events.

The computation of the weighted average lives of the PAC Bonds under each of the scenarios represented in the PAC Bonds Average Life Table is based on one of two sets of indicated assumptions about the exercise of the Optional Redemption provisions pursuant to the Series 2018 A/B Supplemental Indenture:

- (a) In the case of scenarios labeled “Optional Call Exercised,” it is assumed that NIFA will exercise its right to optionally redeem all then-eligible Offered Bonds on March 1, 2027.
- (b) In the case of scenarios labeled “Optional Call Not Exercised,” it is assumed that NIFA will not exercise its right to optionally redeem the Offered Bonds.

Investors owning less than all of the PAC Bonds may experience redemption at a rate that varies from the projected weighted average lives shown in the PAC Bonds Average Life Table.

PAC Bonds Projected Average Life (in years)

% PSA Prepayment Model 2018 A/B Mortgage-Backed Securities	Optional Call Not Exercised	Optional Call Exercised
0	23.5	8.8
25	17.2	7.8
50	11.7	6.8
75	7.2	5.9
100	5.0	4.9
200	5.0	4.9
300	5.0	4.9
400	5.0	4.9
500	5.4	4.9

See the Table set forth in “APPENDIX D-5 – PROJECTED PERCENTAGES OF INITIAL PRINCIPAL BALANCE OUTSTANDING AND PROJECTED WEIGHTED AVERAGE LIVES OF PAC BONDS” attached hereto.

Selection of Bonds to Be Redeemed. If Offered Bonds are to be redeemed in part pursuant to the redemption described above under “—Redemption Due to Unused Proceeds,” “—Redemption From Prepayments

and Excess Moneys,” “—Redemption of the PAC Bonds,” or “— ‘Ten-Year Rule’ Redemptions,” the aggregate principal amount of the Offered Bonds to be redeemed shall be selected and redeemed in Authorized Denominations and on such basis to be determined and effectuated as nearly as practicable by multiplying the total amount of money available to redeem Offered Bonds by the ratio which the principal amount of Offered Bonds outstanding in each maturity bears to the aggregate amount of all Outstanding Offered Bonds, provided that such Offered Bonds to be redeemed may be selected by NIFA in its sole and absolute discretion in accordance with the most recent Cash Flow Statement.

If any Offered Bonds of like maturity are to be redeemed in part, the Offered Bonds shall be redeemed only in Authorized Denominations. If any maturity shall be redeemed in part, such portion shall be selected by lot. For so long as beneficial ownership interests in the Offered Bonds are available only in book-entry form, redemption shall be made in accordance with DTC’s practices. See “THE OFFERED BONDS—Book-Entry-Only System” herein.

If any Variable Rate Offered Bonds in the Weekly Mode Period are to be redeemed in part, such Variable Rate Offered Bonds which are Bank-Bonds shall be selected for redemption prior to other Variable Rate Offered Bonds in the Weekly Mode Period.

Notice of Redemption. Notice of the redemption of Offered Bonds shall specify the Offered Bonds or portions thereof to be redeemed, the redemption date and the redemption price thereof, and shall be given by mail (and/or other arrangement acceptable to DTC) to DTC at least 30 days (or such shorter period as may be acceptable to the then registered owner of the Offered Bonds) but no more than 60 days prior to such redemption date (see “THE OFFERED BONDS—Book-Entry-Only System” herein). Failure to give such notice by mail with respect to any Bond shall not be a condition precedent to or affect the validity of any proceeding for the redemption of other Bonds. All Bonds called for redemption will cease to bear interest on the specified redemption date, provided funds for their redemption are on deposit at the place of payment at that time, and will no longer be protected by the Indenture and will not be deemed to be Outstanding under the provisions of the Indenture.

Tenders for Purchase in Lieu of Redemption

NIFA may direct its agent or agents to solicit tenders for the purchase of Offered Bonds subject to redemption under any of the foregoing provisions. The purchase price of any such Offered Bond, if paid from amounts held under the Indenture, may not exceed the applicable redemption price. Any such purchase must be completed prior to the time notice would be otherwise given to redeem the Offered Bonds. The Offered Bonds so purchased shall be cancelled and the principal amount so purchased shall be applied as a credit against the applicable principal amount of the Offered Bonds to be otherwise redeemed.

Description of the Variable Rate Offered Bonds

See Appendix J for the definitions of certain capitalized terms with respect to the Variable Rate Offered Bonds. Reference is also made to the inside cover page regarding the Variable Rate Offered Bonds in the Weekly Mode Period for a brief description of certain of the terms used below.

REFERENCES TO THE VARIABLE RATE OFFERED BONDS IN THIS OFFICIAL STATEMENT PERTAIN ONLY TO VARIABLE RATE OFFERED BONDS IN THE WEEKLY MODE PERIOD. THIS OFFICIAL STATEMENT IS NOT INTENDED TO DESCRIBE THE VARIABLE RATE OFFERED BONDS SUBSEQUENT TO NIFA’S ELECTION, IF ANY, TO CHANGE TO A MODE PERIOD OTHER THAN A WEEKLY MODE PERIOD OR TO CONVERT THE INTEREST THEREON TO LONG-TERM FIXED INTEREST RATES.

Interest on the Variable Rate Offered Bonds in the Weekly Mode Period. The Variable Rate Offered Bonds shall initially bear interest during the Weekly Mode Period at a rate to be determined on the day prior to the Date of Delivery. Thereafter, the Variable Rate Offered Bonds during the Weekly Mode Period shall bear interest during each seven day period (an “**Effective Rate Period**”), commencing on each Wednesday (an “**Effective Rate Date**”), at the rate (the “**Weekly Rate**”) determined by the Remarketing Agent on the Business Day (typically a Tuesday) preceding the Effective Rate Date (the “**Rate Determination Date**”) for the new Effective Rate Period (except for the Variable Rate Offered Bonds that are held by the Standby Purchaser (“**Bank-Owned Bonds**”) which, in accordance with the Initial Liquidity Facility, shall bear interest at the Bank Interest Rate, which may be as high

as 25% per annum (the “**Bank Interest Rate**”). In no event shall the interest rate borne by such Variable Rate Offered Bonds (other than the Bank-Owned Bonds) exceed 15% per annum (the “**Maximum Rate**”).

The Weekly Rate shall be determined as of each Rate Determination Date to be effective as of the Effective Rate Date. The Weekly Rate shall be that rate which, in the determination of the Remarketing Agent, would result as nearly as practicable in the price of the Variable Rate Offered Bonds on the Effective Rate Date being 100% of the principal amount thereof, and which shall not exceed the Maximum Rate.

In determining the Weekly Rate, the Remarketing Agent shall take into account to the extent applicable (a) market interest rates for comparable securities held by tax-exempt or taxable (as applicable) open-end municipal bond funds or other institutional or private investors with substantial portfolios (i) with interest rate adjustment periods and demand purchase options substantially identical to the Variable Rate Offered Bonds, (ii) bearing interest at a variable rate intended to maintain par value and (iii) rated by a national credit rating agency in the same category as the Variable Rate Offered Bonds; (b) other financial market rates and indices that may have a bearing on the Weekly Rate (including, but not limited to, rates borne by commercial paper, Treasury Bills, commercial bank prime rates, certificate of deposit rates, federal fund rates, the London Interbank Offered Rate (LIBOR), the SIFMA Index, indices maintained by *The Bond Buyer* and other publicly available tax-exempt or taxable (as applicable) interest rate indices); (c) general financial market conditions; and (d) factors particular to NIFA and the Variable Rate Offered Bonds in the Weekly Mode.

The determination by the Remarketing Agent of the Weekly Rate to be borne by the Variable Rate Offered Bonds (other than Bank-Owned Bonds, which, in accordance with the Initial Liquidity Facility, shall bear interest at the Bank Interest Rate) shall be conclusive and binding on the Holders of such Variable Rate Offered Bonds and the other Notice Parties. Failure by the Remarketing Agent or the Trustee to give any notice required under the Series 2018 A/B Supplemental Indenture, or any defect in such notice, shall not affect the interest rate borne by the Variable Rate Offered Bonds or the rights of the Holders thereof.

If for any reason the position of Remarketing Agent is vacant or the Remarketing Agent fails to act, the Variable Rate Offered Bonds shall automatically bear interest in a weekly mode with the interest rate reset on a weekly basis at the lesser of (i) 110% of the SIFMA Index, or if the SIFMA Index is no longer available, 85% of the interest rate on 30-day high-grade unsecured commercial paper notes sold through dealers by major corporations as reported in *The Wall Street Journal* (or, if no longer published, a national publication containing similar data) on the day such Weekly Rate would otherwise be determined or (ii) the Maximum Rate.

Mode Changes. NIFA may elect (1) to change the intervals at which the interest rate is calculated with respect to all or part of the Variable Rate Offered Bonds (each such change is a “**Mode Change**” with respect to the Variable Rate Offered Bonds to which such Mode Change applies, and the date on which each such Mode Change is effective is a “**Mode Change Date**”), (2) to establish with respect to all or part of the Variable Rate Offered Bonds a Term Mode, during the period of which Term Mode (the “**Term Mode Period**”) the interest rate or rates remain at one or more fixed rates during the Term Mode (each such change is a “**Term Mode Change**” with respect to the Variable Rate Offered Bonds to which such Term Mode Change applies, and the date on which each such Term Mode Change is effective is a “**Term Mode Change Date**”) or (3) to convert all or part of the Variable Rate Offered Bonds to bear interest at fixed rates to their maturity (with respect to the Variable Rate Offered Bonds to which such conversion to a fixed rate applies, a “**Conversion**,” and the date on which such a Conversion is effective is a “**Conversion Date**”). NIFA will provide notice of a Mode Change, a Term Mode Change, or a Conversion, not less than 21 days before the applicable Mode Change Date or Term Mode Change Date and not less than 30 days before the applicable Conversion Date, to the Remarketing Agent, the Trustee, the Standby Purchaser and the Tender Agent. The Trustee will provide notice of a Mode Change, a Term Mode Change or a Conversion to DTC not less than 15 days before the applicable Mode Change Date, Term Mode Change Date or Conversion Date. On each Mode Change Date, Term Mode Change Date or Conversion Date, the Variable Rate Offered Bonds to which such Mode Change, Term Mode Change Date or Conversion applies will be subject to mandatory tender for purchase as described below.

THIS OFFICIAL STATEMENT IS NOT INTENDED TO DESCRIBE THE VARIABLE RATE OFFERED BONDS IN A MODE PERIOD OTHER THAN THE WEEKLY MODE PERIOD OR SUBSEQUENT TO THEIR CONVERSION, IF ANY, TO A LONG-TERM FIXED INTEREST RATE.

Optional Tender. Holders of Variable Rate Offered Bonds in the Weekly Mode may elect to tender their Variable Rate Offered Bonds, which, if so tendered upon delivery of a proper Tender Notice, will be purchased on

the purchase date specified in the Tender Notice at a price equal to 100% of the principal amount thereof plus accrued interest to such purchase date. Such notice shall be given by the Holder of such Variable Rate Offered Bonds in the Weekly Mode to the Remarketing Agent and the Tender Agent not later than 5:00 p.m. New York City time on any Business Day at least seven calendar days prior to the purchase date set forth in the Tender Notice, which date shall be any Business Day (the “**Variable Rate Bond Purchase Date**”). Notices of tender to the Tender Agent must be in writing and addressed to Wells Fargo Bank, National Association, as Tender Agent for Nebraska Investment Finance Authority Single Family Housing Revenue Bonds, 2018 Series B, 600 South 4th Street, 6th Floor, MAC: N9300-060, Minneapolis, Minnesota 55415. Such Tender Notice for purchase of Variable Rate Offered Bonds in the Weekly Mode by the Holders thereof will be irrevocable once such notice is given to the Tender Agent, as directed in the Series 2018 A/B Supplemental Indenture.

Mandatory Tender. The Variable Rate Offered Bonds are subject to mandatory tender for purchase with no right to retain (i) on a Mode Change Date, (ii) upon an Expiration Tender, (iii) upon a Termination Tender, (iv) upon a Default Tender, (v) on a Conversion Date, or (vi) upon an Election Tender (each a “**Mandatory Tender Date**”), in each case at a purchase price equal to 100% of the principal amount thereof plus accrued interest to such Mandatory Tender Date. A Mandatory Tender includes the delivery of an Alternate Liquidity Facility in substitution for the Initial Liquidity Facility or the Liquidity Facility then in effect. Upon any such event, the Trustee promptly shall deliver a notice of mandatory tender to Holders stating the reason for the mandatory tender, the Mandatory Tender Date and that all Holders of Variable Rate Offered Bonds subject to such mandatory tender shall be deemed to have tendered their Variable Rate Offered Bonds upon such date. The Trustee shall give notice to the Holders of such Variable Rate Offered Bonds at least 15 days prior to any Mandatory Tender Date. See Appendix K—“CERTAIN TERMS OF THE INITIAL LIQUIDITY FACILITY.”

On each Variable Rate Bond Purchase Date or Mandatory Tender Date, the Remarketing Agent shall use its best efforts as described herein to sell the tendered Variable Rate Offered Bonds at a price as nearly as practicable at 100% of the principal amount thereof. If the Remarketing Agent is unable to remarket the Variable Rate Offered Bonds so tendered, the Standby Purchaser will purchase such Variable Rate Offered Bonds in accordance with the Initial Liquidity Facility. See “THE OFFERED BONDS—Description of the Variable Rate Offered Bonds” and Appendix K—“CERTAIN TERMS OF THE INITIAL LIQUIDITY FACILITY.”

Establishment of the Series 2018 A/B Purchase Fund. The Series 2018 A/B Supplemental Indenture establishes the Series 2018 A/B Purchase Fund and within such fund the Remarketing Proceeds Account, the Liquidity Facility Purchase Account, and the NIFA Proceeds Purchase Account.

Proceeds of a remarketing of Variable Rate Offered Bonds received by the Trustee are deposited in the Remarketing Proceeds Account for application to the purchase price of the Variable Rate Offered Bonds subject to Optional Tender or Mandatory Tender, as applicable.

Upon receipt of any funds drawn on the Initial Liquidity Facility, such moneys are deposited into the Liquidity Facility Purchase Account for application to the purchase price of the Variable Rate Offered Bonds subject to Optional Tender or Mandatory Tender, as applicable, to the extent that moneys on deposit in the Remarketing Proceeds Account are not sufficient.

At its discretion, NIFA may deposit amounts in the NIFA Proceeds Purchase Account to be used by the Trustee on any Mandatory Tender Date resulting from a Mode Change to pay the purchase price of any Variable Rate Offered Bonds during a Term Mode Period.

Amounts held in the Series 2018 A/B Purchase Fund, including the Remarketing Proceeds Account, the Liquidity Facility Purchase Account and the NIFA Proceeds Purchase Account, are held uninvested and separate and apart from all other funds and accounts established by the Indenture.

NIFA Not Responsible for Standby Purchaser’s Failure To Purchase Variable Rate Offered Bonds. Under the terms and provisions of the Remarketing Agreement and the Initial Liquidity Facility, the purchase price of the tendered Variable Rate Offered Bonds will be payable from moneys furnished in connection with remarketing of the Variable Rate Offered Bonds or from the Initial Liquidity Facility. See Appendix K—“CERTAIN TERMS OF THE INITIAL LIQUIDITY FACILITY.” *NIFA is not responsible for any failure by the Standby Purchaser to purchase tendered Variable Rate Offered Bonds.* Under the terms of the Initial Liquidity Facility, the Standby Purchaser has no obligation to purchase tendered Variable Rate Offered Bonds rated lower than “BBB-” by S&P. If the Standby Purchaser fails to purchase any Variable Rate Offered Bonds tendered or deemed tendered for purchase

by the Holders thereof because the Variable Rate Offered Bonds are rated lower than “BBB-” by S&P, such Variable Rate Offered Bonds shall automatically bear interest at the Maximum Rate. Bondholders will not have the right to tender their Variable Rate Offered Bonds following such event and may be required to hold their Variable Rate Offered Bonds to their respective maturities or prior redemption. The failure to purchase any tendered Variable Rate Offered Bond does *not* constitute an Event of Default under the Indenture.

Termination of Book-Entry. This paragraph is applicable only if the book-entry system has been discontinued and replacement bonds have been issued or if DTC has exercised its option to surrender and exchange its Variable Rate Offered Bond certificates. Any Variable Rate Offered Bond in the Weekly Mode Period not tendered and delivered to the Tender Agent on or prior to any optional tender date or its Mandatory Tender Date (“**Untendered Variable Rate Bonds**”) for which there have been irrevocably deposited in trust with the Trustee the purchase price equal to the principal amount of such Variable Rate Offered Bonds plus accrued interest shall be deemed to have been tendered and purchased on such optional tender date or Mandatory Tender Date. Holders of Untendered Variable Rate Bonds shall not be entitled to any payment (including any interest to accrue on or after the optional tender date or Mandatory Tender Date) other than the principal amount of such Untendered Variable Rate Bonds, plus accrued interest to the day preceding the optional tender date or Mandatory Tender Date, and said Holders shall no longer be entitled to the benefits of the Indenture, except for the purpose of payment of the purchase price. Bond certificates will be issued in place of Untendered Variable Rate Bonds pursuant to the Indenture and, after the issuance of the replacement Variable Rate Offered Bond certificates, such Untendered Variable Rate Bonds will be deemed purchased, canceled and no longer Outstanding under the Indenture.

Information Concerning Sales of Variable Rate Offered Bonds by Remarketing Agent

The information contained under this heading “Information Concerning Sales of Variable Rate Offered Bonds by Remarketing Agent” has been provided by J.P. Morgan Securities LLC, as the initial Remarketing Agent for the Variable Rate Offered Bonds (the “Remarketing Agent”) for use in this Official Statement but has not been required by NIFA to be included herein. Except to the extent such information describes express provisions of the Indenture or other transaction documents, NIFA does not accept any responsibility for its accuracy or completeness.

The Remarketing Agent is Paid by NIFA. The Remarketing Agent’s responsibilities include determining the interest rate from time to time and remarketing the Variable Rate Offered Bonds that are optionally or mandatorily tendered by the owners thereof (subject, in each case, to the terms of the Remarketing Agreement). The Remarketing Agent is appointed by NIFA and is paid by NIFA for its services. As a result, the interests of the Remarketing Agent may differ from those of existing holders and potential purchasers of the Variable Rate Offered Bonds.

The Remarketing Agent Routinely Purchases Bonds for Its Own Account. The Remarketing Agent acts as remarketing agent for a variety of variable rate demand obligations and, in its sole discretion, routinely purchases such obligations for its own account in order to achieve a successful remarketing of such obligations (i.e., because there are otherwise not enough buyers to purchase the obligations) or for other reasons. The Remarketing Agent is permitted, but not obligated, to purchase tendered Variable Rate Offered Bonds for its own account and, if it does so, it may cease doing so at any time without notice. The Remarketing Agent is also permitted, but is not obligated, to make a market in the Variable Rate Offered Bonds by routinely purchasing and selling the Variable Rate Offered Bonds other than in connection with an optional or mandatory tender and remarketing. Such purchases and sales may be at prices other than par. If the Remarketing Agent purchases any Variable Rate Offered Bonds for its own account, it may offer such Variable Rate Offered Bonds at less than par to some investors. The Remarketing Agent may also sell any Variable Rate Offered Bonds it has purchased to one or more affiliated investment vehicles for collective ownership or enter into derivative arrangements with affiliates or others in order to reduce its exposure to the Variable Rate Offered Bonds. The purchase of Variable Rate Offered Bonds by the Remarketing Agent may create the appearance that there is greater third party demand for the Variable Rate Offered Bonds in the market than is actually the case. The practices described above also may result in fewer Variable Rate Offered Bonds being tendered in a remarketing.

Variable Rate Offered Bonds May Be Offered at Different Prices on Any Date Including a Rate Determination Date. Pursuant to the Remarketing Agreement, the Remarketing Agent is required to determine the applicable rate of interest that, in its judgment, is the lowest rate that would permit the sale of the Variable Rate Offered Bonds bearing interest at the applicable interest rate at par plus accrued interest, if any, on and as of the Rate Determination Date. The interest rate will reflect, among other factors, the level of market demand for the Variable

Rate Offered Bonds (including whether the Remarketing Agent is willing to purchase Variable Rate Offered Bonds for its own account). There may or may not be Variable Rate Offered Bonds tendered and remarketed on a Rate Determination Date; the Remarketing Agent may or may not be able to remarket any Variable Rate Offered Bonds tendered for purchase on such date at par; and the Remarketing Agent may sell Variable Rate Offered Bonds at varying prices to different investors on such date or any other date. The Remarketing Agent is not obligated to advise purchasers in a remarketing if it does not have third party buyers for all of the Variable Rate Offered Bonds at the remarketing price. If a Remarketing Agent owns any Variable Rate Offered Bonds for its own account, it may, in its sole discretion in a secondary market transaction outside the tender process, offer such Variable Rate Offered Bonds on any date, including the Rate Determination Date, at a discount to par to some investors.

The Ability To Sell Variable Rate Offered Bonds Other Than Through the Tender Process May Be Limited. The Remarketing Agent may buy and sell the Variable Rate Offered Bonds other than through the tender process. However, it is not obligated to do so and may cease doing so at any time without notice and may require holders that wish to tender their Variable Rate Offered Bonds to do so through the Tender Agent with appropriate notice. Thus, investors who purchase the Variable Rate Offered Bonds, whether in a remarketing or otherwise, should not assume that they will be able to sell their Variable Rate Offered Bonds other than by tendering the Variable Rate Offered Bonds in accordance with the tender process.

The Remarketing Agent May Be Removed, Resign or Cease Remarketing the Variable Rate Offered Bonds, Without a Successor Being Named. Under certain circumstances the Remarketing Agent may be removed or may resign or cease its remarketing efforts, without a successor having been named, subject to the terms of the Remarketing Agreement.

Open Market Purchase of Bonds

From time to time, NIFA may purchase and cancel its Bonds, including its fixed rate Bonds offered in the open market at prices deemed favorable by NIFA, as permitted by the Indenture. If NIFA determines to solicit the purchase of any such Bonds, it may or may not do so pursuant to a further notice to the holders of such Bonds.

SECURITY FOR THE BONDS

Pledge of the Indenture

All Bonds are equally secured under the Indenture. The Bonds are limited obligations of NIFA, payable solely out of Revenues derived from the operation of the Program and other amounts pledged therefor pursuant to the Indenture. The mortgage loans purchased (or financed through the purchase of certain mortgage-backed securities) with proceeds of the Other Single Family Programs and the funds and accounts which secure the bonds issued thereunder are *not* pledged and are not available to meet any payment requirements of the Bonds. NIFA has no taxing power. THE BONDS DO NOT CONSTITUTE A DEBT, LIABILITY OR GENERAL OBLIGATION OF THE STATE OR ANY POLITICAL SUBDIVISION THEREOF OR PLEDGE OF THE FAITH AND CREDIT OF THE STATE OR ANY POLITICAL SUBDIVISION THEREOF.

Pursuant to the Indenture, NIFA grants to the Trustee a pledge of and security interest in the following as security for the Bonds:

(a) All right, title and interest, if any, of NIFA in and to the Program Agreements (as defined in the Indenture), including all extensions and renewals of their terms, if any, including, but without limiting the generality of the foregoing, the present and continuing right to make claim for, collect, receive and receipt for any income, revenues, receipts, issues, profits, insurance proceeds and other sums of money payable to or receivable by NIFA under the Program Agreements, whether payable pursuant thereto or otherwise, to bring actions and proceedings under the Program Agreements or for the enforcement thereof, and to do any and all things which NIFA is or may become entitled to do thereunder;

(b) All right, title and interest of NIFA in and to the Mortgage Loans and related Mortgages and the Mortgage-Backed Securities, including, but without limiting the generality of the foregoing, the present and continuing right to make claim for, collect, receive and receipt for any income, revenues, receipts, issues and profits and other sums of money payable or receivable by NIFA under the Mortgage Loans and the Mortgage-Backed Securities, whether payable pursuant to the Mortgage Loans, the Mortgage-Backed Securities or otherwise, to bring actions and proceedings under the Mortgage Loans and

the Mortgage-Backed Securities or for the enforcement thereof, and to do any and all things which NIFA is or may become entitled to do under the Mortgage Loans and the Mortgage-Backed Securities, all, however, subject to any limitations with respect thereto specified in the related Supplemental Indenture; and

(c) All moneys and securities, including Bond proceeds (other than proceeds deposited in trust for the retirement of outstanding Bonds, including the Refunded Prior Series Bonds) and Revenues from time to time held by the Trustee under and subject to the terms of the General Indenture or any Supplemental Indenture (except Service Fees, Escrow Payments and Excess Nonmortgage Earnings) and any and all other real or personal property of every name and nature from time to time by delivery or by writing of any kind conveyed, mortgaged, pledged, assigned or transferred as and for additional security under the Indenture by NIFA, or by anyone in its behalf or with its written consent, to the Trustee which is authorized to receive any and all such property at any and all times and to hold and apply the same subject to the terms of the Indenture.

When certain terms and conditions are fulfilled as provided in the Indenture, amounts may be released free and clear of the lien of the Indenture. See “THE INDENTURE—Revenue Fund,” “—Operating Fund” and “—Release of Amounts Free of Lien of Indenture” herein.

Pursuant to Section 58-258 of the NIFA Act, any pledge made by the Authority, such as those made in the Indenture and described herein, is valid and binding from the time the pledge is made. The revenue, money, or properties so pledged and thereafter received by the Authority are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether the parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created, including the Indenture, need be recorded.

Mortgage Loans; Mortgage-Backed Securities

Under the Program, NIFA is permitted to acquire, purchase or finance Mortgage Loans and to enter into commitments to so finance Mortgage Loans made by qualified Participants to Mortgagors for owner-occupied, one- to four-unit residences. Subject to certain limited exceptions, each Mortgage Loan acquired, purchased or financed by NIFA must have been made for the purpose of purchasing or, under certain conditions, improving or rehabilitating the property subject to the related Mortgage, if any. Mortgage Loans may be FHA-insured, VA-guaranteed, USDA/RD-guaranteed, HUD-guaranteed or Conventional Mortgage Loans or insured by Private Mortgage Insurance, or uninsured, as specified in the Series Program Determinations in the corresponding Supplemental Indenture. Such Series Program Determinations shall provide for insurance requirements, if any, on the Mortgage Loans which shall not adversely affect the Rating Quality of the Bonds. Depending on the Series Program Determinations governing the funds available in the applicable Series Mortgage Loan Account, the Mortgage Loans may (but are not required to) be secured by a valid first or second mortgage on a Residence financed by such Mortgage Loan (or may be unsecured), may or may not be insured or guaranteed, and may include Mortgage Loans with varying terms to maturity greater than or less than 30 years, Mortgage Loans that are well below market rates or non-interest-bearing and Mortgage Loans, such as Community Program Loans, rehabilitation or home improvement loans, that may or may not be secured by first lien mortgages. Each Mortgage Loan (other than Community Program Loans) is made substantially in accordance with the underwriting policies of the Participant and of the Program as determined from time to time. As provided in the Series Program Determinations governing the funds available in the applicable Series Mortgage Loan Account, at the time of acquisition by NIFA (or the Trustee) the Mortgage-Backed Securities must have been issued by or guaranteed as to payment of principal and interest by GNMA, Fannie Mae, FHLMC or any other agency or instrumentality of or chartered by the United States which has similar powers (or such other entity designated and approved by NIFA as will not adversely affect the Rating Quality of the Bonds).

NIFA anticipates that proceeds of the Offered Bonds, together with other amounts, if any, initially deposited in the Series 2018 A/B Mortgage Loan Fund Account, will be made available to hold and carry, acquire, purchase, finance and refinance GNMA Securities, Fannie Mae Securities and FHLMC Securities satisfying the Series Program Determinations with respect to the Offered Bonds. Subject to the limitations set forth in the Indenture, NIFA may modify the initial Series Program Determinations to finance Community Program Loans and other Mortgage Loans and Mortgage-Backed Securities not meeting such initial determinations so long as financing such loans and securities does not adversely affect the Rating Quality of the Bonds. Payments of principal and interest on Community Program Loans and other loans and securities financed with amounts available in the

Mortgage Loan Fund (including any recycling subaccount therein) are pledged to the repayment of the Bonds but are not expected to be needed (nor are they included in any Cash Flow Statement) to pay any portion of the principal of or interest on the Bonds. Investors are advised to look only to receipts from Mortgage Loans (other than Community Program Loans) and Mortgage-Backed Securities for repayment of the Bonds.

Debt Service Reserve Fund

The Indenture establishes a Debt Service Reserve Fund with respect to the Bonds. The Debt Service Reserve Requirement for the Debt Service Reserve Fund is, as of any particular date of calculation, the aggregate of the amounts specified, if any, as the Debt Service Reserve Requirement in each Supplemental Indenture. NIFA does not anticipate that a deposit will be made into the Debt Service Reserve Fund in connection with the issuance of the Offered Bonds. Upon the issuance of the Offered Bonds, the Debt Service Reserve Fund is expected to have funds on deposit therein in an amount that is at least equal to the Debt Service Reserve Requirement with respect to the Prior Series Bonds. See “THE INDENTURE—Debt Service Reserve Fund” herein.

Mortgage Reserve Fund

The Indenture establishes a Mortgage Reserve Fund with respect to the Bonds. The Mortgage Reserve Fund Requirement for the Mortgage Reserve Fund is, as of any particular date of calculation, the aggregate of the amounts specified, if any, as the Mortgage Reserve Fund Requirement in each Supplemental Indenture. NIFA does not anticipate that a deposit will be made into the Mortgage Reserve Fund in connection with the issuance of the Offered Bonds. Upon the issuance of the Offered Bonds, the Mortgage Reserve Fund is expected to have funds on deposit therein in an amount that is at least equal to the Mortgage Reserve Fund Requirement with respect to the Prior Series Bonds. See “THE INDENTURE—Mortgage Reserve Fund” herein.

Collateral Fund

The Indenture establishes a Collateral Fund with respect to the Bonds. See “THE INDENTURE—Collateral Fund” herein. NIFA may cause to be deposited into the Collateral Fund, from time to time, such cash, securities, mortgage loans or other property (the “**Collateral Securities**”) as directed by NIFA. Collateral Securities may include excess Revenues and funds payable to NIFA under the Indenture, including, but not limited to, all or a portion of any operating fee or supplemental operating fee payable to NIFA with respect to any liquidity facility, remarketing agreement or interest rate swap agreement. Collateral Securities may also include amounts receivable by NIFA under contracts with third parties, including, but not limited to, any interest rate swap agreement entered into with any swap counterparty or interest rate cap agreement entered into with any cap counterparty which NIFA directs be deposited in the Collateral Fund.

NIFA MAY DEPOSIT CERTAIN SUPPLEMENTAL OPERATING FEES WITH RESPECT TO THE OFFERED BONDS AND THE PRIOR SERIES BONDS INTO THE COLLATERAL FUND BUT SUCH FEES ARE NOT EXPECTED TO BE APPLIED TO PAY PRINCIPAL OF OR INTEREST ON THE BONDS.

Any moneys held in the Collateral Fund may be invested or reinvested in such securities, mortgage loans or other investments as may be directed by an Authorized Officer, which may include Permitted Investments, Mortgage Loans or Mortgage-Backed Securities, but are not restricted thereto unless otherwise provided in a Supplemental Indenture and may include obligations representing assistance to finance down payment and closing costs for qualified homebuyers (the “**HBA Assistance**”). NIFA may credit certain obligations representing HBA Assistance (some of which are 0% interest home buyer assistance subordinate lien mortgages financed with funds other than proceeds of Bonds) into the Collateral Fund. Any interest or income earned with respect to any said Collateral Securities (including obligations evidencing HBA Assistance, if any) shall likewise be retained in the Collateral Fund or, at the direction of NIFA, released to NIFA, except as otherwise provided in the Indenture as then supplemented by all supplemental indentures in effect.

If on any date payments are required to be made from the Revenue Fund to pay principal of or interest on the Bonds, to replenish the Debt Service Reserve Fund or to make any transfer to the Operating Fund, and there are not sufficient funds in the Revenue Fund to make such payments, the Trustee shall withdraw (after withdrawing any necessary and available amounts on deposit in (a) any capitalized interest account established pursuant to a Supplemental Indenture, (b) the Redemption Fund, to the extent available therein, (c) the Mortgage Loan Fund, to the extent of Prepayments or excess Revenues available therein, (d) the Debt Service Reserve Fund and (e) the

Mortgage Reserve Fund) from the Collateral Fund and transfer to the Revenue Fund such amounts as are necessary to provide sufficient funds for the required transfers from the Revenue Fund.

Under the terms of the Series 2018 A/B Supplemental Indenture, NIFA may direct the Trustee to transfer certain amounts deposited in the Collateral Fund to the Revenue Fund to pay interest on the Offered Bonds and to apply certain amounts on deposit in the Collateral Fund in satisfaction of payments due to a swap counterparty pursuant to the terms of an interest rate swap agreement.

At any time, at the direction of an Authorized Officer, the Trustee shall withdraw from the Collateral Fund and pay to NIFA, free and clear of the lien of the Indenture, such Collateral Securities (including any obligations evidencing HBA Assistance) as shall be specified therein, including any interest or income earned thereon, unless otherwise restricted by a Supplemental Indenture. NIFA may, but is not required to, direct payments to be made to the Swap Counterparty, as necessary, with Collateral Securities otherwise available to be released to NIFA, free and clear of the lien of the Indenture.

THERE IS NO GUARANTEE THAT PROCEEDS, IF ANY, WITH RESPECT TO OBLIGATIONS EVIDENCING ANY HBA ASSISTANCE AND/OR ANY AMOUNTS DEPOSITED INTO OR CREDITED TO THE COLLATERAL FUND WILL BE AVAILABLE TO PAY PRINCIPAL OF OR INTEREST ON THE BONDS.

Cash Flow Statements

NIFA is required to file with the Trustee a current Cash Flow Statement (a) prior to or concurrent with any issuance or remarketing (e.g., in connection with an adjustment of the interest rate thereon) by NIFA of any Series of Bonds; (b) on any March 1, if a Cash Flow Statement has not been filed within the prior year or such longer period as NIFA shall adopt, provided that the adoption of such period shall not, in and of itself, adversely affect the Rating Quality on the Bonds; (c) upon purchase or redemption of Bonds in a manner other than as contemplated in the most recent Cash Flow Statement; (d) prior to withdrawing any amounts from the Revenue Fund as described in paragraph *Third* of the description of the Revenue Fund under the heading “THE INDENTURE—Revenue Fund;” (e) prior to transferring amounts to the Mortgage Loan Fund from the Revenue Fund to finance Mortgage Loans or Mortgage-Backed Securities in excess of the amounts contemplated in the most recent Cash Flow Statement to be so transferred, or prior to applying amounts previously transferred to the Mortgage Loan Fund to finance, purchase or acquire Mortgage Loans or Mortgage-Backed Securities on terms materially different from those assumed in the most recent Cash Flow Statement; (f) prior to releasing from the lien of the Indenture Mortgage Loans (other than Community Program Loans) or Mortgage-Backed Securities credited to the Mortgage Loan Fund or upon a disposition of Mortgage Loans or Mortgage-Backed Securities except as otherwise permitted in the Indenture; and (g) in order to extend any Delivery Period as set forth in the related Supplemental Indenture, which Cash Flow Statement shall provide evidence for the affected Series of Bonds for which an extension is desired on a stand-alone basis. In addition, at any time NIFA may file a Cash Flow Statement with the Trustee at its option. In lieu of filing a Cash Flow Statement, a Cash Flow Certificate certifying that the action to be taken is consistent with the assumptions as set forth in the latest filed Cash Flow Statement may be filed in order to take the actions described in clauses (d) and (f).

A Cash Flow Statement consists of a statement of an Authorized Officer of NIFA giving effect to the action proposed to be taken and demonstrating in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding that amounts then expected to be on deposit in the Funds and Accounts maintained under the Indenture in each such Bond Year will be at least equal to all amounts required by the Indenture to be on deposit in such Funds and Accounts for the payment of the principal and Redemption Price of and interest on the Bonds, for the payment of any Operating Fees and for the funding of the Debt Service Reserve Fund to its requirement, *except* that (i) to the extent specified in a Supplemental Indenture, a Fund or Account established in said Supplemental Indenture shall not be taken into account when preparing such Cash Flow Statement; (ii) earnings on and deposits in the Mortgage Reserve Fund shall not be taken into account; and (iii) amounts credited to the Collateral Fund shall not be taken into account unless directed by NIFA and upon the written consent of the Rating Agency. The Cash Flow Statement is required to set forth the assumptions upon which the estimates therein are based, which assumptions are required to be based upon NIFA’s reasonable expectations at the time such Cash Flow Statement is filed and is required to contain similar assumptions and cash flow assumptions as required by the Rating Agency (unless otherwise waived by the Rating Agency) in the most recent Cash Flow Statement filed by NIFA with the Trustee, together with any additional cash flow assumptions required by the Rating Agency. Upon filing a Cash Flow Statement with the Trustee, NIFA is required to administer the Program and perform its

obligations under the Indenture in accordance, in all material respects, with the assumptions set forth in such Cash Flow Statement. Except with respect to actions being taken contemporaneously with the delivery of a Cash Flow Statement, facts reflected in a Cash Flow Statement may be as of a date or reasonably adjusted to a date not more than 180 days prior to the date of delivery of such statement.

If any Cash Flow Statement shows a deficiency in any Fiscal Year in the amount of moneys expected to be available for the purposes described in the Indenture during such Fiscal Year, NIFA shall not be in default under the Indenture but shall take all reasonable actions consistent with the Indenture to eliminate such deficiency. NIFA is then precluded from taking the actions described or referenced in clauses (a), (c), (d), (e) and (f) above if the Cash Flow Statement on file with the Trustee shows that the taking of such action would cause a deficiency to occur or would increase any existing deficiency.

Except as necessary to dispose of defaulted Mortgage Loans or to comply with tax covenants or Program requirements, if the Cash Flow Statement delivered in connection with any redemption of Bonds or sale of Mortgage Loans or Mortgage-Backed Securities at a price below par does not project Revenues sufficient to pay Expenses and debt service on the Bonds when due in each Bond Year, an Authorized Officer must certify to the Trustee that the projected deficiency in each Bond Year is less than it would have been if all or a portion of the amounts transferred or used had been applied to the purchase of Mortgage Loans or Mortgage-Backed Securities or invested in Permitted Investments on terms then available.

2018 Series A/B Cash Flow Statement

As a condition to the issuance of the Offered Bonds, NIFA will provide the Trustee with a Cash Flow Statement in the form required by the Indenture. cfX Incorporated, New York, New York (“cfX”) will provide NIFA with the supporting cash flows based upon information in the Cash Flow Statement to be attached to the Cash Flow Statement in connection with the Offered Bonds. Subsequent Cash Flow Statements will be delivered in connection with the remarketing of any Offered Bonds. See “QUANTITATIVE CONSULTANT” herein for information regarding the engagement of cfX by NIFA.

Additional Bonds

The General Indenture provides that NIFA may issue obligations and create additional indebtedness secured by an equal charge or lien on the Funds and Accounts, Mortgage Loans, Mortgage-Backed Securities and other pledged property and which will be payable from any of the foregoing pursuant to the conditions set forth in the General Indenture. Any Bonds so issued (including the Offered Bonds) may be issued only upon compliance with the conditions set forth in the General Indenture. Any additional bonds issued under the General Indenture will be on a parity with the outstanding Bonds issued under the General Indenture and will be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the General Indenture. See “THE INDENTURE—Provisions for Issuance of Bonds” herein. NIFA may, however, issue evidences of indebtedness (a) secured by a pledge of Revenues that may be released from the lien of the Indenture or (b) not issued under the Indenture.

CASH FLOW ASSUMPTIONS

The ability of NIFA to pay the principal of and the interest on the Bonds depends upon the receipt of sufficient payments of principal and interest on the Mortgage Loans (other than Community Program Loans) and the Mortgage-Backed Securities financed with the proceeds of the Bonds, the investment or reinvestment of moneys held pursuant to the Indenture and other amounts available pursuant to the Indenture. While no assurance can be given that actual events will correspond to the assumptions described herein, it is anticipated, based upon the following assumptions as well as certain assumptions relating to the issuance of the Prior Series Bonds and the availability of amounts expected to be available pursuant to the Indenture, among others, that such sources will be sufficient to pay on a timely basis the principal and interest on the Bonds, as well as any Program fees and expenses:

- (a) The Master Servicer shall receive a monthly Service Fee (to be deducted from payments on the Mortgage Loans (other than Community Program Loans)) equal to one-twelfth of not more than the sum of (i) 0.25% (or such other percentage or amount as agreed to by NIFA) of the principal amount outstanding of such Mortgage Loans serviced by the Master Servicer and (ii) 0.50% in the case of GNMA Securities and a weighted average rate not greater than 0.70% in the case of Fannie Mae Securities, in each

case as a percentage of the principal amount of Mortgage Loans supporting and represented by Mortgage-Backed Securities (or such other percentage as agreed to by NIFA).

(b) (i) The Trustee shall purchase approximately \$28,294,000 in principal amount of GNMA Securities at a weighted average purchase price equal to approximately 100.50% of the principal amount thereof and approximately \$46,026,000 in principal amount of Fannie Mae Securities at a weighted average purchase price equal to approximately 101.17% of the principal amount thereof.

(ii) In connection with the issuance and delivery of the Offered Bonds, the Refunded Series Mortgage-Backed Securities in a principal amount of approximately \$18,760,000 will be credited to the Series 2018 A/B Mortgage Loan Fund Account upon issuance of the Offered Bonds.

(iii) While pledged as security for the Bonds, and available for the redemption of Bonds, the receipt of principal of and interest on the Community Program Loans is not assumed in any Cash Flow Statement.

(c) With respect to the Offered Bonds, Operating Fees to NIFA (including Trustee and any paying agent fees and the fee payable to the provider of the Initial Liquidity Facility and any substitute therefore, the fee to the Remarketing Agent and any replacement therefore and certain other amounts described below) shall not exceed (on a semiannual basis except as provided below):

(i) $\frac{1}{2}$ (or such fraction as applicable to the initial amount prorated for the period ending September 1, 2018) of 0.10% of the outstanding principal amount of Series 2018 A/B Mortgage Loans (other than Community Program Loans) or Series 2018 A/B Mortgage-Backed Securities; and

(ii) $\frac{1}{2}$ (or such fraction as applicable to the initial amount prorated for the period ending September 1, 2018) of 0.03% of the outstanding principal amount of the Offered Bonds; and

(iii) $\frac{1}{2}$ (or such fraction as applicable to the initial amount prorated for the period ending September 1, 2018) of up to 0.395% of the outstanding principal amount of the Variable Rate Offered Bonds (calculated and payable on a semiannual basis) for so long as NIFA shall have obligations with respect to any Liquidity Facility and the Remarketing Agreement, provided that the fee described in this clause (iii) may be increased or decreased at the direction of NIFA accompanied by written confirmation of the Rating Quality of the Offered Bonds specifically, but not exclusively, in connection with the delivery of an Alternate Liquidity Facility, if any; and

(iv) until the expiration of each Existing Swap Agreement related to the Variable Rate Offered Bonds (or as otherwise directed by NIFA), a supplemental Operating Fee (calculated and payable on a semiannual basis commencing September 1, 2018) not to exceed (on a semiannual basis) an amount, if positive, equal to the following calculation: [for each semiannual period, $\frac{1}{2}$ (or such fraction as applicable to the initial amount prorated for the period ending September 1, 2018) of the agreed-upon fixed rate of the Existing Swap Agreements minus the sum of the weighted average of the Index Rate plus the applicable percentage for the Interest Period then ending] times [the aggregate of the Outstanding Notional Amounts corresponding to such Interest Period then ending to be established under the terms of the Series 2018 A/B Supplemental Indenture corresponding to such date] (the portion of the Operating Fee described in this clause (iv) constituting the “Series B Operating Fee,” provided that the Series B Operating Fee may be increased or decreased at the direction of NIFA accompanied by written confirmation of the Rating Quality of the Offered Bonds). See Appendix H—“LIQUIDITY FACILITIES AND INTEREST RATE SWAP AGREEMENTS—Interest Rate Swap Agreements” for the Outstanding Notional Amounts, Fixed Rate Paid by NIFA and the Index Rate and Additional Percentage received by NIFA with respect to the Existing Swap Agreements as of December 31, 2017.

(d) The Mortgage Loans (other than Community Program Loans) and the Mortgage-Backed Securities acquired, purchased and financed with the proceeds made available by the issuance of each

Series of Bonds and with funds available in any Recycling Subaccount will satisfy the corresponding Series Program Determinations (see “THE PROGRAM—General” herein), provided that NIFA has reserved the right to modify such Series Program Determinations to the extent such modifications do not adversely affect the Rating Quality of the Bonds.

(e) The amounts held in the Funds and Accounts with respect to the Bonds are assumed to be invested in Permitted Investments. See “BONDHOLDER CONSIDERATIONS – Investment of Funds” below.

(f) Series 2018 A/B Prepayments shall be applied, as set forth in the Indenture, to the redemption of the Offered Bonds as described under the caption “THE OFFERED BONDS—Redemption Provisions” above.

(g) Certain Series 2018 A/B Prepayments and excess Revenues (including Scheduled Principal Payments) relating to the Offered Bonds may (to the extent not required to redeem Bonds and to the extent permitted by applicable tax laws) be transferred to a Series 2018 A/B Recycling Subaccount to purchase additional Mortgage Loans and/or Mortgage-Backed Securities (provided NIFA files a Cash Flow Certificate and a Cash Flow Statement evidencing that sufficient amounts will be available to pay the debt service on the Bonds when due or upon earlier redemption). Mortgage Loans and Mortgage-Backed Securities purchased with amounts on deposit in any Series 2018 A/B Recycling Subaccount will satisfy such Series Program Determinations to be established by NIFA from time to time which do not adversely affect the Rating Quality of the Bonds.

(h) The Series 2018 A/B Mortgage-Backed Securities (excluding the Refunded Series Mortgage-Backed Securities) are assumed to represent the following:

Type	Par	Pass Through Weighted Average Rate	Mortgage Loan Weighted Average Coupon	Weighted Average Maturity
GNMA	\$28,294,000	3.233%	3.733%	February 1, 2048
Fannie Mae	46,026,000	3.215	3.915	January 19, 2048
Total/Average	74,320,000	3.222	3.846	January 24, 2048

(i) The Refunded Series Mortgage-Backed Securities to be credited to the Series 2018 A/B Mortgage Loan Fund Account are assumed to represent the following:

Type	Par	Pass Through Weighted Average Rate	Mortgage Loan Weighted Average Coupon	Weighted Average Maturity
GNMA	\$13,620,000	3.294%	3.794%	December 7, 2040
Fannie Mae	5,140,000	4.409	4.952	January 3, 2039
Total/Average	18,760,000	3.599	4.111	May 28, 2040

BONDHOLDER CONSIDERATIONS

General

There are certain considerations that should be taken into account by purchasers of the Offered Bonds. The following, while not intended to be exhaustive of all that a particular purchaser of the Offered Bonds should consider, is a description of several of those considerations.

Special Considerations Relative to the Origination and Prepayment of Mortgage Loans

The dollar amount that FHA, VA and USDA/RD can insure or guarantee in any federal fiscal year is limited by statute and administrative procedures. If an appropriation act is not passed in any federal fiscal year or if FHA, VA or USDA/RD reach the limits of their authority, or change their respective programs, the Participants might not be able to originate Mortgage Loans in the anticipated principal amount or with funds available in any Recycling Subaccount. Through legislative action by the United States Congress, changes in regulations by HUD or executive action, the fees and standards for participation in FHA insurance programs may change. Pursuant to legislative or executive action, current federal housing programs, including home mortgage insurance and/or guarantees, may be substantially modified or eliminated. If such changes occur, the ability of NIFA to apply amounts on deposit in the Series 2018 A/B Mortgage Loan Fund Account to the purchase of Mortgage-Backed Securities or Mortgage Loans meeting the Series Program Determinations established at the time of delivery of the Offered Bonds may be affected. However, pursuant to NIFA's ongoing Program, Mortgage Loans have been originated and Mortgage-Backed Securities have been purchased by NIFA in anticipation of issuing the Offered Bonds, and the principal amount of such Mortgage Loans and Mortgage-Backed Securities are available at NIFA's direction to be financed with proceeds of the Fixed Rate Offered Bonds to be deposited in the Series 2018 A/B Mortgage Loan Fund Account. See Appendix D-1—"SUMMARY OF THE PROGRAM FINANCED WITH THE BONDS—Ongoing NIFA Single Family Program" attached hereto.

As provided in the various supplemental indentures, a portion of the funds deposited in the respective Series Mortgage Loan Accounts (and Recycling Subaccounts) related to the Prior Series Bonds have been used at the direction of NIFA, and may continue to be used, to finance Mortgage Loans which may or may not be insured by FHA or guaranteed by VA or USDA/RD or Conventional Mortgage Loans, which may or may not be guaranteed or insured by Private Mortgage Insurance or other insurance, and which have and may continue to include Mortgage Loans with varying terms to maturity of less than 30 years, Mortgage Loans that are well below market rates or non-interest-bearing Mortgage Loans, such as rehabilitation or home improvement loans, that may or may not be secured by first lien mortgages and Mortgage-Backed Securities that are not issued or guaranteed by GNMA, Fannie Mae or FHLMC and do not otherwise meet the initial Series Program Determinations.

As of December 31, 2017, Community Program Loans in the aggregate principal amount of \$16,520,444 were outstanding and had been credited to various Mortgage Loan Accounts relating to particular Prior Series Bonds. NIFA has reserved the right to apply amounts on deposit in certain Funds and Accounts under the Indenture to finance additional Community Program Loans.

NIFA reserves the right in the Series 2018 A/B Supplemental Indenture to modify the Series Program Determinations in order to apply funds in the Series 2018 A/B Recycling Subaccount to finance, to the extent permitted by applicable tax laws, additional Community Program Loans which do not meet the initial Series Program Determinations and Mortgage-Backed Securities which are not issued or guaranteed by GNMA, Fannie Mae or FHLMC and do not otherwise meet the initial Series Program Determinations, so long as financing such Mortgage Loans and Mortgage-Backed Securities does not adversely affect the Rating Quality of the Bonds.

It is not possible to predict the effect of legislative, regulatory or executive action, if any, on the ability of NIFA to purchase Mortgage Loans or Mortgage-Backed Securities or to predict the determinations to be made by NIFA, in its discretion (consistent with maintaining the Rating Quality of the Bonds), with respect to purchasing Mortgage Loans and Mortgage-Backed Securities.

To facilitate the operation of the Program, from time to time, NIFA uses certain of its general operating funds to purchase Mortgage-Backed Securities in anticipation of the issuance of bonds. In addition, NIFA entered into an agreement (the "**Warehouse Agreement**") with the Federal Home Loan Bank of Topeka pursuant to which NIFA is able to borrow funds from the Federal Home Loan Bank of Topeka in order to finance Mortgage-Backed Securities in anticipation of the issuance of bonds. See Appendix D-1—"SUMMARY OF THE PROGRAM FINANCED WITH THE BONDS—Ongoing NIFA Single Family Program" attached hereto. NIFA expects that approximately \$15,000,000 of the amount initially deposited in the Series 2018 A/B Mortgage Loan Fund Account will be used to acquire Mortgage-Backed Securities on or about the date of delivery of the Offered Bonds. NIFA expects to use substantially all of the remainder of the amounts in the Series 2018 A/B Mortgage Loan Fund Account (excluding any moneys initially deposited therein to refund the Refunded Prior Series Bonds) to purchase Series 2018 A/B Mortgage-Backed Securities on or before October 1, 2018. NIFA is not obligated to use the proceeds of the Bonds or Other Bonds in any particular order and, depending upon the respective mortgage loan

interest rates, NIFA may elect, from time to time, to use proceeds of particular Series of Bonds or Other Bonds to the exclusion of other Series of Bonds and Other Bonds. Failure to originate Mortgage Loans in amounts contemplated in connection with the issuance of each Series of Bonds and Other Bonds may result in redemption of such Series of Bonds and Other Bonds, in whole or in part. See “THE OFFERED BONDS – Redemption Provisions – *Redemption Due to Unused Proceeds*” herein.

It is anticipated that one or more Mortgage Loans will be partially or completely prepaid or terminated prior to their respective final maturities as a result of events such as sale of the related Residence, default, condemnation or casualty loss or noncompliance with the Program. Because of the inherent uncertainty of historical basis with respect to prepayments of Mortgage Loans of a type similar to the Mortgage Loans described herein and the requirements under both the NIFA Act and the Code that, in the event of an assignment, the Mortgage Loan is to be accelerated when an assignee does not qualify under their respective provisions, there is no reliable basis for predicting the actual average life of the Mortgage Loans. Prepayment of a number of Mortgage Loans, however, is anticipated.

Assumptions of Mortgage Loans are permitted provided the assumption meets the requirements relating thereto, including compliance by the transferee with income, occupancy and acquisition cost restrictions, if and to the extent applicable. Assumptions are also subject to compliance with any mortgage insurance and Fannie Mae or Freddie Mac guidelines.

In accordance with the terms of the Series 2018 A/B Supplemental Indenture, NIFA may elect to transfer any Series 2018 A/B Prepayments to a Series 2018 A/B Recycling Subaccount (and has made such transfers, with respect to certain Prior Series Bonds Prepayments) to purchase, finance or acquire additional Mortgage Loans or Mortgage-Backed Securities, so long as purchasing, financing or acquiring such additional Mortgage Loans or Mortgage-Backed Securities does not adversely affect the Rating Quality of the Bonds and NIFA files a Cash Flow Certificate and a Cash Flow Statement evidencing that sufficient amounts will be available to pay the debt service on the Bonds when due or upon earlier redemption. To the extent possible and economically feasible, and to the extent permitted by applicable tax laws, NIFA may also direct that certain excess Revenues (including certain Scheduled Principal Payments) relating to the Offered Bonds and Revenues representing excess interest with respect to the Refunded Series Mortgage-Backed Securities be transferred to the Series 2018 A/B Recycling Subaccount to purchase, finance or acquire Mortgage Loans (or portions thereof) or Mortgage-Backed Securities in accordance with Series Program Determinations to be established at the time (which, in the case of funds made available from a Series 2018 A/B Recycling Subaccount, may include Mortgage Loans made at below-market interest rates and Mortgage Loans which may or may not be secured by a first mortgage lien on the residence) so long as purchasing, financing or acquiring such additional Mortgage Loans or Mortgage-Backed Securities does not adversely affect the Rating Quality of the Bonds. NIFA may be unable to, or may determine not to, recycle such amounts to purchase, finance or acquire Mortgage-Backed Securities or Mortgage Loans; in such event such Prepayments and excess Revenues will be used to pay the principal and/or the redemption price of the Offered Bonds and interest thereon. See “BONDHOLDER CONSIDERATIONS – Redemption and Prepayment Considerations” herein.

Series 2018 A/B Prepayments (including Refunded Series Prepayments) and Scheduled Principal Payments received by the Trustee with respect to the Series 2018 A/B Mortgage-Backed Securities, the Series 2018 A/B Mortgage Loans and excess Revenues, if not required to redeem the PAC Bonds or otherwise directed to the Series 2018 A/B Recycling Subaccount, may be applied to the payment or redemption of the Offered Bonds as described under “THE OFFERED BONDS—Redemption Provisions” herein. It is expected that some portion of the Offered Bonds will be redeemed prior to their respective stated maturities.

Each Participant’s competition in making real estate loans in the State normally comes primarily from other savings banks, commercial banks and other mortgage bankers in the area. One of the principal factors in competing for real estate loans is the interest rate charged. Prevailing interest rates for residential mortgages in the State can increase or decrease at any time.

The General Indenture provides for recycling prepayments on the underlying Mortgage-Backed Securities and Mortgage Loans. NIFA may (and currently intends to if permitted by law) issue additional bonds (which may or may not be issued pursuant to the Indenture), which may finance mortgages at interest rates below the rates provided for Mortgage Loans to be financed with proceeds made available upon the issuance of the Offered Bonds. Any Offered Bond proceeds and other funds initially deposited in the Series 2018 A/B Mortgage Loan Fund Account which are not used to refund the Refunded Prior Series Bonds or purchase Series 2018 A/B Mortgage-Backed Securities (or otherwise finance Mortgage Loans or Mortgage-Backed Securities that are not

issued or guaranteed by GNMA, Fannie Mae or FHLMC if, and to the extent, authorized) are required to be used to redeem an appropriate portion of the Offered Bonds. See “THE OFFERED BONDS—Redemption Provisions” herein and Appendix D-1—“SUMMARY OF THE PROGRAM FINANCED WITH THE BONDS” attached hereto.

In addition, NIFA may, at some future date and to the extent provided by law, provide funds through other programs for the refinancing of Mortgage Loans purchased, acquired or financed with proceeds of the Bonds. If Mortgage Loans are so refinanced and paid in full, such payments would be treated as Prepayments on the Mortgage Loans, resulting in an early redemption of the Bonds. See “THE OFFERED BONDS—Redemption Provisions” herein.

Redemption and Prepayment Considerations

PREPAYMENTS MADE WITH RESPECT TO MORTGAGE LOANS (INCLUDING COMMUNITY PROGRAM LOANS) AND MORTGAGE-BACKED SECURITIES WHICH ARE NOT APPLIED TO PURCHASE ADDITIONAL MORTGAGE LOANS AND MORTGAGE-BACKED SECURITIES, TOGETHER WITH CERTAIN OTHER EXCESS REVENUES (INCLUDING CERTAIN SCHEDULED PRINCIPAL PAYMENTS) AND OTHER AMOUNTS THAT ARE AVAILABLE UNDER THE INDENTURE, MAY RESULT IN THE REDEMPTION OF SOME PORTION OF THE OFFERED BONDS AT PAR EARLIER THAN THEIR RESPECTIVE STATED MATURITIES.

The yield to the holders of Offered Bonds purchased at a discount or premium may be affected by the actual rate of principal payments (including principal prepayments) on the Mortgage Loans to the extent such payments affect principal payments on the Mortgage-Backed Securities. A lower rate of principal prepayments than expected on the Mortgage-Backed Securities would negatively affect the yield on the Offered Bonds sold at a discount. A higher rate of principal prepayments than expected on the Mortgage-Backed Securities would negatively affect the yield of Offered Bonds sold at a premium. Because it is impossible to predict with any accuracy the timing and dollar amount of principal prepayments on the Mortgage-Backed Securities that will be made, investors may find it difficult to analyze the effect of prepayments on the yield on the Offered Bonds.

In accordance with the Program, and subject to any agreements with respect to the redemption of certain Bonds, NIFA expects to continue to review the amount of Prepayments received and excess Revenues on deposit under the Indenture and expects to use such amounts to finance additional Mortgage Loans and Mortgage-Backed Securities when consistent with its Program goals and objectives.

Pursuant to the terms of the Indenture, and if so permitted by the respective Supplemental Indentures, NIFA may designate Revenues, including certain Prepayments, excess moneys and earnings on the Debt Service Reserve Fund and the Mortgage Reserve Fund, for transfer to the Revenue Fund and thereafter a Recycling Subaccount of the Mortgage Loan Fund to purchase, finance or acquire additional Mortgage Loans and/or Mortgage-Backed Securities or to the Redemption Fund for application to the redemption of Bonds. The excess moneys will include earnings and excess moneys on all of the Funds and Accounts under the Indenture related to any Series of Bonds (other than the Collateral Fund, except as otherwise provided in a Supplemental Indenture), including moneys transferred from the Debt Service Reserve Fund and the Mortgage Reserve Fund which are in excess of the Debt Service Reserve Requirement and the Mortgage Reserve Fund Requirement, respectively.

Pursuant to the terms of the Series 2018 A/B Supplemental Indenture, NIFA has agreed to direct a portion of certain Directed Series 2018 A/B Principal Payments to the redemption of the PAC Bonds. Directed Series 2018 A/B Principal Payments in excess of the amounts required to redeem the PAC Bonds and subject to the election described above with respect to the transfer of amounts to any Recycling Subaccount of the Mortgage Loan Fund, Series 2018 A/B Prepayments, including Refunded Series Prepayments (and certain Scheduled Principal Payments) may be applied to redeem Offered Bonds pursuant to the redemption provisions of the Series 2018 A/B Supplemental Indenture. In its sole discretion, and subject to the Series 2018 A/B Supplemental Indenture, NIFA may determine to apply the excess moneys to redeem Offered Bonds in amounts which are in excess of or less than the proportion the Offered Bonds bear to all of the Bonds issued under the Indenture. As a result, the Offered Bonds may be redeemed at an accelerated, or slower, rate which cannot be predicted. See “THE OFFERED BONDS—Redemption Provisions—Redemption From Prepayments and Excess Moneys” herein.

Certain Revenues relating to one Series of Bonds (including moneys received from the payment of principal of and interest on Mortgage Loans and Mortgage-Backed Securities financed with the proceeds of that Series) in excess of Revenues needed to pay principal and interest currently due on any of the Bonds, to pay

expenses or to meet other purposes set forth in the Indenture generally may be used at any time to redeem Bonds of that Series and/or Bonds of certain other Series (subject to limitations, if any, set forth in the applicable Supplemental Indentures). The use of Revenues in respect of one Series to redeem Bonds of another Series is known as “cross-calling.” The Series and maturities of Bonds to be “cross-called” from time to time, if any, will be determined by NIFA consistent with the Indenture. However, it is expected as a general matter that, if Bonds are to be cross-called, higher yielding maturities of Bonds will be cross-called from excess Revenues before lower yielding maturities of Bonds are cross-called (subject to the Indenture and certain requirements of the Code).

The “10-Year Rule” (Section 143(a)(2)(A)(iv) of the Code), as it is commonly called, generally requires that repayments of principal on Mortgage Loans must be used to redeem the Series of Bonds that financed such Mortgage Loans to the extent such repayments are received more than 10 years after such Series (or, with respect to refunding bonds, the original bond) was issued as a tax-exempt bond. Such repayments, when received, are considered “restricted principal receipts.” The 10-Year Rule generally limits NIFA’s ability to cross-call Bonds from restricted principal receipts. From time to time, there have been efforts to repeal the 10-Year Rule. Any repeal of the 10-Year Rule during the period the Offered Bonds remain Outstanding may increase the risk that the Offered Bonds would be cross-called or that Revenues associated with the Offered Bonds might be used to cross-call other Bonds.

The future prepayment behavior of the Mortgage Loans will be influenced by a variety of economic, geographic, demographic, social and other factors, including the level of prevailing mortgage interest rates and the rate at which homeowners sell their homes or default on their Mortgage Loans. In general, if prevailing interest rates are below the interest rate on the Mortgage Loans, the Mortgage Loans are likely to be subject to higher prepayment rates than if prevailing rates are at or above the interest rates on such Mortgage Loans. Conversely, if interest rates rise, the rate of prepayment would be expected to decrease. In addition, the borrower of a Mortgage Loan financed after December 31, 1990 must pay to the United States a portion of the gain upon the disposition of a residence financed if such disposition occurs within nine years from the date of purchase as a recapture of a portion of the borrower’s benefit from tax-exempt financing. Although NIFA has agreed to reimburse borrowers of certain Mortgage Loans originated after June 1, 2004 for the amount of recapture tax paid by such borrower, it is not possible to predict the effect of such recapture provision upon the origination of Mortgage Loans or the prepayment characteristics of such Mortgage Loans. See “THE PROGRAM—Origination of the Mortgage Loans” below. Such recapture provisions may also affect the timing for prepayment of Mortgage Loans. Other factors affecting prepayment of Mortgage Loans include changes in the mortgagors’ housing needs, job transfers, unemployment and mortgagors’ net equity in the mortgaged properties. In addition, as homeowners move or default on their Mortgage Loans, the houses are generally sold and the Mortgage Loans prepaid.

The rate of prepayment on the Mortgage Loans also may be affected by whether, upon a sale of the mortgaged property, the purchaser may assume the Mortgage Loan. Subject to satisfaction of certain terms set forth in each Mortgage Origination Agreement, between NIFA and each Participant in the Program (including any origination agreement or other agreement providing for the purchase of Mortgage Loans by the Master Servicer from a Participant, collectively, the “**Origination Agreement**”), the Mortgage Loans are assumable by qualified purchasers. Assumption of Mortgage Loans, rather than payoff upon a sale or transfer of the related mortgaged property, will reduce the level of prepayments. There is no way to determine the effect that such assumptions or non-assumptions of Mortgage Loans will have on principal payments on the Bonds. See “THE PROGRAM—Qualification of Mortgagors and Mortgage Loans” herein.

No representation is made as to the anticipated origination of Mortgage Loans to be financed with funds held in or deposited to the Series 2018 A/B Mortgage Loan Fund Account, including any Recycling Subaccount, the anticipated yield to redemption, the redemption of any of the Offered Bonds or the rate of prepayment on the Mortgage Loans. Investors seeking to maximize yield are urged to make an investment decision with respect to the Offered Bonds based upon the investor’s desired yield to redemption or maturity, the anticipated yield to redemption or maturity of the Offered Bonds resulting from the price of the Offered Bonds and the investor’s own determination as to (i) the anticipated Series 2018 A/B Prepayments with respect to the Series 2018 A/B Mortgage-Backed Securities and Mortgage Loans financed with funds held in the Series 2018 A/B Mortgage Loan Fund Account, (ii) the anticipated Prepayments and scheduled principal payments received by the Trustee with respect to the Refunded Series Mortgage-Backed Securities transferred to the Series 2018 A/B Mortgage Loan Fund Account, (iii) any Prepayments and scheduled principal payments and (iv) NIFA’s ability and willingness to recycle.

NIFA has previously cross-called Bonds and expects to use opportunities provided through the cross-calling of Bonds to optimize the financing of Mortgage Loans and Mortgage-Backed Securities as part of the Program.

Interest Rate Swap Agreements, Liquidity Facilities and Variable Rate Bonds

In connection with the issuance of certain Prior Series Bonds bearing interest at Variable Rates, NIFA entered into one or more of the Existing Swap Agreements as more fully set forth in Appendix H—“LIQUIDITY FACILITIES AND INTEREST RATE SWAP AGREEMENTS.” Upon issuance of the Offered Bonds, portions of one or more of the Existing Swap Agreements will be allocated by NIFA to the Variable Rate Offered Bonds. NIFA may enter into interest rate or other types of agreements in the future in connection with the issuance of additional Bonds which bear interest at variable interest rates.

Interest rate swap agreements, such as the Existing Swap Agreements, may present certain risks, including those described herein. A difference in the notional amount of any Existing Swap Agreement and the outstanding principal amount of the related Series Bonds issued as Variable Rate Bonds or any such differences between an Existing Swap Agreement rate and the actual interest rates borne by the related Variable Rate Bonds may result in the aggregate net obligation of NIFA with respect to such related Variable Rate Bonds and such Existing Swap Agreement not remaining on an approximately fixed rate basis, which could create additional expense to NIFA.

Under certain circumstances, an Existing Swap Agreement may be terminated, and upon such termination, NIFA may elect to replace such Existing Swap Agreement with an alternate Interest Rate Swap Agreement. No assurance can be given that NIFA will be able to enter into an alternate Interest Rate Swap Agreement with terms substantially similar to the terms of the terminated Existing Swap Agreement, and an inability to do so may result in NIFA’s aggregate net obligation with respect to the particular series of Variable Rate Bonds and the applicable Existing Swap Agreement not remaining on an approximately fixed rate basis, which could create additional expense to NIFA. In addition, NIFA may be obligated to make certain payments to a swap counterparty in connection with a termination of an Existing Swap Agreement.

If the credit quality of NIFA or one or more counterparties deteriorates, the Existing Swap Agreements require the posting of collateral at certain thresholds. See Appendix H—“LIQUIDITY FACILITIES AND INTEREST RATE SWAP AGREEMENTS – NIFA Threshold Table” attached hereto. If NIFA was to be downgraded and required under the terms of any of the Existing Swap Agreements to post collateral, the obligation to post collateral would be a general obligation of NIFA.

In connection with the Refunded Prior Series Bonds which are Variable Rate Bonds, NIFA entered into a liquidity facility with the Standby Purchaser. Upon issuance of the Offered Bonds, NIFA will enter into the Initial Liquidity Facility to be provided by the Standby Purchaser with respect to the Variable Rate Offered Bonds, and the Available Commitment under the existing liquidity facility will be reduced in an amount equal to the Available Commitment under the Initial Liquidity Facility. The Initial Liquidity Facility will provide liquidity with respect to the Variable Rate Offered Bonds while such Bonds are in the Weekly Mode. The Initial Liquidity Facility will expire prior to the final maturities of such Variable Rate Offered Bonds, unless extended in accordance with the terms thereof or replaced with a new liquidity facility. NIFA may enter into liquidity facilities in the future with respect to additional series of Variable Rate Bonds issued pursuant to the Indenture. There can be no assurance that NIFA will be able to extend or replace any such liquidity facilities, including the Initial Liquidity Facility, with substantially similar terms to those of the existing liquidity facilities. If NIFA’s Variable Rate Bonds are purchased by the Standby Purchaser or other liquidity provider, such Variable Rate Bonds will bear interest at rates and have principal payments due as specified within the respective liquidity facility which may differ from the amounts and timing of principal and interest expected to be due at the time of issuance of such Variable Rate Bonds. The payments owed to a liquidity provider pursuant to each liquidity facility which are payable pursuant to the Indenture are subordinate to debt service payments as provided in the Indenture, and any payments owed in excess of such subordinated obligations under the Indenture are a general obligation of NIFA. To date, NIFA has had no single-family bonds purchased by a liquidity provider. See Appendix H—“LIQUIDITY FACILITIES AND INTEREST RATE SWAP AGREEMENTS” attached hereto for a list of liquidity facilities in effect as of the date of this Official Statement and the applicable collateralization thresholds.

Developments in the Residential Mortgage Market May Adversely Affect Bond Yield

The residential mortgage market in the United States over the last several years has experienced a variety of difficulties and changed economic conditions that may adversely affect the performance and market value of the Bonds. In response to increased delinquencies and losses with respect to residential mortgage loans, the federal government, state governments, consumer advocacy groups and others have urged aggressive action to modify mortgage loans to avoid foreclosures and, in response, certain mortgage servicers have established foreclosure avoidance programs for borrowers. In addition, numerous laws, regulations and rules relating to mortgage loans generally, and foreclosure actions particularly, have recently been enacted by federal, state and local governmental authorities and it is likely that additional laws, regulations and rules will be proposed. These laws, regulations and rules may result in delays in the foreclosure process, reduced payments by borrowers (including the Mortgagors), modification of the original terms of the mortgage loans (including the Mortgage Loans) including permanent forgiveness of debt, increased prepayments due to the availability of government-sponsored refinancing initiatives and/or increased reimbursable mortgage servicing expenses. Several courts have also taken unprecedented steps to slow the foreclosure process or prevent foreclosure altogether.

In judicial foreclosure proceedings, affidavits and other legal pleadings establishing the basis for the foreclosure must be submitted to the court. Such filings are required to be based on the personal knowledge of the facts asserted by the person signing the filings. Many servicers have attempted to streamline this process by employing individuals whose sole function is to sign such pleadings. Recent lawsuits have charged that these individuals did not have the required knowledge of the facts being asserted. As a result of the disclosure of these practices, several large servicers temporarily halted all foreclosures to conduct reviews of their procedures. Various local and national politicians have called for moratoriums on all foreclosures and the attorneys general of all 50 states have joined together to investigate the foreclosure practices of mortgage servicers. In February of 2012, federal regulators and 49 state attorneys general announced a multi-billion dollar settlement with the five largest mortgage servicers regarding their foreclosure practices. The Master Servicer was not part of the settlement. However, there can be no assurance as to the possible impact of any future lawsuit, settlement or moratorium on the Master Servicer or the Mortgage-Backed Securities.

Some of the Mortgage Loans are recorded in the name of the Mortgage Electronic Registration Systems (“MERS”), an electronic record-keeping system that acts as the mortgagee of record for a substantial portion of residential mortgages originated in the United States. Under MERS, a mortgage is recorded in the name of MERS, and MERS electronically records the beneficial owner of that mortgage. Subsequent transfers are noted electronically in MERS records but not in the applicable registry of deeds. Recent lawsuits have asserted that because mortgages held by MERS were not re-recorded when ownership of the related promissory note changed hands, entities that ultimately purchased those mortgages are not the official holders of those mortgages. Mortgage servicers of such mortgage loans (which may include Mortgage Loans) may experience delays in the foreclosure process.

Any modification of a Mortgage Loan by the Master Servicer will result in the removal of such Mortgage Loan from the pool of Mortgage Loans backing the related Mortgage-Backed Security. In such event, the principal balance of the Mortgage Loan will be distributed on the related Mortgage-Backed Security and will affect expected timing of distributions of principal on the Mortgage-Backed Securities and, therefore, the Offered Bonds. Bondholders will bear the risk that modifications of the Mortgage Loans may reduce the yield on their Offered Bonds.

Investment of Funds

Moneys deposited in the Series 2018 A/B Mortgage Loan Fund Account (excluding amounts to be transferred to redeem the Refunded Prior Series Bonds), the Series 2018 A/B Debt Service Fund Account, any Series 2018 A/B Recycling Subaccount, the Series 2018 A/B Revenue Fund Account, the Series 2018 A/B Redemption Fund Account, the Series 2018 A/B Rebate Fund Account and the Series 2018 A/B Collateral Fund Account will be invested in Permitted Investments.

Certain investment agreements and, where consistent with the Rating Quality of the Bonds, guarantees may be delivered, from time to time, in connection with each Series of Bonds issued pursuant to the Indenture. The investment agreements, and any related guarantees, entered into in connection with the Bonds are herein collectively referred to as the “**Investment Agreements.**” In each case, the Investment Agreements and any related guarantees,

when entered into, must be consistent with and permit a continuation of the Rating Quality of the Bonds. Copies of the Investment Agreements and any related guarantees are on file with the Trustee. See Appendix E—“SCHEDULE OF INVESTMENT AGREEMENTS AND OTHER INVESTMENTS” attached hereto for a schedule of Investment Agreements entered into with respect to the Prior Series Bonds. It is not expected that proceeds made available upon the issuance of the Offered Bonds will be invested in an Investment Agreement.

The failure to receive timely payment on any Permitted Investment, including an Investment Agreement, could adversely affect NIFA’s ability to pay principal of and interest on the Bonds. If the rating issued by S&P with respect to any provider of an investment agreement falls below certain rating levels established by S&P with respect to such entity’s long-term and/or short-term debt rating, as applicable, the rating on the Bonds may be adversely affected. NIFA is under no obligation with respect to assuring the continued maintenance by any provider of an investment agreement of a particular rating from S&P, nor to find a substitute investment agreement in the event of a lowering of a provider’s rating.

With respect to amounts invested pursuant to the Indenture, NIFA regularly transfers such amounts to various accounts, including Series Redemption Accounts to redeem Bonds on a monthly basis and may recycle as discussed herein.

Tax Treatment of the Offered Bonds; Changes in Federal and State Law

The Code establishes certain requirements that must be met subsequent to the issuance of the Offered Bonds in order that interest thereon be and remain excludable from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Offered Bonds to be includable in gross income retroactive to the date of original issuance of the Offered Bonds. In addition, from time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax status of the Offered Bonds or adversely affect their market value. NIFA cannot predict whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. For a more complete description, see the caption “TAX TREATMENT AND RELATED CONSIDERATIONS” herein.

Nature of the Guarantees of FHLMC and Fannie Mae

The obligations of FHLMC under its guarantees of the FHLMC Securities are obligations of FHLMC only, and the obligations of Fannie Mae under its guarantees of the Fannie Mae Securities are obligations of Fannie Mae only. Neither the FHLMC Securities nor the Fannie Mae Securities, including the interest thereon, are guaranteed by the United States or constitute debts or obligations of the United States or any agency or instrumentality of the United States other than FHLMC and Fannie Mae, as applicable, and neither is entitled to the full faith and credit of the United States. If either FHLMC or Fannie Mae is unable to satisfy its obligations under its respective guarantees, distributions on the FHLMC Securities or the Fannie Mae Securities, as applicable, would consist solely of payments and other recoveries on the related mortgage loans. Accordingly, prepayments, delinquencies and defaults on the mortgages would affect distributions on the FHLMC Securities and the Fannie Mae Securities, as applicable, and could adversely affect payments on the Offered Bonds.

Other Considerations

No assurance can be given that a change in the existing GNMA, Fannie Mae or FHLMC programs will not occur such that GNMA Securities, Fannie Mae Securities or FHLMC Securities may not be available for purchase by the Trustee, in which event the Offered Bonds may be redeemed as described under “THE OFFERED BONDS—Redemption Provisions” herein.

Future increases in mortgage insurance premiums may require home buyers to pay more of their closing costs in cash, rather than financing them in the mortgage, and may have the effect of reducing the demand for Mortgage Loans which are required to be insured.

THE PROGRAM

General

Under the Program, NIFA is permitted to purchase Mortgage Loans and Mortgage-Backed Securities backed by Mortgage Loans and to enter into commitments to finance Mortgage Loans made by qualified Participants to Mortgagors for owner-occupied, one- to four-unit residences (including the improvement or rehabilitation thereof). Subject to certain limited exceptions, each Mortgage Loan financed by NIFA must have been made for the purpose of purchasing or, under certain conditions, improving or rehabilitating the property subject to the related Mortgage, if any. The Program is one of a series of mortgage purchase/mortgage-backed securities purchase programs initiated by NIFA to provide below-market interest rate loans to low- and moderate-income home buyers under which NIFA issued bonds under separate resolutions or indentures to provide funds to purchase or finance program loans from approved lenders in accordance with the provisions of the NIFA Act. NIFA has established rules relating to such programs which impose general requirements and policies with respect to qualifications of approved lenders, approved servicers, eligible borrowers, program loans and the dwellings which are mortgaged to secure program loans. With respect to Mortgage Loans and Mortgage-Backed Securities to be purchased, acquired or financed with the Offered Bond proceeds, NIFA has entered, or with respect to additional Participants will enter, into Origination Agreements with the Participants providing for a loan-by-loan reservation system for the allocation of such proceeds to purchase, acquire and finance Mortgage Loans. Such Participants have entered or will enter into separate origination agreements with the Master Servicer (or other Servicer, if applicable). The Origination Agreements provide for the origination by the Participants of Mortgage Loans which are FHA-insured, VA-guaranteed or USDA/RD-guaranteed and, under certain specified conditions, Conventional Mortgage Loans. Mortgage Loans originated pursuant to the Origination Agreements are to be delivered and sold by Participants to the Master Servicer (or other Servicer, if applicable).

NIFA has also entered into certain agreements for the financing with proceeds of the Offered Bonds of Community Program Loans, other Mortgage Loans made for the purchase of owner-occupied residences and for non-interest-bearing home improvement loans which are not FHA-insured, VA-guaranteed or USDA/RD-guaranteed and are not Conventional Mortgage Loans. Certain of such loans are not secured by first lien mortgages.

Depending on the Series Program Determinations governing the funds available in the applicable Series Mortgage Loan Account, the Mortgage Loans may (but are not required to) be secured by a valid first or second mortgage on a Residence financed by such Mortgage Loan (or may be unsecured), may or may not be guaranteed or insured and may include Mortgage Loans with varying terms to maturity of less or greater than 30 years, Mortgage Loans that are non-interest-bearing and Mortgage Loans, such as rehabilitation, home improvement loans or Community Program Loans, that may or may not be secured by first lien mortgages. The specific requirements for the Mortgage Loans (including home improvement loans, rehabilitation loans and home buyer assistance loans) and the rate or rates of interest thereon (including Mortgage Loans at interest rates as low as 0.00% per annum) shall be as specified by NIFA from time to time. Any modifications of the specific Series Program Determinations made by NIFA from time to time shall not adversely affect the Rating Quality of the Bonds.

The initial Series Program Determinations for the Offered Bonds include the following:

- (a) Each Mortgage Loan represented by or supporting a Series 2018 A/B Mortgage-Backed Security shall be secured by a first lien deed of trust interest;
- (b) Each Mortgage Loan represented by or supporting a Series 2018 A/B Mortgage-Backed Security shall have approximately equal monthly payments and fixed rates of interest at the applicable mortgage rates reflected in the Cash Flow Statement delivered in connection with the issuance of the Offered Bonds. The rates of interest on Mortgage Loans may be established by NIFA from time to time on the basis of the most recent Cash Flow Certificate and Cash Flow Statement and meeting any additional terms and criteria as may be established by NIFA from time to time which do not adversely affect the Rating Quality of the Bonds;
- (c) The maximum term to maturity for each Mortgage Loan represented by or supporting a Series 2018 A/B Mortgage-Backed Security shall be 30 years (or such other term established by NIFA in a Certificate of an Authorized Officer which does not adversely affect the Rating Quality of the Bonds);

(d) Each Mortgage Loan represented by or supporting a Series 2018 A/B GNMA Mortgage-Backed Security shall be FHA-insured, VA-guaranteed or USDA/RD-guaranteed, and each Mortgage Loan represented by or supporting a Series 2018 A/B Fannie Mae Security or a Series 2018 A/B FHLMC Security shall be a Conventional Mortgage Loan (or, in either case, subject to such other guarantee or insurance or be uninsured, or meeting such other requirements established by NIFA in a Certificate of an Authorized Officer which do not adversely affect the Rating Quality of the Bonds);

(e) Each Series 2018 A/B Mortgage-Backed Security that is a GNMA Security shall bear interest at a Pass-Through Rate that is 0.50% less than the Mortgage Rate on the Mortgage Loans supporting or represented by such GNMA Security; and each Series 2018 A/B Mortgage-Backed Security that is a Fannie Mae Security shall bear interest at a Pass-Through Rate such that the weighted average Pass-Through Rate on such Fannie Mae Security is not less than 0.70% less than the Mortgage Rate on the Mortgage Loans supporting or represented by such Fannie Mae Security (or such other Mortgage-Backed Security bearing interest at such other Pass-Through Rate that does not adversely affect the Rating Quality of the Bonds);

(f) Series 2018 A/B Mortgage-Backed Securities (and any Series 2018 A/B Mortgage Loan) shall be purchased by the Trustee at the corresponding Purchase Prices (or such other purchase price established by NIFA in a Certificate of an Authorized Officer which does not adversely affect the Rating Quality of the Bonds); and

(g) Series 2018 A/B Prepayments (which includes Prepayments on the Refunded Series Mortgage-Backed Securities), Prepayments on Community Program Loans, excess Revenues and Scheduled Principal Payments may be applied to redeem the Offered Bonds as set forth in the Series 2018 A/B Supplemental Indenture or, at the option of NIFA (and subject to applicable tax laws) as directed in a Certificate of an Authorized Officer, may be applied to the purchase, acquisition or financing of Mortgage Loans (including Community Program Loans) and Mortgage-Backed Securities and to redeem Bonds of other Series.

Notwithstanding the above-described Program Determinations to the contrary, amounts on deposit in the Funds and Accounts under the Indenture (including amounts which may be deposited in the Series 2018 A/B Recycling Subaccount) may be used, at the direction of NIFA, to finance or acquire (either directly or indirectly) Community Program Loans which may or may not support or be represented by Mortgage-Backed Securities, which may not be FHA-insured, VA-guaranteed, USDA/RD-guaranteed, guaranteed by the successor entity to the FmHA, or Conventional Mortgage Loans, and which may not be guaranteed or insured by Private Mortgage Insurance or other insurance and may include Mortgage Loans with varying terms to maturity of greater than or less than 30 years, Mortgage Loans that are well below market rates or non-interest-bearing and Mortgage Loans, such as rehabilitation or home improvement loans, that may or may not be secured by first lien mortgages and Mortgage-Backed Securities that are not issued or guaranteed by GNMA, Fannie Mae or FHLMC and do not otherwise meet the initial Series 2018 A/B Program Determinations, provided that the aggregate principal amount of such Community Program Loans financed with proceeds of Bonds shall not exceed \$50,000,000 outstanding at any one time, or such greater amount as will not adversely affect the Rating Quality of the Bonds.

The Series Program Determinations govern only the Series 2018 A/B Mortgage Loans, the Series 2018 A/B Mortgage-Backed Securities and any Community Program Loans to be purchased, acquired or financed with funds on deposit in the Series 2018 A/B Mortgage Loan Fund Account and any funds in any Series 2018 A/B Recycling Subaccount. The Series 2018 A/B Mortgage Loan Fund Account will be credited with the Refunded Series Mortgage-Backed Securities which represent, or are secured by, Mortgage Loans that were previously originated in conjunction with the Series Program Determinations applicable to such Mortgage Loans and Mortgage-Backed Securities.

NIFA has reserved the right in the Series 2018 A/B Supplemental Indenture to modify the Series Program Determinations in order to apply funds in the Series 2018 A/B Mortgage Loan Fund Account (including any Series 2018 A/B Recycling Subaccount) to purchase, to the extent permitted by applicable tax laws, Community Program Loans and other Mortgage Loans (including Mortgage Loans which do not meet the initial Series Program Determinations) and the right to purchase Mortgage-Backed Securities that are not issued or guaranteed by GNMA, Fannie Mae or FHLMC and/or do not otherwise meet the initial Series Program Determinations with all or a portion of the proceeds made available upon the issuance of the Offered Bonds and other amounts deposited in the Series 2018 A/B Mortgage Loan Fund Account, or from

amounts available in any Series 2018 A/B Recycling Subaccount, so long as financing such Community Program Loans and other Mortgage Loans and Mortgage-Backed Securities does not adversely affect the Rating Quality of the Bonds.

It is expected that a Series 2018 A/B Recycling Subaccount will be established and the funds deposited therein (including with respect to the Series 2018 A/B Mortgage Loan Fund Account, a portion of the interest payments on the Refunded Series Mortgage-Backed Securities) will be made available for the purpose of acquiring, purchasing or financing Mortgage Loans (or portions thereof) (which, in the case of funds made available from a Series 2018 A/B Recycling Subaccount, may be made at below-market interest rates) in accordance with the Series Program Determinations to be established at the time, provided NIFA files a Cash Flow Certificate and a Cash Flow Statement evidencing that sufficient amounts will be available to pay the debt service on the Bonds when due or upon earlier redemption. Proceeds of Prior Series Bonds deposited in Series Mortgage Loan Accounts are being or were used, and proceeds of succeeding Series of Bonds deposited in corresponding Series Mortgage Loan Accounts will be used, to purchase, acquire or finance Mortgage Loans and Mortgage-Backed Securities satisfying the respective Series Program Determinations established with respect to each such Series of Bonds.

THE VARIOUS SERIES PROGRAM DETERMINATIONS ARE SUBJECT TO CHANGE AT THE OPTION OF NIFA, PROVIDED THAT THE RATING QUALITY ON THE BONDS IS NOT ADVERSELY AFFECTED.

Qualification of Participants; Reservations

To qualify as a Participant under the Program, a lending institution must (a) be a duly organized, validly existing bank, trust company, savings bank, industrial bank, national banking association, savings and loan association, building and loan association, mortgage bank or other financial institution or governmental agency which customarily provides service or otherwise aids in the financing of mortgages on single-family residential housing located in the State or any holding company for any of the foregoing, (b) be authorized to do business in the State and (c) satisfy the requirements established by the Master Servicer.

Participants request reservations from NIFA on a loan-by-loan basis pursuant to the reservation procedures established by NIFA. In connection with each issue of Bonds under the Program, NIFA is required to reserve funds for certain lower-interest-rate Mortgage Loans (the “**Special Set-Aside**”) to be used to finance Mortgage Loans for persons and families meeting certain criteria established by NIFA from time to time. NIFA has initially determined to acquire, purchase or otherwise finance Special Set-Aside Mortgage Loans in an aggregate principal amount at least equal to \$1,000,000 with funds held in accounts in the Mortgage Loan Fund other than the Series 2018 A/B Mortgage Loan Fund Account; provided, however, that NIFA may acquire, purchase or finance Special Set-Aside Mortgage Loans with funds in the Series 2018 A/B Mortgage Loan Fund Account provided the Rating Quality of the Bonds is not adversely affected.

Pursuant to federal tax laws, NIFA is required to make available a certain portion of funds made available upon the issuance of the Offered Bonds for the financing of Mortgage Loans on Residences in Targeted Areas for a period of not less than one year from the date on which funds are made available for originating Mortgage Loans.

Qualification of Mortgagors and Mortgage Loans

Under the Program, no Mortgage Loan may be made for the purpose of purchasing a residence the purchase price of which exceeds 90% of the average area purchase price for new or existing residences in the case of residences in non-Targeted Areas and 110% of the average area purchase price for new or existing residences in Targeted Areas. The maximum purchase prices currently designated by NIFA to be generally applicable to the Program (which maximum purchase prices may be changed from time to time) are as follows:

Areas	New/Existing Housing
Non-Targeted Areas	\$250,000
Targeted Areas	\$300,000

For two- to four-unit residences, the above maximum purchase prices are adjusted upward in accordance with the Program Agreements.

Under the Program, no Mortgage Loan may be made to a Mortgagor whose Family Income (as defined in the Code) exceeds, in non-Targeted Areas, 115% (100% for families of one or two persons) and, in Targeted Areas, 140% (120% for families of one or two persons), of the applicable median family income for the area in which the residence is located. The Family Income limits generally applicable to the Series 2018 A/B Mortgage Loans, but not the mortgage loans backing the Refunded Series Mortgaged-Backed Securities, (which income limits may be changed from time to time) in Non-Targeted Areas range from \$68,200 to \$77,760 for 1-2 persons and \$78,430 to \$90,720 for 3 or more persons. The Family Income limits generally applicable to the Series 2018 A/B Mortgage Loans, but not the mortgage loans backing the Refunded Series Mortgaged-Backed Securities, (which income limits may be changed from time to time) in Targeted Areas range from \$81,840 to \$90,000 for 1-2 persons and \$95,480 to \$105,000 for 3 or more persons. Targeted areas are located within the counties of Douglas, Lancaster, Adams, Jefferson and Scotts Bluff.

In addition, all Mortgage Loans and all Mortgagors must meet all other requirements set forth in the Indenture and the Origination Agreement.

All of the lendable proceeds (other than, at the discretion of NIFA, up to 5% of the available proceeds and under other limited circumstances) of each Series of Bonds issued under the Indenture (other than those Bonds issued as taxable Bonds) must be used to finance residences of Mortgagors who had no present ownership interest in their respective principal residence for the three-year period ending on the date their respective Mortgages are executed (except in connection with Mortgage Loans on residences in Targeted Areas and certain loans for home improvement and rehabilitation and mortgage loans made to certain “veteran” borrowers (as defined in 38 U.S.C. Section 101) who have not previously obtained mortgage loans financed by single family mortgage revenue bonds).

Federal tax law requires a Mortgagor to pay to the United States a portion of the gain upon the disposition of a residence financed if such disposition occurs within nine years from the date of purchase as a recapture of a portion of the Mortgagor’s benefit from tax-exempt financing. Such recapture provisions may affect the timing for prepayment of Mortgage Loans. With respect to Mortgage Loans originated after June 1, 2004, NIFA has agreed to reimburse any Mortgagor required to pay such federal recapture tax.

Origination of the Mortgage Loans

Any Mortgage Loans to be acquired, purchased or financed by NIFA with Offered Bond proceeds and other amounts deposited in the Series 2018 A/B Mortgage Loan Fund Account and any Series 2018 A/B Recycling Subaccount therein must satisfy the Series Program Determinations (see “THE PROGRAM—General” above). Participants are required to originate and deliver all Mortgage Loans to be acquired, purchased or financed with the Offered Bond proceeds and other amounts deposited in the Series 2018 A/B Mortgage Loan Fund Account (other than with respect to amounts in any Recycling Subaccount) to the Master Servicer in accordance with certain time periods established pursuant to the Program Agreements. Under the terms of the Program Agreements, the Master Servicer is required to accept a Mortgage Loan for purchase from the Participant only if all of the requirements set forth in the Origination Agreement have been satisfied. If such Mortgage Loan does not meet the requirements set forth in the Origination Agreement, it will be ineligible to be sold to the Trustee, or included in a pool supporting, or represented by, a Mortgage-Backed Security, as the case may be, under the terms of the Program and is required to be repurchased from the Master Servicer by the Participant. The Series Program Determinations may be modified to provide for the purchase of Mortgage Loans and Mortgage-Backed Securities with funds in the Series 2018 A/B Mortgage Loan Fund Account or any Series 2018 A/B Recycling Subaccount therein, so long as any such purchases do not adversely affect the Rating Quality of the Bonds.

NIFA or other public and private agencies may use other funds of NIFA or such other agencies to provide additional assistance in connection with the Mortgage Loans. The funds may be made available to Mortgagors to be used for a portion of the required down payment and/or closing costs. Such assistance presently offered by NIFA is repayable by the Mortgagors, but NIFA reserves the right to provide that all or a portion of such assistance not be repayable unless the Residence is sold or unless there is an earlier date specified by the terms of the assistance documents. Any additional assistance (including assistance in the form of a HBA Loan) may be secured by a subordinate deed of trust or mortgage and, in certain circumstances, may not accrue any repayment thereof unless the Residence is sold or if the recipient of the assistance no longer complies with the conditions of the assistance.

With respect to Mortgage Loans to be purchased, acquired or financed with the Offered Bond proceeds and other funds initially deposited in the Series 2018 A/B Mortgage Loan Fund Account, such Mortgage Loans are expected to be (i) insured by FHA (under the Section 203(b), Home Unsubsidized (i.e., 203, 503 and 703);

Section 221(d)(2), Low and Moderate Income (i.e., 221, 521, 721); or Section 203(i), Home Mortgage for Outlying Area Properties programs) or, with the prior written approval of the Master Servicer and NIFA, FHA Section Streamline 203(k), (ii) guaranteed by VA, (iii) guaranteed by USDA/RD under its Single Family Rural Housing Program (Section 502), (iv) Conventional Mortgage Loans or (v) Community Program Loans. Other than with respect to Community Program Loans, the loan-to-value ratio of a Mortgage Loan may not exceed an amount permissible under applicable FHA, VA, USDA/RD, Fannie Mae and/or FHLMC regulations. NIFA has reserved the right in the Series 2018 A/B Supplemental Indenture to modify the Series Program Determinations in order to apply funds in the Series 2018 A/B Mortgage Loan Fund Account (including any Series 2018 A/B Recycling Subaccount) to purchase, to the extent permitted by applicable tax laws, Mortgage Loans (including Mortgage Loans which do not meet the initial Series Program Determinations) and to purchase Mortgage-Backed Securities that are not issued or guaranteed by GNMA, Fannie Mae or FHLMC and do not otherwise meet the initial Series Program Determinations, so long as financing such Mortgage Loans and Mortgage-Backed Securities does not adversely affect the Rating Quality of the Bonds.

Mortgage Loans may be assumable in accordance with their terms by qualifying Mortgagors.

Under the terms of the Origination Agreement, each Participant may charge, in connection with the origination and closing of Mortgage Loans, those fees specified from time to time by NIFA. Currently, NIFA's various Mortgage Loan products are generally offered to mortgagors at 0% origination and 0% discount fees. Participants are compensated by NIFA in an amount up to 2.00% of the principal amount of the Mortgage Loan (but not less than \$1,000). Insurance premiums, survey, title and attorneys' fees and other reasonable charges and fees may also be charged each Mortgagor by the respective Participant.

As set forth in the Program Agreements, each Participant represents and warrants to the Master Servicer (or other Servicer, as applicable) concerning each Mortgage Loan being sold to the Master Servicer (or other Servicer, as applicable) (and the Master Servicer (or other Servicer, as applicable) represents and warrants to NIFA concerning any Mortgage Loan being sold by the Master Servicer (or other Servicer, as applicable) to NIFA), among other things, that at the time of delivery of such Mortgage Loan (a) there is no default or delinquency under the Mortgage Loan; (b) the Mortgage Loan, unless otherwise permitted by NIFA, is secured by a Mortgage which constitutes a valid first priority lien on the mortgaged property, subject only to permitted encumbrances; and (c) all documents required to be filed or recorded to perfect the lien, if any, on the mortgaged property against third parties have been filed or recorded.

Procedures regarding compliance with the Code have been established by NIFA and require that Participants perform a thorough check of information before closing a Mortgage Loan pursuant to an Origination Agreement, which must include, among other measures:

- (a) obtaining an affidavit of compliance with eligibility requirements of the Code from the Mortgage Loan applicant and from each person executing the Mortgage who is expected to occupy the residence, on a form supplied by NIFA, together with federal income tax returns for the three years prior to the application (subject to certain exceptions), employment verifications and other information which would tend to confirm or deny compliance with the requirements of the Code;
- (b) obtaining an affidavit from the seller of the residence regarding the purchase price of the residence; and
- (c) examining the documentation submitted by the Mortgagor and other pertinent information obtained in connection with the origination of the Mortgage Loan in order to determine that sufficient documentary evidence exists to support the conclusion that the Code eligibility requirements have been met.

Each Origination Agreement requires that Mortgage Loans have the benefit of a hazard insurance policy in certain specified amounts insuring the improvements constituting part of the mortgaged property from damage from certain specified events, including fire and other casualties, and, if required by the corresponding Series Program Determinations, a title insurance policy in an amount at least equal to the outstanding principal balance of such Mortgage Loan insuring that the Mortgage securing such Mortgage Loan constitutes a valid first priority lien on the mortgaged property, subject only to Permitted Encumbrances. It is anticipated that some of the Residences will be in designated special flood hazard areas; any such property must be insured against loss from flood under the

National Flood Insurance Program. See Appendix A—“SUMMARY OF CERTAIN MORTGAGE INSURANCE AND SECURITY GUARANTY PROGRAMS” attached hereto.

The Origination Agreement further provides that if any documents delivered by a Participant to the Master Servicer are defective in any material respect, the Participant shall use its best efforts to cure such defect within 30 days of notice to such Participant of the discovery thereof, and if such defect cannot be cured within such period, the Participant will repurchase, not later than 30 days after the expiration of such period, the related Mortgage Loan from the Master Servicer at a price equal to (a) 100% of the unpaid principal balance of such Mortgage Loan, plus (b) interest thereon to the next Mortgage Loan installment due date plus 30 days’ interest on such Mortgage Loan, plus (c) if such purchase is made necessary by the willful misfeasance or bad faith on the part of the Participant or by reason of the Participant’s disregard of its obligations thereunder, an amount equal to 3% of the unpaid principal amount of such Mortgage Loan. The purchase price for the repurchased Mortgage Loan shall be delivered by the Participant to the Master Servicer and shall be paid to the Trustee, as holder of the Mortgage Loan. A Participant shall be given 30 days to cure any breach of any of its representations, warranties and covenants which adversely affects the value of a Mortgage Loan or the interest of the Master Servicer (or other Servicer, as applicable) or NIFA in such Mortgage Loan or, if such breach cannot be cured, will be required to repurchase the Mortgage Loan not later than 30 days after the expiration of such period, in accordance with the foregoing.

If any Mortgage Loan is determined to be a Non-Qualifying Mortgage Loan (as defined in the Origination Agreement) and the defect causing the same cannot be cured, the Participant shall be required to repurchase such Mortgage Loan on the terms and conditions set forth in part in the preceding paragraph.

It is anticipated that successive Servicing Agreements entered into by NIFA and any Master Servicer will contain terms, conditions and obligations applicable to the Master Servicer that are substantially the same as those described above as applicable to the Master Servicer. NIFA may enter into one or more Servicing Agreements with Designated Servicers containing terms, conditions and obligations applicable to the Designated Servicer and providing for the sale and servicing of Mortgage Loans (which may or may not be represented by Mortgage-Backed Securities) acceptable to NIFA and having terms that will not adversely affect the Rating Quality of the Bonds.

Servicing of Mortgage Loans

Unless otherwise specified by NIFA, each Mortgage Loan in the Program will be serviced by the Master Servicer in accordance with one or more Servicing Agreements. The Servicing Agreements set forth the agreements between NIFA and the Master Servicer with respect to servicing each Mortgage Loan in the Program as well as certain agreements with respect to Mortgage-Backed Securities (backed by Mortgage Loans) which will be purchased from the Master Servicer by the Trustee with proceeds made available by the issuance of the Bonds and funds on deposit in the Operating Fund. NIFA may enter into one or more Servicing Agreements with Designated Servicers containing terms, conditions and obligations applicable to the Designated Servicer and providing for the sale and servicing of Mortgage Loans (which may or may not be represented by Mortgage-Backed Securities) acceptable to NIFA and having terms that will not adversely affect the Rating Quality of the Bonds.

It is expected that Mortgage Loans financed and refinanced with the Offered Bond proceeds and other funds deposited in the Series 2018 A/B Mortgage Loan Fund Account that are Conventional Mortgage Loans have been or will be pooled to support or be represented by Series 2018 A/B Mortgage-Backed Securities that are Fannie Mae Securities. It is expected that Mortgage Loans financed and refinanced with the Offered Bond proceeds and any other funds deposited in the Series 2018 A/B Mortgage Loan Fund Account that are FHA-insured, VA-guaranteed or USDA/RD-guaranteed have been or will be pooled to support or be represented by Series 2018 A/B Mortgage-Backed Securities that are GNMA Securities. Mortgage Loans supporting or represented by GNMA Securities held in the Series 2018 A/B Mortgage Loan Fund Account will be serviced by the Master Servicer in accordance with the Servicing Agreement and the GNMA Guide. The Servicing Agreement provides for a monthly servicing fee equal to 1/12 of 0.50% of the unpaid principal balance of each Mortgage Loan represented by a GNMA Security (out of which servicing fee the Master Servicer pays any guarantee fee). Mortgage Loans supporting or represented by Fannie Mae Securities will be serviced by the Master Servicer in accordance with the Servicing Agreement and the Fannie Mae Guide and related Pool Contract. The Servicing Agreement currently provides for a monthly servicing fee equal to 1/12 of a percentage agreed upon by NIFA and the Master Servicer, from time to time, of the unpaid principal balance of each Mortgage Loan represented by a Fannie Mae Security (out of which servicing fee the Master Servicer pays any guarantee fee). Additional Mortgage Loans supporting or represented by Mortgage-Backed Securities other than GNMA Securities, Fannie Mae Securities and FHLMC Securities may not be serviced by the Master Servicer and may be serviced under a Servicing Agreement entered

into by NIFA with another Servicer, in any case having such terms as will not adversely affect the Rating Quality of the Bonds.

Certain Mortgage Loans acquired by NIFA and/or pooled for Mortgage-Backed Securities prior to April 30, 2005 are serviced under prior Servicing Agreements with Wells Fargo Bank, National Association (“**Wells Fargo**”). For additional information regarding Wells Fargo, see www.wellsfargo.com.

With respect to Mortgage Loans pooled for Mortgage-Backed Securities on and after May 1, 2005, U.S. Bank National Association acts as Master Servicer and services such Mortgage Loans and Mortgage-Backed Securities. Other than as set forth herein with respect to any Community Program Loans, NIFA does not presently expect to purchase individual Mortgage Loans, but instead expects to purchase Mortgage-Backed Securities represented by such Mortgage Loans. For additional information regarding the Master Servicer, see “THE PROGRAM—The Master Servicer” herein.

Warehousing Program

NIFA has entered into the Warehouse Agreement to use advances provided by the Federal Home Loan Bank of Topeka for the financing of Mortgage-Backed Securities which are represented or backed by Mortgage Loans. Additionally, NIFA uses its general operating funds to finance such Mortgage-Backed Securities. In either case, NIFA may direct that such Mortgage-Backed Securities, whether held by NIFA or pledged by NIFA to the Federal Home Loan Bank of Topeka, be purchased with proceeds of Bonds, including the Offered Bonds, and/or proceeds of Other Bonds. If Mortgage Loans held by the Master Servicer do not back or represent Mortgage-Backed Securities, such Mortgage Loans may be delivered to the Trustee for purchase as whole loans with proceeds available under the Indenture or from other sources.

Nebraska Foreclosure Laws

Under Nebraska law, both mortgages and deeds of trust are used to secure residential mortgage loans. With respect to the Mortgage Loans, NIFA currently permits only the use of deeds of trust.

A mortgage is foreclosed by judicial action; consequently, the foreclosure action is subject to all the delays inherent in a judicial proceeding. The court has the power to decree a sale of the mortgaged premises to discharge the amount due on the related mortgage loan and the costs of the suit. The owner of any real estate against which a judgment or decree of foreclosure has been rendered may redeem the mortgaged premises, at any time before the sale of the mortgaged premises has been confirmed by the court, by paying the amount of such judgment or decree together with all interest and costs. There is no right of redemption after the court enters an order confirming the sale.

The period between entry of the foreclosure decree and the issuance of an order confirming the sale may be extended for a period of up to nine months, if the mortgagor within 20 days after rendition of the foreclosure decree files a written request for a stay; otherwise an order for sale of the mortgaged premises may be issued immediately after the expiration of such 20-day period from the date of the rendition of the foreclosure decree. If the foreclosure is based on nonpayment of interest or principal, the suit may be dismissed if the Mortgagor deposits (at any time before the date of the foreclosure decree) the amount of principal and interest due, with costs. If, after the foreclosure decree has been rendered, the Mortgagor deposits the principal and interest due, with costs, the proceedings must be stayed, but the court must enter the foreclosure decree with the sale to be enforced by further order of the court upon any subsequent default.

Typically, it takes approximately one year to complete foreclosure of mortgaged premises; however, by taking full advantage of judicial and legal delays, foreclosure could be delayed for several years.

A deed of trust may be foreclosed in the same manner as the foreclosure of mortgages. In addition, a power of sale may be conferred upon a trustee, which power of sale must be expressly provided for in the deed of trust. Prior to the exercise of the power of sale, the trustee must file record notice of the default in the office of the register of deeds in each county in which the trust property is located. Not less than 30 days after the notice of default is recorded, the trustee must give notice of sale of the trust property by publishing notice once a week for five consecutive weeks. The purchaser at this sale receives a deed from the trustee, execution of which to the purchaser terminates the mortgagor’s right of redemption.

The mortgagor or any other person having a subordinate lien or encumbrance of record, at any time within one month after filing for record of the notice of default under the deed of trust, may pay the entire amount then due thereunder, including certain costs, expenses and fees relating thereto, other than such portion of the principal as would not then be due had no default occurred, which cures the default and avoids the forced property sale.

If a deed of trust is foreclosed in the same manner as a mortgage, the same time delays applicable to judicial foreclosures will occur as described above. If the deed of trust is foreclosed by the power of sale, foreclosure can be completed in approximately four months.

Insurance and Guarantees of Mortgages

The Refunded Series Mortgage-Backed Securities expected to be credited to the Series 2018 A/B Mortgage Loan Fund Account have all been issued by GNMA, Fannie Mae and/or FHLMC. The Mortgage Loans supporting or represented by Series 2018 A/B Mortgage-Backed Securities, including the Refunded Series Mortgage-Backed Securities, except as otherwise set forth herein, are FHA-insured, VA-guaranteed, USDA/RD-guaranteed and Conventional Mortgage Loans. Mortgage Loans financed from the proceeds of additional Series of Bonds will be the subject of mortgage insurance and guaranty programs only to the extent provided in the Supplemental Indenture authorizing such Series. See Appendix A—"SUMMARY OF CERTAIN MORTGAGE INSURANCE AND SECURITY GUARANTY PROGRAMS" attached hereto for a description of certain mortgage insurance and guaranty programs, which description is only a brief outline and does not purport to summarize or describe all of the provisions of these programs or all of the insurance programs which are available to a Mortgagor. For a more complete description of the terms of these programs, reference is made to the provisions of the insurance and guaranty contracts embodied in the regulations of FHA, VA and USDA/RD, respectively, and of the regulations, master insurance contracts and other such information of the various Private Mortgage Insurers, including forms of contracts on file with the Nebraska Department of Insurance.

(3) A copy of the Supplemental Indenture authorizing such Bonds, which shall specify the terms and purposes thereof;

(i) there shall be deposited with the Trustee either:

(1) moneys in an amount sufficient to effect payment at the applicable redemption price of the Bonds to be refunded, together with accrued interest on such Bonds to the redemption date, which moneys shall be held by the Trustee in a separate account irrevocably in trust for the holders of Outstanding Bonds being refunded, or

(ii) NIFA shall have given irrevocable instructions to the Trustee, satisfactory to it, to give due notice of redemption of all the Bonds so to be redeemed on a redemption date specified in such instructions; and

(iii) The Trustee shall furnish to NIFA at the time of delivery of the Series of the Refunding Issue a certificate or other evidence satisfactory to the Trustee stating that it holds or there is being held in trust the Permitted Investments and/or moneys required to effect such redemption.

There is established, pursuant to the General Indenture, in each Fund a separate Account for each Series of Bonds. Except as otherwise provided in a Supplemental Indenture, the proceeds of a particular Series of Bonds issued under a Supplemental Indenture, the payments on Mortgage Loans or Mortgage-Backed Securities acquired with the proceeds of a particular Series of Bonds and the earnings on investments of moneys in the Funds or Accounts relating to a particular Series of Bonds, when required to be deposited in any Fund, shall be deposited or credited to the Account established therein for that particular Series of Bonds. For purposes of investment, the Trustee and NIFA may consolidate the Accounts required to be established in a particular Fund into one Fund so long as adequate records are maintained as to the amounts held in each such Fund allocable to each Series of Bonds.

Each of the above-designated Funds and Accounts shall be held by the Trustee or other fiduciary, in a segregated account, in the name of the Trustee, except the Operating Fund, which shall be held by NIFA or its designee.

Mortgage Loan Fund

General. In addition to the proceeds from any Series of Bonds, there shall be deposited in the Mortgage Loan Fund any moneys transferred from the Revenue Fund as directed by an Authorized Officer of NIFA and any other funds of NIFA to be deposited therein.

The Trustee shall from time to time pay out money from the Mortgage Loan Fund (a) for the purpose of acquiring, financing or purchasing Mortgage Loans or Mortgage-Backed Securities in accordance with the Indenture and (b) to pay or defease notes or bonds or other indebtedness issued by NIFA to finance or purchase Mortgage Loans or Mortgage-Backed Securities in exchange for Mortgage Loans or Mortgage-Backed Securities with respect to which such notes, bonds or other indebtedness were issued and meeting any other requirements set forth in a Supplemental Indenture.

A Mortgage Loan or Mortgage-Backed Security, as the case may be, shall be purchased by the Trustee only if the Trustee shall be furnished with (i) a certificate of the Master Servicer requesting a disbursement of funds in the amount specified against delivery by the Master Servicer of such Mortgage Loan or Mortgage-Backed Security, as the case may be, equal to the Purchase Price thereof, and (ii) the Master Servicer Submission Certificate relating to such Mortgage Loan or Mortgage-Backed Security, as the case may be, including a certificate that such Mortgage Loan or Mortgage Loans supporting, or represented by, such Mortgage-Backed Security, as the case may be, meets the criteria set forth in the Supplemental Indenture establishing the Mortgage Loan Account from which funds are to be applied for the purchase of such Mortgage Loan or Mortgage-Backed Security.

The Trustee shall transfer moneys from the Mortgage Loan Fund to the Revenue Fund to the extent specified in any Supplemental Indenture or upon the direction of an Authorized Officer of NIFA. In addition, the

Trustee shall, to the extent amounts are insufficient in the Debt Service Fund to pay principal of or interest on the Bonds when due, transfer (after transferring amounts in any capitalized interest account established in connection with a Supplemental Indenture and the Redemption Fund, but prior to amounts in the Debt Service Reserve Fund, Mortgage Reserve Fund and Collateral Fund) moneys from the Mortgage Loan Fund representing Prepayments or excess Revenues (including certain Scheduled Principal Payments) to the Debt Service Fund to pay principal of or interest on the Bonds.

Mortgage Loans and Mortgage-Backed Securities credited to the Mortgage Loan Fund may be released to NIFA, free and clear of the lien of the Indenture, upon the filing of a certificate of an Authorized Officer directing the same and filing with the Trustee (i) a Cash Flow Statement; (ii) a Parity Certificate (as described below under the caption “*Release of Amounts Free of Lien of Indenture*”); and (iii) an opinion of Counsel that the release of such Mortgage Loans or Mortgage-Backed Securities will not adversely affect the tax-exempt status of interest on the Bonds.

Series 2018 A/B Mortgage Loan Fund Account (and any Series 2018 A/B Recycling Subaccount). The Series 2018 A/B Supplemental Indenture establishes the Series 2018 A/B Mortgage Loan Fund Account, which shall be a segregated account in the Mortgage Loan Fund held by the Trustee or by a Fiduciary, in the name of the Trustee. A portion of the proceeds of the Offered Bonds initially deposited in the Series 2018 A/B Mortgage Loan Fund Account shall be applied to the refunding and redemption of the Refunded Prior Series Bonds (with the corresponding transfer of the Refunded Series Mortgage-Backed Securities for deposit into the Series 2018 A/B Mortgage Loan Fund Account).

The Trustee shall also use funds in the Series 2018 A/B Mortgage Loan Fund Account (and in any Series 2018 A/B Recycling Subaccount) for the purpose of purchasing, acquiring or financing Mortgage Loans and Mortgage-Backed Securities supported by or representing Mortgage Loans, in either case, originated by Participants and others and purchased by the Master Servicer pursuant to the Program Agreements and otherwise satisfying the Series Program Determinations (or such Series Program Determinations as may be applicable at the time which do not adversely affect the Rating Quality of the Bonds). The Targeted Area Amount shall be set aside in the Series 2018 A/B Mortgage Loan Fund Account (or otherwise made available by NIFA) for a period of one year following the date commencing upon notice from NIFA to the Participants to commence originating Mortgage Loans for Residences in Targeted Areas to be financed with moneys allocable to the Offered Bonds (unless otherwise permitted by an opinion of bond counsel) pursuant to the Program Agreements and otherwise satisfying the Series Program Determinations (or such Series Program Determinations as may be applicable at the time which do not adversely affect the Rating Quality of the Bonds).

In accordance with the Series Program Determinations described herein, the Trustee shall purchase from the Master Servicer Fannie Mae Securities, FHLMC Securities and GNMA Securities at the purchase prices described in the Series 2018 A/B Supplemental Indenture or at such other purchase prices established by NIFA from time to time which do not adversely affect the Rating Quality of the Bonds (each, the “Purchase Price”) from amounts available in the Series 2018 A/B Mortgage Loan Fund Account (including any Series 2018 A/B Recycling Subaccount). With respect to amounts on deposit in any Series 2018 A/B Recycling Subaccount, to the extent permitted by applicable tax laws, the Trustee shall purchase Mortgage Loans and Mortgage-Backed Securities, from the Master Servicer, at Purchase Prices established by NIFA from time to time which do not adversely affect the Rating Quality of the Bonds, provided that NIFA files a Cash Flow Certificate and a Cash Flow Statement evidencing that sufficient amounts will be available to pay debt service on the Bonds when due or upon earlier redemption. Mortgage Loans and Mortgage-Backed Securities supported by, or representing, Mortgage Loans to be purchased or financed with moneys available in the Series 2018 A/B Mortgage Loan Fund Account (or in any Series 2018 A/B Recycling Subaccount) shall meet the requirements set forth in the Program Agreements and shall satisfy the Series Program Determinations (or such Series Program Determinations as may be applicable at the time which do not adversely affect the Rating Quality of the Bonds).

Proceeds of the Offered Bonds remaining on deposit in the Series 2018 A/B Mortgage Loan Fund Account (other than amounts on deposit in any Series 2018 A/B Recycling Subaccount) shall, at the direction of NIFA, be transferred (i) to the Series 2018 A/B Issuance Expense Account or the Series 2018 A/B Revenue Fund Account; or (ii) to the Redemption Fund and used to redeem Offered Bonds on or before September 1, 2021.

Any moneys remaining on deposit in the Series 2018 A/B Mortgage Loan Fund Account subsequent to a redemption of all outstanding Offered Bonds pursuant to the preceding paragraph may be transferred, at the direction of an Authorized Officer, to the Revenue Fund.

Pursuant to the terms of the Series 2018 A/B Supplemental Indenture, or otherwise at the written direction of NIFA, a Series 2018 A/B Recycling Subaccount may be established and funds may be deposited into such Series 2018 A/B Recycling Subaccount for the purpose of purchasing, acquiring or financing Mortgage Loans (or portions thereof), including Community Program Loans (which Mortgage Loans may be made at below-market interest rates or may provide for certain rebates to mortgagors in order to reduce interest rates to Mortgage Loans) originated by Participants and purchased by the Master Servicer pursuant to the Program Agreements (or originated by third parties, including NIFA, and pledged to secure the Bonds) and otherwise satisfying the Series Program Determinations to be established at the time, provided NIFA files a Cash Flow Certificate and a Cash Flow Statement evidencing that sufficient amounts will be available to pay the debt service on the Bonds when due or upon earlier redemption.

Revenue Fund

Unless otherwise specified in a Supplemental Indenture for a particular Series of Bonds, the Trustee shall credit all Revenues derived from the Mortgage Loans (including Defaulted Mortgage Loans) and the Mortgage-Backed Securities (provided that, if directed in a Supplemental Indenture, amounts representing accrued interest on the Mortgage Loans and Mortgage-Backed Securities from the origination or issue date thereof to the date purchased by the Trustee shall be remitted to the applicable Servicer) to the Revenue Fund. As soon as possible after receipt of such moneys for deposit into the Revenue Fund, the Trustee shall designate such moneys as Scheduled Principal Payments, Prepayments or other moneys. Amounts representing Prepayments shall be immediately transferred by the Trustee as directed pursuant to the terms of a Supplemental Indenture, upon the filing of a Cash Flow Statement or by a Certificate of an Authorized Officer, as appropriate. There shall also be deposited in the Revenue Fund, unless otherwise specified in the Supplemental Indenture, certain Prepayments and excess Revenues deposited in, and to be transferred from, the Mortgage Loan Fund, and any income or interest earned by, or increment to, any Fund or Account (other than, unless so directed by NIFA, the Debt Service Reserve Fund, the Mortgage Reserve Fund, the Rebate Fund and the Collateral Fund), unless otherwise specified in a Supplemental Indenture, established pursuant to the Indenture due to the investment thereof. **Under certain circumstances, NIFA may direct that excess Revenues be deposited to the Collateral Fund and applied as more fully described in the Indenture. In addition, under certain circumstances, NIFA may direct the funds on deposit in the Collateral Fund to be deposited to the Revenue Fund and applied as described herein.**

Pursuant to the terms of the Series 2018 A/B Supplemental Indenture and as reflected in the most recent Cash Flow Certificate and Cash Flow Statement, to the extent not required to pay debt service on the Bonds or redeem specific Series 2018 A/B Bonds, and subject to applicable tax laws, NIFA may direct Series 2018 A/B Prepayments and/or excess Revenues to be deposited in a Series 2018 A/B Recycling Subaccount of the Mortgage Loan Account to purchase, finance or acquire Mortgage Loans (or portions thereof) (which may be Mortgage Loans made at below market interest rates or may provide for certain rebates to mortgages).

Unless otherwise specified in the Supplemental Indenture for a particular Series of Bonds:

(a) On or before the last business day preceding each Interest Payment Date and other date on which principal of or interest on the Bonds is due, the Trustee shall transfer to the Debt Service Fund an amount sufficient to pay the interest, principal (if any) and Sinking Fund Installment due on such Interest Payment Date or other date for application as provided in the Indenture.

(b) On any Interest Payment Date or on such other date or dates as specified below or as directed in a Certificate of an Authorized Officer, the Trustee shall withdraw from the balance of any moneys remaining in the Revenue Fund in excess of Accrued Debt Service less amounts on deposit in the Debt Service Fund as of the date of withdrawal and deposit the same as follows:

First, to the credit of the Debt Service Reserve Fund such amount (or the balance of the moneys so remaining in the Revenue Fund if less than the required amount) as shall be required to increase the amount credited thereto to an amount equal to the Debt Service Reserve Requirement;

Second, to the credit of the Operating Fund, on each March 1 and September 1, an amount equal to the Operating Fee;

Third, to NIFA, free and clear of the lien of the Indenture, upon the filing of a Certificate of an Authorized Officer directing the amount to be so withdrawn and filing with the Trustee a

Cash Flow Statement and a Parity Certificate (as described below under the caption “Release of Amounts Free of Lien of Indenture”); and

Fourth, to the Mortgage Loan Fund, upon the filing of a Cash Flow Statement or, if so provided in a Supplemental Indenture, any remaining amounts, unless the Trustee shall otherwise be directed pursuant to the terms of a Supplemental Indenture or by a Certificate of an Authorized Officer to transfer all or a portion thereof to the Redemption Fund.

Notwithstanding the foregoing requirements, upon direction of an Authorized Officer, amounts in the Revenue Fund representing Excess Nonmortgage Earnings shall be withdrawn from the Revenue Fund only for deposit to the credit of the Rebate Fund in accordance with the requirements of the Indenture.

Debt Service Fund

The Trustee shall withdraw from the Debt Service Fund, on each Interest Payment Date and any other date on which interest on the Bonds is payable, an amount equal to the unpaid interest due on the Bonds on that date and, on any redemption date or purchase date pursuant to the Indenture, an amount equal to the unpaid interest due on the Bonds to be paid, redeemed or purchased, and shall cause it to be applied to the payment of said interest when due, or shall transmit it to one or more paying agents, who shall apply it to such payment.

The Trustee shall withdraw from the Debt Service Fund on each date on which principal of the Bonds is payable (a) an amount equal to the principal amount of the Outstanding Bonds, if any, due (whether by maturity, redemption or otherwise) on that date, which shall be applied to the payment or purchase of the principal of said Bonds when due or transmitted to one or more paying agents who shall apply it to such payment and (b) an amount equal to the Sinking Fund Installment, if any, due on that date, which shall be applied to the redemption of Bonds to be redeemed on that date or transmitted to one or more paying agents who shall apply it to such redemption.

Unless other dates are specified in the Supplemental Indenture authorizing a Series of Bonds, on or before the 31st day, but not earlier than the 33rd day, prior to each such date on which a Sinking Fund Installment is due, the Trustee shall proceed to select for redemption in the manner provided in the Indenture from all Outstanding Bonds subject to redemption from such Sinking Fund Installment an amount of such Bonds, equal to the aggregate principal amount of such Bonds redeemable with such Sinking Fund Installment, and shall call such Bonds for redemption from such Sinking Fund Installment on the next succeeding date for redemption, and give notice of such call in accordance with the Indenture. On or before the 33rd day next preceding any date on which a Sinking Fund Installment is due, NIFA, by a certificate of an Authorized Officer, may (a) deliver to the Trustee for cancellation, Bonds which are subject to redemption from such Sinking Fund Installment, or portions thereof, in any aggregate principal amount desired or (b) receive a credit in respect of its Sinking Fund Installment obligation for any such Bonds, which prior to said date have been delivered to the Trustee for cancellation or redeemed (otherwise than through redemption from a Sinking Fund Installment) and canceled by the Trustee and not theretofore applied as a credit against any Sinking Fund Installment obligation. Each Bond or portion thereof so delivered or previously redeemed shall be credited by the Trustee at the principal amount thereof on the obligation of NIFA with respect to such Sinking Fund Installments as the certificate of an Authorized Officer shall direct and the principal amount of such Bonds to be redeemed by such Sinking Fund Installment shall be accordingly reduced.

Unless other dates are specified in a Supplemental Indenture authorizing a Series of Bonds, on or before the thirty-third day preceding each date on which a Sinking Fund Installment is due, the Trustee, if directed by a certificate of an Authorized Officer, shall apply moneys in the Debt Service Fund held for such Sinking Fund Installment to the purchase of Outstanding Bonds subject to redemption from such Sinking Fund Installment in the manner hereinafter provided, and upon such purchase such Bonds shall be canceled and the amount of such Sinking Fund Installment shall thereupon be reduced by the principal amount of such Bonds so purchased and canceled, provided that no such Bonds shall be so purchased within the 33 days next preceding the date on which such Sinking Fund Installment is to be used to redeem Bonds. The price paid by the Trustee (excluding accrued interest, but including any brokerage and other charges) for any Bond purchased pursuant to the Indenture shall not exceed the redemption price applicable on the next date on which such Bond could be redeemed in accordance with its terms from a Sinking Fund Installment. Subject to the limitations set forth and referred to in the Indenture, the Trustee shall purchase Bonds at such times, for such prices, in such amounts and in such manner (whether after advertisement for tenders or otherwise) as the Trustee may be so directed by NIFA and as may be possible with the amount of money available in the Debt Service Fund.

Any investment earnings on moneys held in the Debt Service Fund shall be credited by the Trustee to the Revenue Fund upon receipt.

In the event that the amount in the Debt Service Fund on any Interest Payment Date or other date on which principal of or interest on the Bonds is payable, or otherwise, is insufficient to pay in full interest when due, or is insufficient to pay in full principal and Sinking Fund Installments when due, the Trustee shall withdraw the amount of such deficiency from the following funds in the following order: (a) any amounts in any capitalized interest account established pursuant to a Supplemental Indenture, (b) the Redemption Fund, to the extent available therein, (c) the Mortgage Loan Fund, to the extent of Prepayments or excess Revenues available therein, (d) the Debt Service Reserve Fund, (e) the Mortgage Reserve Fund and (f) the Collateral Fund.

Debt Service Reserve Fund

There shall be deposited into the Debt Service Reserve Fund, from the proceeds of the sale of the Bonds or such other sources as specified by a direction of an Authorized Officer of NIFA, the amounts specified by each Supplemental Indenture, provided that as a result of such deposit, the amount on deposit in the Debt Service Reserve Fund shall be at least equal to the Debt Service Reserve Requirement. No initial deposit is expected to be made into the Debt Service Reserve Fund in connection with the issuance of the Offered Bonds.

If there is not a sufficient amount in the Debt Service Fund to provide for the payment when due of principal of and interest on the Bonds and any Sinking Fund Installments, the Trustee shall withdraw from the Debt Service Reserve Fund (after withdrawing any amounts in any capitalized interest account established pursuant to a Supplemental Indenture, the Redemption Fund (to the extent of amounts available therein) and the Mortgage Loan Fund (to the extent of Prepayments or excess Revenues available therein), but prior to withdrawing any amounts from the Mortgage Reserve Fund or the Collateral Fund) and pay into the Debt Service Fund the amount of the deficiency then remaining. If there is not a sufficient amount in the Revenue Fund to make the deposits into the Operating Fund, the Trustee shall, on such date for deposit, withdraw from the Debt Service Reserve Fund (after withdrawing amounts in any capitalized interest account established pursuant to a Supplemental Indenture) to the extent of amounts available therein (but prior to any withdrawal from the Mortgage Reserve Fund or the Collateral Fund) and pay into the Revenue Fund the amount of the deficiency then remaining. Amounts withdrawn from the Debt Service Reserve Fund which reduce the balance therein below the Debt Service Reserve Requirement shall be replaced to the extent of available moneys in the Revenue Fund.

Under the terms of the General Indenture and certain Supplemental Indentures, the Operating Fee payable to NIFA includes certain amounts corresponding to amounts which may be due with respect to any liquidity facility, remarketing agreement or any interest rate swap agreement or cap agreement with any swap or cap counterparty. By operation of the provisions described above, it is possible that funds on deposit in the Debt Service Reserve Fund may be made available to satisfy any deficiency of all or a portion of such Operating Fee.

Interest and other income from the investment or deposit of amounts in the Debt Service Reserve Fund shall remain in the Debt Service Reserve Fund unless directed by an Authorized Officer of NIFA to be transferred to the Revenue Fund. Any balance in the Debt Service Reserve Fund in excess of the Debt Service Reserve Requirement shall, at the option of NIFA and upon the direction of an Authorized Officer of NIFA, be transferred to the Revenue Fund at such times as directed by such Authorized Officer.

The Debt Service Reserve Requirement with respect to the applicable Series of Bonds may be funded through Cash Equivalents. In connection with any discussion in the Indenture of “moneys” on deposit in or held for the credit of the Debt Service Reserve Fund, “moneys” shall be deemed to include said Cash Equivalents.

Mortgage Reserve Fund

There shall be deposited into the Mortgage Reserve Fund, from the proceeds of the sale of the Bonds or such other sources as specified by a direction of an Authorized Officer of NIFA, the amounts specified by each Supplemental Indenture, provided that as a result of such deposit, the amount on deposit in the Mortgage Reserve Fund shall be at least equal to the Mortgage Reserve Fund Requirement. No initial deposit is expected to be made into the Mortgage Reserve Fund in connection with the issuance of the Offered Bonds.

If there is not a sufficient amount in the Debt Service Fund to provide for the payment when due of principal of and interest on the Bonds and any Sinking Fund Installments, the Trustee shall withdraw from the

Mortgage Reserve Fund (after withdrawing any amounts in any capitalized interest account established pursuant to a Supplemental Indenture, the Redemption Fund (to the extent of amounts available therein), the Mortgage Loan Fund (to the extent of Prepayments or excess Revenues available therein) and the Debt Service Reserve Fund, but prior to withdrawing any amounts from the Collateral Fund) and pay into the Debt Service Fund the amount of the deficiency then remaining. If there is not a sufficient amount in the Revenue Fund to make the deposits into the Operating Fund, the Trustee shall, on such date for deposit, withdraw from the Mortgage Reserve Fund (after withdrawing amounts in any capitalized interest account established pursuant to a Supplemental Indenture and in the Debt Service Reserve Fund) to the extent of amounts available therein (but prior to any withdrawal from the Collateral Fund) and pay into the Revenue Fund the amount of the deficiency then remaining.

Under the terms of the General Indenture and certain Supplemental Indentures, the Operating Fee payable to NIFA includes certain amounts corresponding to amounts which may be due with respect to any liquidity facility, remarketing agreement, or interest rate swap agreement or cap agreement with any swap or cap counterparty.

The Trustee shall withdraw from the Mortgage Reserve Fund and pay to NIFA any amount stated in a Certificate of an Authorized Officer to be needed and not otherwise available for the payment of expenses or losses necessarily incurred or to be incurred (a) to acquire good and merchantable title to, and possession of, a Residence subject to a Defaulted Mortgage Loan as a prerequisite to making a claim for Mortgage Insurance, or (b) for the maintenance and preservation of the value of a Residence subject to a Defaulted Mortgage Loan, including, but not limited to, payment of real property taxes, insurance premiums, foreclosure fees, including appraisal and legal fees, costs of repairs, rehabilitation, maintenance, utilities and improvements necessary for sale.

NIFA is not obligated under the Indenture to replenish any withdrawals from the Mortgage Reserve Fund. Interest and other income from the investment or deposit of amounts in the Mortgage Reserve Fund shall remain in the Mortgage Reserve Fund unless directed by an Authorized Officer of NIFA to be transferred to the Revenue Fund. Any balance in the Mortgage Reserve Fund in excess of the Mortgage Reserve Fund Requirement shall, at the option of NIFA upon the direction of an Authorized Officer of NIFA, be transferred to the Revenue Fund at such times as directed by such Authorized Officer.

The Mortgage Reserve Fund Requirement with respect to the applicable Series of Bonds may be funded through Cash Equivalents. In connection with any discussion in the Indenture of “moneys” on deposit in or held for the credit of the Mortgage Reserve Fund, “moneys” shall be deemed to include said Cash Equivalents.

Operating Fund

The Operating Fund shall be held by NIFA. Moneys in the Operating Fund may, at the option of NIFA, be withdrawn from time to time for the purpose of paying the Operating Fee and, when so withdrawn and paid out, shall be free and clear of any lien or pledge created by the Indenture.

Pursuant to the terms of the General Indenture and certain Supplemental Indentures, on any Interest Payment Date or other date or dates as directed in a Certificate of an Authorized Officer, the Trustee shall withdraw amounts on deposit in the Operating Fund in accordance with the General Indenture and such certain Supplemental Indentures.

Redemption Fund

Amounts credited to the Redemption Fund shall be used for the purchase or redemption of Bonds. In addition, the Trustee shall, to the extent amounts are insufficient in the Debt Service Fund to pay principal of or interest on the Bonds when due, transfer (after transferring amounts in any capitalized interest account established in connection with a Supplemental Indenture, but prior to transferring amounts in the Mortgage Loan Fund, Debt Service Reserve Fund, Mortgage Reserve Fund and Collateral Fund) moneys from the Redemption Fund (for which notice of redemption has not been given) to the Debt Service Fund to pay principal of or interest on the Bonds.

Interest and other income from the investment or deposit of amounts in the Redemption Fund shall be immediately transferred by the Trustee to the Revenue Fund upon receipt thereof.

Rebate Fund

Amounts deposited and held in the Rebate Fund shall not be subject to the pledge of the Indenture; however, such amounts are held for public purposes and are necessary in order to comply with Section 148 of the Code, and therefore, such amounts are pledged, subject only to any withdrawals permitted by NIFA pursuant to the General Indenture, to the United States of America to the extent required to make any payments pursuant to Section 148 of the Code. Investment earnings on any moneys in the Rebate Fund shall be retained therein.

The Trustee shall establish in the Rebate Fund a separate account for the Outstanding Bonds of each Series (other than those Bonds issued as taxable Bonds) (each such account herein referred to as a “Series Rebate Account”). In connection with the preparation by NIFA of the Officer’s Certificate described below, the Trustee shall annually, within 20 days of the end of each respective Tax Bond Year, forward to NIFA information (as of the last day of each respective Tax Bond Year) with respect to the Average Balance of the investments in each of the Funds and Accounts. Annually, within 60 days after the end of each respective Tax Bond Year, NIFA shall file with the Trustee an Officer’s Certificate containing a computation of the Excess Nonmortgage Earnings, with a breakdown for each Fund and Account established under the Indenture, and if so directed by NIFA, the Trustee shall thereupon transfer the Excess Nonmortgage Earnings from the Revenue Fund to the related Series Rebate Account in the Rebate Fund to the extent necessary to comply with the Code.

If permitted by the Code, at such periodic intervals as NIFA, by an Officer’s Certificate, shall direct, NIFA may withdraw from the related Series Rebate Account in the Rebate Fund and transfer to the Revenue Fund (a) moneys in an amount which cumulatively do not exceed an amount equal to the amount of actual compounded losses sustained by NIFA in connection with Mortgage Loans in excess of the anticipated losses taken into account in determining the effective rate of interest on the Mortgage Loans pursuant to Section 143(g) of the Code and (b) other amounts, if any, permitted by the Code. The moneys so transferred shall no longer represent a portion of the Excess Nonmortgage Earnings.

NIFA shall, in accordance with the requirements of Section 148 of the Code, pay over moneys in the Rebate Fund to the United States of America. To the extent that moneys in the Rebate Fund are not withdrawn as described in the preceding paragraph, moneys in the Rebate Fund shall be withdrawn by NIFA for disbursement to the United States of America, at such times and in such amounts as shall be determined by NIFA in accordance with the requirements of the Code.

Collateral Fund

At the direction of an Authorized Officer, the Trustee shall deposit in the Collateral Fund any Collateral Securities identified by such Authorized Officer and not otherwise pledged under the Indenture. NIFA may cause to be deposited into the Collateral Fund, from time to time, such Collateral Securities including cash, securities, mortgage loans or other property as directed by NIFA. Collateral Securities may include excess Revenues and funds payable to NIFA under the Indenture, including, but not limited to, all or a portion of any operating fee or supplemental operating fee payable to NIFA with respect to any liquidity facility, remarketing agreement, interest rate swap agreement or interest rate cap agreement. Collateral Securities may also include amounts receivable by NIFA under contracts with third parties, including, but not limited to, any interest rate swap agreement entered into with any swap counterparty or interest rate cap agreement entered into with any cap counterparty which NIFA directs be deposited in the Collateral Fund.

Any moneys held in the Collateral Fund may be invested or reinvested in such securities, mortgage loans or other investments as may be directed by an Authorized Officer, which may include Permitted Investments, Mortgage Loans or Mortgage-Backed Securities, but are not restricted thereto unless otherwise provided in a Supplemental Indenture, and may include HBA Loans. As certain forms of HBA Assistance do not accrue any payment thereon unless certain conditions are not satisfied by the mortgagor, there may not be any expectation of a deposit of payments with respect thereto in the Collateral Fund. Any interest or income earned with respect to any of said Collateral Securities (including HBA Loans, if any) shall likewise be retained in the Collateral Fund or, at the direction of NIFA, released to NIFA, except as otherwise provided in the Indenture as then supplemented by all supplemental indentures in effect.

If on any date payments are required to be made from the Revenue Fund to pay principal of or interest on the Bonds, to replenish the Debt Service Reserve Fund or to make any transfer to the Operating Fund, and there are not sufficient funds in the Revenue Fund to make such payments, the Trustee shall withdraw (after withdrawing any

necessary and available amounts on deposit in (a) any capitalized interest account established pursuant to a Supplemental Indenture; (b) the Redemption Fund, to the extent available therein; (c) the Mortgage Loan Fund, to the extent of Prepayments or excess Revenues available therein; (d) the Debt Service Reserve Fund; and (e) the Mortgage Reserve Fund) from the Collateral Fund and transfer to the Revenue Fund such amounts as are necessary to provide sufficient funds for the required transfers from the Revenue Fund.

Under the terms of certain prior supplemental indentures relating to Prior Series Bonds, NIFA may direct the Trustee to transfer certain amounts on deposit in the Collateral Fund to the Revenue Fund for application to the payment of interest on the Bonds or on certain general obligation bonds issued by NIFA pursuant to the terms of its General Obligation Indenture, and to apply certain amounts on deposit in the Collateral Fund in satisfaction of payments due to any swap or cap counterparty pursuant to the terms of any interest rate swap or cap agreement.

At any time, at the direction of an Authorized Officer, the Trustee shall withdraw from the Collateral Fund and pay to NIFA, free and clear of the lien of the Indenture, such Collateral Securities as shall be specified therein, including any interest or income earned thereon, unless otherwise restricted by a Supplemental Indenture. It is anticipated, but not required, that NIFA may direct payments to be made to one or more swap counterparties and one or more cap counterparties, as necessary, with Collateral Securities otherwise available to be released to NIFA, free and clear of the lien of the Indenture.

THERE IS NO GUARANTEE THAT PROCEEDS, IF ANY, WITH RESPECT TO OBLIGATIONS EVIDENCING ANY COMMUNITY PROGRAM LOANS AND/OR ANY AMOUNTS DEPOSITED INTO OR CREDITED TO THE COLLATERAL FUND WILL BE AVAILABLE TO PAY PRINCIPAL OF OR INTEREST ON THE BONDS.

Issuance Expense Account

The Trustee shall apply money in the Issuance Expense Account to pay Issuance Expenses in connection with the Offered Bonds or the redemption premium, if any, for any Bonds to be redeemed at the direction of an Authorized Officer of NIFA. Upon receipt of a certificate of an Authorized Officer stating that the Issuance Expenses have been fully paid, the Trustee shall transfer any remaining balance in the Issuance Expense Account to the Series 2018 A/B Mortgage Loan Fund Account (or to the Revenue Fund if the proceeds made available upon the issuance of the Offered Bonds held in the Series 2018 A/B Mortgage Loan Fund Account have been fully disbursed as of the date of such transfer) or, to NIFA (provided that if the remaining balance was funded with proceeds of the Offered Bonds, then to NIFA only upon receipt of a Favorable Opinion of Bond Counsel with respect to such transfer).

Release of Amounts Free of Lien of Indenture

As described above under the caption “Revenue Fund,” on any Interest Payment Date or on such other date or dates as specified below or as directed in a Certificate of an Authorized Officer, the Trustee shall withdraw moneys remaining in the Revenue Fund in excess of Accrued Debt Service less amounts on deposit in the Debt Service Fund as of the date of withdrawal for release to NIFA, free and clear of the lien of the Indenture, upon the filing of a Certificate of an Authorized Officer directing the amount to be so withdrawn and filing with the Trustee a Cash Flow Statement and a Parity Certificate. The Cash Flow Statement shall be as described herein under “SECURITY FOR THE BONDS—Cash Flow Statements” and the Parity Certificate shall be a Certificate of an Authorized Officer of NIFA, giving effect to any action contemplated to be taken in connection with the filing thereof, showing that (a) the sum of (i) the moneys, Permitted Investments and Cash Equivalents then credited to the Mortgage Loan Fund, the Revenue Fund, the Debt Service Fund (but only to the extent of moneys held therein for the payment of principal on Outstanding Bonds), the Debt Service Reserve Fund and the Redemption Fund (but only to the extent that notice of redemption has not yet been given in accordance with the Indenture), (ii) the unpaid principal amount of all Mortgage Loans and Mortgage-Backed Securities credited to the Mortgage Loan Fund and (iii) such other amounts, if any, as may be specified by a Supplemental Indenture (other than amounts credited to the Mortgage Reserve Fund unless so permitted by the Rating Agency) equals or exceeds (b) an amount equal to 103% (or such lesser percentage as does not adversely affect the Rating Quality of the Bonds) of the principal amount of Outstanding Bonds of all Series.

Additionally, as described above under the caption “Mortgage Loan Fund,” Mortgage Loans and Mortgage-Backed Securities credited to the Mortgage Loan Fund may, under certain circumstances, be released to

NIFA, free and clear of the lien of the Indenture, upon, among other conditions, the filing with the Trustee of a Cash Flow Statement and Parity Certificate.

Investment of Funds and Accounts Held by the Trustee

Except as otherwise provided in the Indenture, NIFA may direct the Trustee to, and in the absence of direction the Trustee shall, invest moneys in the Funds and Accounts held by the Trustee in Permitted Investments, the maturity or redemption date at the option of the holder of which shall not exceed the date or dates on which moneys in said Fund or Account for which the investments were made are expected to be required for the purposes provided in the Indenture.

Obligations purchased as an investment of moneys in any Fund or Account held by the Trustee under the provisions of the Indenture shall be deemed at all times to be a part of such Fund or Account (and of each Series subaccount thereof), and except as otherwise expressly provided in the Indenture, the income or interest earned by, or the increment to, a Fund or Account (other than the Rebate Fund, the Debt Service Reserve Fund, the Mortgage Reserve Fund and the Collateral Fund) due to the investment thereof shall be transferred to the Revenue Fund as received. Amounts representing the income or interest earned by, or the increment to, the Debt Service Reserve Fund and the Mortgage Reserve Fund due to the investment thereof shall be transferred to the Revenue Fund only if directed by an Authorized Officer of NIFA. Moneys in separate Funds and Accounts may be commingled for the purpose of investment or deposit, subject to instructions from an Authorized Officer, to the extent possible in conformity with the provisions of the Indenture.

In computing the amount in any Fund or Account held by the Trustee under the provisions of the Indenture, obligations purchased by the Trustee or transferred by NIFA to the Trustee as an investment of moneys therein shall be valued at the Amortized Value, plus the amount of accrued interest, except that securities covered by repurchase agreements shall be valued at market price. Where market prices for obligations held by the Trustee are not readily available, the Trustee may determine the market price for such obligations in such manner as it deems reasonable. To the extent that moneys are invested pursuant to an Investment Agreement, such Investment Agreement shall be valued at par.

The Trustee shall sell outright or pursuant to a repurchase agreement at the best price obtainable, or present for redemption, any obligation purchased by it as an investment whenever it shall be necessary in order to provide moneys to meet any payment or transfer from the Fund or Account for which such investment was made or as otherwise directed by NIFA. When transferring moneys from one Fund or Account to another, investments need not be liquidated, and all or a portion of such invested moneys may be credited to a particular Fund or Account from another. The Trustee shall check the accuracy of all calculations of investment earnings on all Permitted Investments.

At the direction of an Authorized Officer of NIFA, the Trustee may sell Permitted Investments and purchase any Permitted Investments in exchange therefor.

Payment of Bonds

NIFA covenants that it shall duly and punctually pay or cause to be paid, solely from amounts available under the Indenture, the principal of and interest on the Bonds, at the dates and places and in the manner mentioned in the Bonds, and shall duly and punctually pay or cause to be paid, solely from amounts available under the Indenture, to the Trustee any part of any Sinking Fund Installment pursuant to any provision of the Indenture.

Purchase of Mortgage-Backed Securities; Purchase of Mortgage Loans

In carrying out the Program, NIFA shall cause the Trustee to purchase, using proceeds from the Bonds of each Series, together with any other amounts deposited in the related Series Mortgage Loan Account, Mortgage-Backed Securities backed by Mortgage Loans and/or Mortgage Loans with such maturity dates, for such prices and at such rates of interest as will permit NIFA to pay the debt service on such Bonds in a manner consistent with the NIFA Act, the Indenture and any other documents by which NIFA is bound.

No amounts which have been deposited in the Mortgage Loan Fund shall be disbursed to finance, purchase or acquire any Mortgage-Backed Security or Mortgage Loan unless the Mortgage Loan (or Mortgage Loan underlying the Mortgage-Backed Security) meets the requirements of the applicable Program Agreements.

NIFA shall take whatever action is required by law from time to time to pledge the Mortgage-Backed Securities and the Mortgage Loans to the Trustee.

NIFA warrants and covenants (a) that no Mortgage Loan or Mortgage-Backed Security backed by a Mortgage Loan shall be financed by NIFA under the Program *unless* the Mortgage Loan (or Mortgage Loan underlying the Mortgage-Backed Security) complies in all respects with the NIFA Act and (b) to comply with any additional Program covenants contained in any Supplemental Indenture.

Enforcement of Mortgage-Backed Securities, Mortgage Loans and Program Agreements

NIFA shall diligently enforce and take all reasonable steps, actions and the proceedings necessary for the enforcement of all terms, covenants and conditions of all Mortgage-Backed Securities, Mortgage Loans and the Program Agreements, including the prompt payment of all payments and all other amounts due NIFA thereunder. NIFA shall not, without good cause, release the obligations of any mortgagor under any Mortgage Loan, Mortgage-Backed Security or any Participant or Servicer under any Program Agreement, except as expressly provided therein and in the Indenture, and shall at all times, to the extent permitted by law, defend, enforce, preserve and protect the rights and privileges of NIFA and of the Bondholders under or with respect to each Mortgage-Backed Security and Mortgage Loan and the Program Agreements, provided that this provision shall not be construed to prevent NIFA from (i) settling a default thereof on any Mortgage Loan or Mortgage-Backed Security on such terms as NIFA shall determine to be in the best interests of NIFA and the Bondholders or (ii) releasing any mortgagor from, or waiving, any of such mortgagor's obligations under the respective Mortgage Loan to the extent necessary to preserve the tax-exempt status of the Bonds or as otherwise authorized in a Supplemental Indenture.

Amendment of Mortgage Loans; Disposition of Mortgage Loans and Mortgage-Backed Securities

NIFA shall not consent to or agree to or permit any amendment or modification of any Mortgage Loan which will in any manner impair or materially adversely affect the rights or security of the Bondholders or the Trustee under the Indenture. In determining whether any amendment or modification will in any manner impair or materially adversely affect the rights or security of the Bondholders or the Trustee under the Indenture, NIFA may rely on a Counsel's Opinion.

NIFA may at any time, consistent with the other provisions of the Indenture, sell, transfer, assign, dispose of or otherwise release from the lien of the Indenture a Mortgage Loan or Mortgage-Backed Security:

- (a) in order to realize the benefit of any insurance or guarantee with respect to such Mortgage Loan or Mortgage-Backed Security or any covenant of a Participant or Master Servicer under any Program Agreement;
- (b) in order to provide funds for the redemption or purchase of a principal amount of Bonds corresponding to the unpaid principal amount of such Mortgage Loan or Mortgage-Backed Security, if a Cash Flow Statement shall be filed with the Trustee giving effect to the proposed sale thereof and the application of the proceeds of such sale; provided, however, that no such certificate shall be necessary if all Outstanding Bonds are simultaneously defeased pursuant to the General Indenture;
- (c) upon payment in full of such Mortgage Loan or Mortgage-Backed Security; or
- (d) as described under "THE INDENTURE—Mortgage Loan Fund" above.

NIFA may also sell any Mortgage, Mortgage-Backed Security or other obligation evidencing or securing a Mortgage Loan made or purchased by NIFA if it is necessary for NIFA to take such action in order to maintain the tax exemption on any Series of Bonds pursuant to the Code.

Arbitrage and Tax Covenant

NIFA covenants that it shall take no action which may cause interest on the Bonds (other than those Bonds issued as taxable Bonds) to be included in gross income for federal income tax purposes and shall do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by NIFA on the Bonds (other than those Bonds issued as taxable Bonds) shall not be includable in gross income for federal income tax purposes.

No moneys on deposit in any Fund or Account in connection with the Bonds (other than those Bonds issued as taxable Bonds) shall at any time be used in a manner which would cause such Bonds to be “arbitrage bonds” as defined in Sections 143 and 148 of the Code.

Accounts and Reports

The Trustee has been directed by NIFA to keep proper books of record and account in which complete and accurate entries shall be made of its transactions relating to the Program and all Funds and Accounts established by or pursuant to the Indenture, which shall at all reasonable times be subject to the inspection of NIFA or the holders (or Beneficial Owners who have filed their names and addresses with the Trustee) of an aggregate of not less than 5% in principal amount of Bonds then outstanding or their representatives duly authorized in writing.

Events of Default

Each of the following events is an Event of Default under the General Indenture:

- (1) interest on any of the Bonds is not paid by NIFA on any date when due or the principal of any Bond is not paid by NIFA at maturity or the redemption price of any Bond is not paid by NIFA at a Redemption Date at which such Bond has been called for redemption;
- (2) if there is a default in the performance or observance of any other of the covenants, agreements or conditions on the part of NIFA in the General Indenture, in any Supplemental Indenture or in the Bonds contained and such default is not remedied within 60 days after receipt by NIFA of written notice thereof from the Trustee or the holders of not less than 25% in aggregate principal amount of all Outstanding Bonds, provided that such a default will not be considered an Event of Default if it cannot be corrected within such 60 days and NIFA has instituted corrective action within such period and diligently pursues the same until the default is corrected;
- (3) if NIFA shall file any petition seeking relief under the federal bankruptcy laws or under any other applicable law or statute of the United States of America or of the State; or
- (4) if the State has limited or altered the rights of NIFA pursuant to the NIFA Act, as in force on the date of the General Indenture and as of the date of each Supplemental Indenture, to fulfill the terms of any agreements made with holders of Bonds or in any way impaired or diminished the rights or security (including, but not limited to, assets pledged to secure the Bonds) or remedies of holders of Bonds while any Bonds are Outstanding.

Remedies

Upon the occurrence of an Event of Default, the Trustee may pursue any available remedy under the NIFA Act, at law or in equity, to enforce the payment of the principal and interest on the Bonds then Outstanding, including, without limitation, the following:

- (1) the Trustee may declare the principal of all Bonds Outstanding and the interest accrued thereon to be immediately due and payable, whereupon such principal amount and interest thereupon shall become immediately due and payable if an Event of Default described in paragraph (1) above under the caption “Events of Default” has occurred;
- (2) the Trustee shall have full power and authority to take such action with respect to the Mortgage-Backed Securities and Mortgage Loans assigned by the Indenture as the Trustee shall deem

necessary or appropriate, subject only to the terms of such Mortgage-Backed Securities and Mortgage Loans;

(3) the books of record and account of NIFA and all records relating to the Program shall at all times be subject to the inspection and use of the Trustee and of its agents and attorneys; and

(4) NIFA, whenever the Trustee shall demand, will account as if it were the trustee of an express trust for all Revenues and other moneys, securities and Funds and Accounts pledged or held under the Indenture for such period as shall be stated in such demand.

If an Event of Default shall have occurred and, if requested so to do by the holders of not less than 25% in aggregate principal amount of Bonds then Outstanding and indemnified as provided in the General Indenture, the Trustee shall be obligated to exercise one or more of the rights and powers conferred above, as the Trustee, being advised by counsel, shall deem most expedient in the interest of the Bondholders.

In case any proceeding taken by the Trustee to enforce any right under the Indenture shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then in every such case NIFA, the Trustee and the holders of all Bonds shall be restored to their former positions and rights under the Indenture, respectively, and all rights, remedies and powers of the Trustee shall continue as though no such proceeding had been taken.

No remedy conferred upon or reserved to the Trustee or to holders of Bonds in the Indenture is intended to be exclusive of any other remedy, and each and every remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or the Bondholders under the Indenture or existing at law or in equity or by statute.

Priority of Payments After Default

All moneys received by the Trustee pursuant to any right given or action taken upon the occurrence of an Event of Default shall (in the case of a default described in paragraph (1) above under the caption "Events of Default," after payment of the costs and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Trustee and of any Program expenses necessary to maintain the security for the Bonds) be deposited in the Debt Service Fund and all moneys in the Debt Service Fund (other than moneys held for redemption of Bonds duly called for redemption) shall be applied as follows:

(a) Unless the principal amount of all the Bonds shall have become or shall have been declared due and payable, all such moneys shall be applied:

FIRST, to the payment to the persons entitled thereto of all interest then due on the Bonds, in the order of the maturity of such interest and, if the amount available shall not be sufficient to pay in full said amount, then to the payment ratably, according to the amounts due to the persons entitled thereto, without any discrimination or privilege;

SECOND, to the payment to the persons entitled thereto of the unpaid principal amount of any of the Bonds which shall have become due (other than Bonds matured or called for redemption for the payment of which moneys are held pursuant to the provisions of the Indenture), in the order of their due dates, with interest on such Bonds from the respective dates upon which they became due at the rate borne by the Bonds and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date to the persons entitled thereto, without any discrimination or privilege; and

THIRD, to be held for the payment to the persons entitled thereto as the same shall become due of the principal amount of and interest on the Bonds which may thereafter become due either at maturity or upon call for redemption prior to maturity and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with interest then due and owing thereon, payment shall be made ratably, according to the amount of principal due on such date to the persons entitled thereto, without any discrimination or privilege.

(b) If the principal amount of all the Bonds shall have become or shall have been declared due, all such moneys shall be applied to the payment of the principal amount and interest then due and unpaid upon the Bonds, without preference or priority of principal amount over interest or of interest over principal amount, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal amount and interest to the persons entitled thereto, without any discrimination or privilege.

(c) If the principal amount of all the Bonds shall have been declared due and payable, and if such declaration shall thereafter have been rescinded and annulled under the provisions of the Indenture, then, subject to the provisions of the preceding paragraph (b), in the event that the principal amount of all the Bonds shall later become due or be declared due and payable, the moneys shall be applied in accordance with the provisions of paragraph (a) above.

Whenever moneys are to be applied as described above, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an Interest Payment Date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the principal amount to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the holder of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Whenever all principal amounts of and interest on all Bonds have been paid as described above and all fees, expenses and charges of the Trustee and any paying agent have been paid, any balance remaining in the Debt Service Fund shall be paid to NIFA.

Restrictions on Bondholder's Action

No holder of any Bond shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of any provision of the Indenture or for the execution of any trust thereunder or for the appointment of a receiver or for any other remedy thereunder, unless (1) a default has occurred of which the Trustee has been notified as provided in the Indenture, or of which by the Indenture it is deemed to have notice; (2) such default shall have become an Event of Default and the owners of not less than 50% in aggregate principal amount of Bonds then Outstanding or, if such Event of Default is an Event of Default described in clause (1) under the caption "Events of Default" aforesaid, the owners of not less than 50% in aggregate principal amount of Bonds then Outstanding of the Series with respect to which such Event of Default has happened shall have given written notice to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers granted pursuant to the Indenture or to institute such action, suit or proceeding in their own name or names; (3) such Bondholders have offered to the Trustee indemnity as provided in the Indenture; and (4) the Trustee shall thereafter fail or refuse to exercise the powers granted pursuant to the Indenture or to institute such action, suit or proceeding in its own name. Such notification, request and offer of indemnity are in every case at the option of the Trustee condition precedent to the execution of the powers and trusts of the Indenture, and to any action or cause of action for the enforcement of the Indenture, or for the appointment of a receiver or for any other remedy thereunder.

No one or more holders of the Bonds shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of the Indenture by such holder's action or to enforce any right thereunder except in the manner therein provided. All proceedings at law or in equity shall be instituted, had and maintained in the manner therein provided and for the equal and ratable benefit of the holders of all Bonds then Outstanding, subject to the provisions of the Indenture.

Supplemental Indentures

For any one or more of the following purposes and at any time or from time to time, a Supplemental Indenture of NIFA supplementing the General Indenture may be adopted, which Supplemental Indenture, upon filing with the Trustee of a copy thereof certified by an Authorized Officer, shall be fully effective in accordance with its terms:

(a) to close the General Indenture against, or provide limitations and restrictions in addition to the limitations and restrictions contained in the General Indenture on, the delivery of Bonds or the issuance of other evidences of indebtedness;

(b) to authorize Bonds of a Series and, in connection therewith, specify and determine the matters and things referred to in the General Indenture, and also any other matters and things relative to such Bonds which are not contrary to or inconsistent with the Indenture as theretofore in effect, or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first delivery of such Bonds;

(c) (i) to add to the covenants or agreements of NIFA in the Indenture other covenants or agreements to be observed by NIFA which are not contrary to or inconsistent with the Indenture as theretofore in effect or (ii) to make any change which, in the judgment of the Trustee (in reliance upon evidence that such change will not adversely affect the Rating Quality of the Bonds), is not to the material prejudice of the Bondholders;

(d) to add to the limitations or restrictions in the Indenture other limitations or restrictions to be observed by NIFA which are not contrary to or inconsistent with the Indenture as theretofore in effect;

(e) to surrender any right, power or privilege reserved to or conferred upon NIFA by the Indenture;

(f) to confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Indenture of the Revenues or any other money, securities, Funds or Accounts; and

(g) to modify any of the provisions of the Indenture in any respect whatever, provided that (i) such modifications shall be, and be expressed to be, effective only after all Bonds of any Series Outstanding at the date of the adoption of such Supplemental Indenture shall cease to be Outstanding and (ii) such Supplemental Indenture shall be specifically referred to in the text of all Bonds of any Series delivered after the date of the adoption of such Supplemental Indenture and of Bonds issued in exchange therefor or in place thereof.

For any one or more of the following purposes and at any time or from time to time, a Supplemental Indenture, amending or supplementing the General Indenture, may be approved and entered into by NIFA, which, upon (i) filing with the Trustee of a copy thereof certified by an Authorized Officer and (ii) filing with the Trustee and NIFA of an instrument in writing made by the Trustee consenting to such Supplemental Indenture, shall be fully effective in accordance with its terms:

(1) to cure any ambiguity, supply any omission or cure or correct any defect or inconsistent provision in the Indenture; or

(2) to insert such provisions clarifying matters or questions arising under the Indenture as are necessary or desirable and are not contrary to or inconsistent with the Indenture as theretofore in effect.

Exclusive of the supplemental indentures covered above, the General Indenture provides that (a) the holders of not less than two-thirds in aggregate principal amount of the Bonds then Outstanding at the time such consent is given and (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, the holders of not less than two-thirds in aggregate principal amount of the Bonds of the particular Series Outstanding affected at the time such consent is given shall have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by NIFA and the Trustee of such indentures supplemental to the Indenture as shall be deemed necessary and desirable by the Trustee for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any Supplemental Indentures. Nothing shall permit, or be construed as permitting, without the consent of the holders of all Bonds Outstanding, (i) an extension of the maturity or mandatory sinking fund redemption date of the principal of or the time for payment of the interest on any Bond issued thereunder; (ii) a reduction in the principal amount of any Bond or the rate of interest (except as otherwise provided in a Supplemental Indenture), or sinking fund redemption requirements, thereon; (iii) a privilege or priority of any Bond or Bonds over any other Bond or Bonds; (iv) a reduction in the aggregate principal amount of the

Bonds required for consent to such Supplemental Indenture; (v) the creation of any lien other than a lien ratably securing all of the Bonds at any time outstanding thereunder; or (vi) any modification of the trusts, powers, rights, obligations, duties, remedies, immunities and privileges of the Trustee without the written consent of the Trustee.

For the purposes of the above, Bonds of any particular Series shall be deemed to be affected by a modification or amendment of the Indenture if the same adversely affects or diminishes the rights of the holders of Bonds of such Series. The Trustee, relying upon Counsel's opinion, may determine whether or not, in accordance with the foregoing powers of amendment, Bonds of any particular Series or maturity would be affected by a modification or amendment of the Indenture, and any such determination shall be binding and conclusive on NIFA and all holders of Bonds.

The Indenture and the rights and obligations of NIFA and the holders of the Bonds may be modified or amended in any respect upon the execution by NIFA and filing in accordance with the provisions of the General Indenture of a Supplemental Indenture of NIFA making such modification or amendment and the consent to such Supplemental Indenture by the holders of all of the Bonds then Outstanding, such consent to be given and proved as provided in the General Indenture. No such modification or amendment shall change or modify any of the rights or obligations of the Trustee without the Trustee's written assent thereto.

In addition, NIFA may enter into an agreement with any Bondholder restricting one or more rights of such Bondholder, provided that such agreement shall affect only such Bondholder (or assigns), and such agreement shall not grant such Bondholder any rights or privileges not afforded other Bondholders.

Defeasance

If NIFA shall pay or cause to be paid, or there shall otherwise be paid or provision for payment made, to the holders of the Bonds the principal amount of, premium, if any, and interest due or to become due thereon at the times and in the manner stipulated therein, then unless there shall be delivered to the Trustee a certificate of an Authorized Officer to the contrary, the presents and the estate and rights granted by the Indenture shall cease, determine and be void, whereupon the Trustee shall cancel and discharge the lien of the Indenture, and execute and deliver to NIFA such instruments in writing as shall be requisite to release the lien of the Indenture, and reconvey, release, assign and deliver unto NIFA any and all the estate, right, title and interest in and to any and all rights or property assigned or pledged to the Trustee or otherwise subject to the lien of the Indenture, except cash held by the Trustee or any paying agent for the payment of the principal amount of, premium, if any, and interest on any Series of Bonds.

Any Bond shall be deemed to be paid for all purposes of the Indenture when payment of the principal amount of and premium, if any, on such Bond, plus interest thereon to the due date thereof (whether such due date is by reason of maturity or upon redemption), either (a) shall have been made or caused to be made in accordance with the terms thereof or (b) shall have been provided by irrevocably depositing with the Trustee, in trust and irrevocably set aside exclusively for such payment (i) moneys sufficient to make such payment and/or (ii) Federal Obligations (which may be subject to redemption prior to maturity only if such terms of redemption do not adversely affect the Rating Quality of the Bonds) maturing as to principal and interest in such amount and at such time as will ensure the availability of sufficient moneys to make such payment. At such times as a Bond shall be deemed to be paid under the Indenture, as aforesaid, it shall no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment from such moneys or Federal Obligations.

Notwithstanding the above, no deposit under clause (b) of the immediately preceding paragraph shall be deemed a payment of such Bonds as aforesaid until the earlier of: (i) proper notice of redemption of such Bonds shall have been previously given in accordance with the Indenture, or in the event said Bonds are not by their terms subject to redemption within the next succeeding 60 days, until NIFA shall have given the Trustee, in form satisfactory to the Trustee, irrevocable instructions to notify, as soon as practicable, the holders or owners of the Bonds, in accordance with the Indenture, that the deposit required by clause (b) above has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with the Indenture and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal or redemption price, if applicable, on said Bonds; or (ii) the maturity of such Bonds.

Notwithstanding the foregoing, in the case of Bonds which by their terms may be redeemed prior to their stated maturity, no deposit under the second preceding paragraph shall be deemed a payment of such Bonds as aforesaid until NIFA shall have given the Trustee, in form satisfactory to the Trustee, irrevocable instruction:

(a) stating the date when the principal amount (and premium, if any) of each such Bond is to be paid, whether at maturity or on a redemption date;

(b) to call for redemption pursuant to the Indenture (and at such times as notice thereof may be given in accordance with the Indenture) any Bonds to be redeemed prior to maturity pursuant to (i) in the immediately preceding paragraph above; and

(c) to mail, as soon as practicable, in the manner prescribed by the Indenture, a notice to the holders of such Bonds and to the Rating Agency that the deposit required by (b) in the second paragraph immediately preceding this paragraph has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with the Indenture and stating the maturity or redemption date upon which moneys are to be available for the payment of the principal or redemption price, if applicable, on said Bonds as specified in (i) in the immediately preceding paragraph above and, if a maturity date is stated, whether or not such Bonds continue to be subject to redemption.

All moneys so deposited with the Trustee as provided above may at the direction of NIFA also be invested and reinvested in Federal Obligations, maturing in the amounts and at the times as set forth in the Indenture, and all income from all Federal Obligations in the hands of the Trustee pursuant to the Indenture which is not required for the payment of the Bonds and interest and premium, if any, thereon with respect to which such moneys shall have been so deposited shall be deposited in the Revenue Fund as and when realized and collected for such application as are other moneys deposited in such Fund.

All moneys or Federal Obligations set aside and held in trust pursuant to the provisions of the Indenture for the payment of Bonds (including interest and premium thereon, if any) shall be applied to and used solely for the payment of the particular Bonds (including interest and premium thereof, if any) with respect to which such moneys and Federal Obligations have been so set aside in trust.

Additional Obligations

So long as any Bonds are Outstanding, NIFA has covenanted that it will not create or permit the creation of or issue any obligations or create any additional indebtedness (other than additional Series of Bonds) which will be secured by a superior or equal charge or superior or equal lien on the Revenues and other amounts pledged under the Indenture or will be payable, on an equal or superior basis, from any of the Funds or Accounts established and created by or pursuant to the Indenture. NIFA may, however, issue evidences of indebtedness (i) secured by a pledge of Revenues that may be released from the lien of the Indenture or (ii) not issued under the Indenture.

Compensation of Trustee

The Trustee shall be entitled to, from time to time, reasonable compensation for services rendered by it under the Indenture and also reimbursement for all its reasonable expenses, charges, legal fees and other disbursements and those of its attorneys, agents and employees, incurred in and about the performance of its powers and duties under the Indenture, provided that any such compensation or reimbursement shall be payable solely as described in paragraph *Second* above under the caption “THE INDENTURE—Establishment of Funds and Accounts—*Revenue Fund*” and any Supplemental Indenture and shall be limited, except in an Event of Default, to such amounts which shall be payable at such times as shall be set forth in a Supplemental Indenture. In an Event of Default under the Indenture, but only upon an Event of Default, the Trustee shall have a lien for its compensation and expenses on any and all funds at any time held by it under the Indenture in the priority described above under the caption “Priority of Payments After Default.”

Resignation and Removal of Trustee

The Trustee, or any successor thereof, may at any time resign and be discharged of its duties and obligations created by the Indenture by giving not less than 60 days’ written notice to NIFA and delivering notice thereof to the Bondholders, specifying the date when such resignation shall take effect. The Trustee, or any successor thereof, may be removed at any time by the holders of a majority in principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of NIFA, or by NIFA (if NIFA is not in default under the Indenture), by, in the case of removal by the Bondholders, an instrument or concurrent instruments in writing signed and duly acknowledged by such Bondholders or by their attorneys duly authorized in writing and delivered to NIFA and by, in the case of removal by NIFA, notice thereof to the Trustee. The resignation or removal of the

Trustee shall not be effective unless a successor Trustee has been appointed and has accepted the duties of the Trustee.

Successor Trustee

In the event the Trustee shall resign or be removed or shall become incapable of acting or shall be adjudged a bankrupt or insolvent or if a receiver, liquidator or conservator of the Trustee or its property be appointed or control of the Trustee shall be taken by any public office or officer, a successor may be appointed by NIFA or the holders of a majority in principal amount of the Bonds then Outstanding. Pending such appointment, NIFA shall appoint a fiduciary to fill such vacancy until a successor trustee is appointed by the holders of the Bonds.

Limited Obligation Bonds

The Bonds are limited obligations of NIFA and are payable solely out of any Revenues derived from the operation of the Program and other amounts pledged therefor pursuant to the Indenture. All Bonds issued pursuant to the Indenture are equally and ratably secured by the lien thereof.

Bonds Not an Obligation of the State or Any Political Subdivision Thereof

The Bonds do not constitute a debt of the State or any political subdivision thereof, and neither the State nor any of its political subdivisions are liable thereon, nor in any event shall the principal and interest be payable out of any funds or properties other than all or any part of the Revenues as set forth in the Indenture. The Bonds do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction.

RATINGS OF THE OFFERED BONDS

The Fixed Rate Offered Bonds have been assigned a rating of “AA+” by S&P, and the Variable Rate Offered Bonds have been assigned ratings of “AA+/A-1+” by S&P. An explanation of the significance of such ratings may be obtained only from S&P. cfX, NIFA’s quantitative consultant, has furnished information and materials to S&P relating to NIFA and the Offered Bonds, certain of which information and materials have not been included in this Official Statement. Generally, rating agencies base their ratings on such information and materials and on investigations, studies and assumptions by the rating agencies. There is no assurance that such ratings will continue for any given period of time or that one or more will not be revised downward or withdrawn entirely by S&P if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Offered Bonds. NIFA has not undertaken any responsibility to bring to the attention of the owners of the Offered Bonds any proposed suspension, revision or withdrawal of the ratings on the Offered Bonds, except in connection with the reporting of certain events as provided in the Disclosure Certificate (defined below), or to oppose any such proposed suspension, revision or withdrawal.

TAX TREATMENT AND RELATED CONSIDERATIONS

General

The Code establishes certain requirements that must be met subsequent to the issuance of the Offered Bonds in order that interest thereon be and remain excludable from gross income for federal income tax purposes. Failure to comply with such requirements could cause the interest on the Offered Bonds to be includable in gross income retroactive to the date of original issuance of the Offered Bonds. The requirements of the Code include provisions that restrict the yield and set forth other limitations within which the proceeds made available upon the issuance of the Offered Bonds are to be invested, including mortgage eligibility requirements, and require that certain investment earnings be rebated on a periodic basis to the United States Treasury.

Section 143 of the Code imposes significant limitations on the financing of single-family Mortgage Loans with the proceeds of the Offered Bonds. NIFA requires that all Mortgage Loans financed by the proceeds made available upon the issuance of the Offered Bonds satisfy these requirements, including, but not limited to, the borrower income and purchase price limitations of Section 143 of the Code.

Under the Code, the following requirements must be met with respect to each Mortgage Loan financed, in whole or in part, with the proceeds of Offered Bonds: (a) the residence being financed must reasonably be expected

by NIFA to become the principal residence of the mortgagor within a reasonable time after the financing is provided, must not be intended primarily or expected to be used in a trade or business and may not be used as an investment property or as a recreational home; (b) subject to certain limited exceptions, at least 95% of the lendable proceeds of an issue, after deducting such proceeds used to make Mortgage Loans in “targeted areas,” qualified rehabilitation loans or home improvement loans and mortgage loans made to certain “veteran” borrowers (as defined in 38 U.S.C. Section 101) who have not previously obtained mortgage loans financed by single family mortgage revenue bonds, must be used to finance residences of borrowers who have not had a present ownership interest in a principal residence during the three-year period prior to the date on which the mortgage is executed; (c) the acquisition cost of the residence must not exceed certain limitations; (d) all mortgages must be made to borrowers whose income does not exceed certain limitations; (e) subject to certain limited exceptions, proceeds may not be applied to acquire or replace an existing mortgage, except for the replacement of temporary initial financing or qualified rehabilitation; and (f) a mortgage may not be assumed unless requirements (a) through (d) above are met.

An issue of bonds is treated as meeting the mortgage eligibility requirements of the Code only if the issuer in good faith attempts to meet all of the mortgage eligibility requirements before the mortgages are executed and any failure to comply with the mortgage eligibility requirements is corrected within a reasonable period after such failure is first discovered. In addition, 95% or more of the proceeds of the issue used to make loans must be used to finance residences which met all such requirements at the time the loans were executed. In determining whether 95% of the proceeds have been so used, the issuer is entitled to rely on affidavits of the mortgagor and the seller and on the mortgagor’s income tax returns filed with the Internal Revenue Service (the “IRS”) for the three years preceding the date the mortgage is executed even though the relevant information in such affidavits and returns should ultimately prove to be untrue, unless NIFA or its agent knows or has reason to believe that such information is false. If the relevant information in the affidavits obtained in connection with any loan is discovered to be untrue, however, the correction still must be made within a reasonable period. An issue of bonds is treated as meeting the arbitrage and targeting requirements of the Code if (a) the issuer in good faith attempted to meet all these requirements and (b) any failure to meet such requirements is due to inadvertent error after taking reasonable steps to comply with the requirements.

NIFA requires the inclusion of certain provisions in the Participant loan documents and other relevant documents and has established certain procedures (including receipt of certain affidavits and warranties from lenders, borrowers and others with respect to the mortgage eligibility requirements) to ensure compliance with the Code and the related mortgage eligibility requirements and other requirements relating to nonmortgage investments which must be met subsequent to the date of issuance of the Offered Bonds. (Similar provisions were included in the lender documents, and similar procedures were established with respect to the mortgage loans represented by the Refunded Series Mortgage-Backed Securities.) NIFA has covenanted in the Indenture to do and perform all acts and things necessary or desirable in order to assure that interest paid on the Offered Bonds shall be excludable from gross income for federal income tax purposes. NIFA believes that the procedures and documentation requirements established for the purpose of fulfilling its covenant are sufficient to ensure that the proceeds of the Offered Bonds will be applied in accordance with the Code.

Opinion of Bond Counsel

In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions: (i) interest on the Offered Bonds is excluded from gross income for federal income tax purposes; (ii) interest on the 2018 Series A Bonds is not a specific preference item in calculating the federal alternative minimum tax imposed on individuals and corporations and is not included in the adjusted current earnings of corporations for purposes of calculating the federal alternative minimum tax; and (iii) interest on the 2018 Series B Bonds is a specific preference item in calculating the federal alternative minimum tax imposed on individuals and, for tax years beginning before January 1, 2018, on corporations. No federal alternative minimum tax applies to corporations for tax years beginning after December 31, 2017. The opinion described above assumes the accuracy of certain representations and compliance by NIFA with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Offered Bonds. Failure to comply with such requirements could cause interest on the Offered Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Offered Bonds. NIFA has covenanted to comply with such requirements.

In the further opinion of Bond Counsel, under the existing laws of the State, including the NIFA Act, interest on the Offered Bonds is exempt from State income taxation.

Bond Counsel has expressed no opinion regarding other federal or State tax consequences arising with respect to the Offered Bonds. The form of the opinion of Bond Counsel with respect to the Offered Bonds is attached hereto as Appendix F.

The accrual or receipt of interest on the Offered Bonds may otherwise affect the federal income tax liability of the owners of the Offered Bonds. The extent of these other tax consequences will depend upon such owner's particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences. Purchasers of the Offered Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers otherwise entitled to claim the earned income credit, or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing, owning or selling the Offered Bonds.

Original Issue Premium

The PAC Bonds are expected to be sold at initial public offering prices that are greater than the respective stated amounts to be paid at maturity and constitute "**Premium Bonds**." An amount equal to the excess of the issue price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. An initial purchaser of a Premium Bond must amortize any premium over the term of such Premium Bond using constant yield principles, based on the purchaser's yield to maturity (or, in the case of a Premium Bond callable prior to its maturity, by amortizing the premium to the call date, based on the purchaser's yield to the call date and giving effect to any call premium). As premium is amortized, the purchaser's basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser's basis may be reduced, no federal income tax deduction is allowed. Purchasers of a Premium Bond should consult with their tax advisors with respect to the determination and treatment of amortizable premium for federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond.

Backup Withholding

As a result of the enactment of the Tax Increase Prevention and Reconciliation Act of 2005, interest on tax-exempt obligations such as the Offered Bonds is subject to information reporting in a manner similar to interest paid on taxable obligations. Backup withholding may be imposed on payments made after March 31, 2007 to any bondholder who fails to provide certain required information including an accurate taxpayer identification number to any person required to collect such information pursuant to Section 6049 of the Code. This reporting requirement does not in and of itself affect or alter the excludability of interest on the Offered Bonds from gross income for federal income tax purposes or any other federal tax consequence of purchasing, holding or selling tax-exempt obligations.

Changes in Federal and State Tax Law

From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to above or adversely affect the market value of the Offered Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Offered Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Offered Bonds or the market value thereof would be impacted thereby. Purchasers of the Offered Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Offered Bonds and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

UNDERWRITING

The Fixed Rate Offered Bonds are being purchased by J.P. Morgan Securities LLC, Ameritas Investment Corp., D.A. Davidson & Co., First National Capital Markets, Inc. and George K. Baum & Company (collectively, the “**Underwriters**”) pursuant to a bond purchase agreement in which the Underwriters have agreed, subject to certain conditions, to purchase the Fixed Rate Offered Bonds at a price equal to \$74,996,921.15 (par amount of the Fixed Rate Offered Bonds \$73,120,000, plus original issue premium equal to \$1,876,921.15) plus accrued interest, if any. The bond purchase agreement provides that the Underwriters shall purchase the Fixed Rate Offered Bonds in the aggregate stated principal amount thereof if any Fixed Rate Offered Bonds are purchased. The Underwriters are being compensated \$497,850.59 in consideration of their purchase of the Fixed Rate Offered Bonds.

The Variable Rate Offered Bonds are being purchased by J.P. Morgan Securities LLC (“**JPMS**”) pursuant to a bond purchase agreement in which JPMS has agreed, subject to certain conditions, to purchase the Variable Rate Offered Bonds at a price equal to \$32,000,000 (par amount of the Variable Rate Offered Bonds) plus accrued interest, if any. The bond purchase agreement provides that JPMS shall purchase the Variable Rate Offered Bonds in the aggregate stated principal amount thereof if any Variable Rate Offered Bonds are purchased. J.P. Morgan is being compensated \$56,954.97 in consideration of its purchase of the Variable Rate Offered Bonds.

The initial offering prices of the Fixed Rate Offered Bonds and the Variable Rate Offered Bonds purchased by the Underwriters and JPMS, respectively, may be changed from time to time by the Underwriters and JPMS, respectively. The Underwriters and JPMS may offer and sell the Fixed Rate Offered Bonds and the Variable Rate Offered Bonds, respectively, to certain dealers (including dealers depositing Offered Bonds into an investment trust) and others at prices lower than the prices stated on the inside cover page hereof.

JPMS, one of the Underwriters of the Offered Bonds, has entered into a negotiated dealer agreement (the “**Dealer Agreement**”) with Charles Schwab & Co., Inc. (“**CS&Co.**”) for the retail distribution of certain securities offerings, at the original issue prices. Pursuant to the Dealer Agreement, CS&Co. may purchase Offered Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Offered Bonds that CS&Co. sells.

JPMS and its affiliates together comprise a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, finance and brokerage civilities. JPMS and its affiliates may have, from time to time, performed and may in the future perform, various investment banking services for NIFA for which they received or will receive customary fees and expenses. In the ordinary course of their various business activities, JPMS and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities and financial instruments which may include bank loans and/or credit default swaps) for its own account and for the accounts of its customers and may at any time hold long and short positions in such securities and instruments. Such investment securities activities may involve securities and instruments of NIFA.

George K. Baum & Company and Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation, have a distribution agreement enabling Pershing LLC to obtain and distribute municipal securities underwritten by or allocated to George K. Baum & Company. Under the distribution agreement, George K. Baum & Company will allocate a portion of received takedowns, fees or commissions to Pershing LLC for bonds sold under the agreement.

None of the Underwriters is acting as financial advisor to NIFA in connection with the offer and sale of the Offered Bonds.

QUANTITATIVE CONSULTANT

cfX serves as NIFA’s quantitative consultant pursuant to an engagement agreement. Subject to the terms of such engagement agreement, cfX will provide certain quantitative work products to NIFA and the Trustee to be utilized in connection with their respective operating obligations under the Indenture. Each such work product will be based on certain information provided to cfX by NIFA and the Trustee and other third party sources as believed by cfX to be reliable, certain assumptions provided to cfX by NIFA and certain instructions from Bond Counsel. cfX will make no representation with respect to the accuracy of such information or as to the reasonableness of such assumptions and instructions. cfX is not obligated to undertake and has not undertaken to make an independent

verification or to assume responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement and is not obligated to review or ensure compliance with continuing disclosure undertakings. cfX has registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board as a Municipal Advisor.

LITIGATION

At the time of delivery of and payment for the Offered Bonds, NIFA will certify that, to its knowledge, no litigation or other proceedings are pending or threatened in any agency, court or tribunal, state or federal, restraining or enjoining or seeking to restrain or enjoin the issuance, sale, execution or delivery of any of the Offered Bonds, in any way questioning or affecting the validity of any provision of the Offered Bonds, the Indenture and certain related documents, in any way questioning or affecting the validity of any of the proceedings or authority for the authorization, sale, execution or delivery of the Offered Bonds or of any provision, program or transactions made or authorized for their payment, or questioning or affecting the organization or existence of NIFA or the title of any of its officers to their respective offices.

In connection with the issuance of certain Prior Series Bonds, NIFA entered into investment agreements with GE Funding Capital Market Services, Inc. (“**GE Funding**”) and investment agreements with Trinity Funding Company LLC (“**Trinity**”). Such investment agreements collectively referred to herein as the “**GE Investment Agreements**”. Certain of the GE Investment Agreements are guaranteed by General Electric Company (referred to collectively with GE Funding and Trinity as “**GE**”). See Appendix E – “SCHEDULE OF INVESTMENT AGREEMENTS AND OTHER INVESTMENTS” attached hereto.

In a federal complaint, GE alleged that the GE Investment Agreements should have terminated as of the redemption date of the Prior Series Bonds with respect to which the respective GE Investment Agreement is associated and that GE has no further obligations with respect to the GE Investment Agreements. GE also asserted that GE is entitled to a recovery of interest and other amounts paid by GE to NIFA pursuant to each of the GE Investment Agreements subsequent to the redemption of the related Prior Series Bonds. Complaints were filed by both NIFA and GE in separate United States District Courts. The matter was heard in the United States District Court for the Southern District of New York (the “SDNY Court”). On November 17, 2017, the SDNY Court entered a judgment in favor of GE in the matter of *GE Funding Capital Market Services, Inc., et al. v. Nebraska Investment Finance Authority*. The judgment of the SDNY Court directed that NIFA repay approximately \$27 million of interest previously paid to NIFA pursuant to the GE Investment Agreements. In addition, the SDNY Court ordered the payment by NIFA to GE of pre-judgment interest in the amount of approximately \$11 million.

NIFA has instructed the Trustee to no longer make deposits of moneys in the funds and accounts under the Indenture into the GE Investment Agreements. As of the date hereof, moneys invested in the GE Investment Agreements remain with GE (although no interest is currently being paid by GE thereon). NIFA is unable to predict whether GE will execute its judgment against the monies GE holds pursuant to the GE Investment Agreements. Should NIFA ultimately be required to make a payment to GE in the amounts ordered by the SDNY Court, whether such payment is made from monies on deposit in the Indenture (in accordance with the provisions of the Indenture with respect to the release of funds from the lien of the Indenture) or from the general operating fund of NIFA, NIFA does not believe that such payment (together with any payment which may be required to be made by NIFA to Bayerische as described below) will adversely impact NIFA’s ability to continue to conduct its operations or NIFA’s ability to make payments on any of its outstanding obligations, including payments on the Bonds. NIFA continues to vigorously dispute the ability of GE to terminate the GE Investment Agreements. NIFA is reviewing the judgment of the SDNY Court and intends to continue to vigorously seek appropriate remedies on behalf of NIFA.

In connection with the issuance of certain other Prior Series Bonds, NIFA directed the Trustee to enter into certain Investment Agreements (the “**Bayerische Investment Agreements**”) with Bayerische Landesbank Girozentrale (“**Bayerische**”). NIFA is a third party beneficiary to such Bayerische Investment Agreements. On or about August 21, 2015, Bayerische terminated the Bayerische Investment Agreements and returned all funds on deposit with Bayerische to the Trustee claiming that the Bayerische Investment Agreements were terminated as of the redemption date of the Prior Series Bonds with respect to which each respective Bayerische Investment Agreement is associated. Immediately prior to Bayerische’s termination, the balance of funds on deposit in the Bayerische Investment Agreements was \$12,796,875 at interest rates ranging from 5.05% to 6.00% with maturity dates in September 2029. Complaints were subsequently filed by both NIFA and Bayerische in separate United

States District Courts. Bayerische alleged unjust enrichment, fraud and breach of contract by NIFA with respect to the Bayerische Investment Agreements.

The Bayerische matter, *Bayerische Landesbank, v. Nebraska Investment Finance Authority*, was heard by the SDNY Court. On October 5, 2017, a jury returned a verdict in favor of Bayerische, finding that NIFA be required to return interest earned pursuant to the Bayerische Investment Agreements in the approximate amount of \$1.8 million. While judgment has not yet been entered by the SDNY Court in the Bayerische matter, Bayerische has made a claim against NIFA for prejudgment interest in the amount of approximately \$500,000; that issue has not yet been decided by the SDNY Court.

NIFA continues to vigorously dispute the ability of Bayerische to terminate the Bayerische Investment Agreements. Should NIFA ultimately be required to make a payment to Bayerische in the amount determined by the jury in the Bayerische matter, together with prejudgment interest if any, NIFA does not believe that such payment (together with any payment that may be required to be made by NIFA to GE as described above) will adversely impact NIFA's ability to continue to conduct its operations or NIFA's ability to make payments on any of its outstanding obligations, including payments on the Bonds. NIFA intends to continue to vigorously seek appropriate remedies on behalf of NIFA.

APPROVAL OF LEGALITY

The approving opinion of Kutak Rock LLP, Omaha, Nebraska, Bond Counsel and General Counsel to NIFA, in substantially the form attached to this Official Statement as Appendix F, will be delivered upon the issuance of the Offered Bonds. Certain matters will be passed upon for the Standby Purchaser by its internal counsel. Certain matters will be passed upon for the Underwriters by Sherman & Howard L.L.C., Denver, Colorado.

Each of the law firms noted under this caption may have acted as bond counsel and/or may have represented, or be representing, NIFA or the Underwriters in capacities different from those described herein.

INDEPENDENT AUDITORS

The financial statements of NIFA as of June 30, 2017 and 2016, and for the years then ended, included in Appendix B to this Official Statement, have been audited by KPMG LLP, independent auditors, as stated in their report appearing in Appendix B. The auditors' report includes qualifications for NIFA's presentation of securitized mortgage loans at amortized cost, rather than at fair value, and does not report commitments to purchase securitized loans at fair value, both as are required by U.S. generally accepted accounting principles.

LEGAL INVESTMENT

The NIFA Act provides, in part, that, with respect to entities governed by State law, the Offered Bonds are legal investments in which all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking associations, trust companies, savings associations, savings and loan associations, building and loan associations, investment companies, and all other persons carrying on a banking business, all administrators, guardians, executors, trustees, personal representatives and other fiduciaries, and other persons who are now or may be later authorized to invest in bonds or in other obligations of the State, may invest funds, including capital, in their control or belonging to them. The NIFA Act further provides that the Offered Bonds are securities which may be deposited with and received by all public officers and bodies of the State or any agency or political subdivision of the State and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or may be later authorized by law.

CONTINUING DISCLOSURE

Pursuant to the terms of a Continuing Disclosure Certificate with respect to the Offered Bonds (the "**Disclosure Certificate**"), NIFA will send or cause to be sent to the Municipal Securities Rulemaking Board (the "**MSRB**") through its Electronic Municipal Market Access system, certain financial information and operating data and notices of certain events, pursuant to the requirements of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended, by the Securities and Exchange Commission (the "**Rule**"). A copy of the Disclosure Certificate, in substantially the form expected to be executed by NIFA, is attached to this Official Statement as Appendix G.

A failure by NIFA to comply with the Disclosure Certificate will not constitute a default under the Indenture, although bondholders will have any available remedy at law or in equity, including seeking mandate or specific performance by court order to cause NIFA to comply with its obligations under the Disclosure Certificate. Any such failure must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Offered Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Offered Bonds and their market price.

THE OFFERED BONDS ARE PAYABLE SOLELY OUT OF REVENUES DERIVED FROM THE OPERATION OF THE PROGRAM AND OTHER AMOUNTS PLEDGED THEREFOR PURSUANT TO THE INDENTURE AND ARE NOT PAYABLE FROM AMOUNTS PLEDGED TO THE PRIOR SINGLE FAMILY PROGRAMS, OTHER BOND PROGRAMS, THE FUNDS AND ACCOUNTS WHICH SECURE THE PRIOR SINGLE FAMILY PROGRAMS, OTHER BOND PROGRAMS OR THE GENERAL ASSETS OR RESOURCES OF NIFA. NIFA HAS NO TAXING POWER.

All of the foregoing summaries of the NIFA Act, the Indenture and the Program Agreements are made subject to all of the provisions of the NIFA Act and such documents and these summaries do not purport to be complete statements of such provisions. Such audit reports and Accountant's Certificates are currently available at NIFA's websites at <http://www.nifa.org> and <https://spending.nifa.org>.

The agreements of NIFA with holders of the Offered Bonds are fully set forth in the Indenture, and neither any advertisement of the Offered Bonds nor this Official Statement is to be construed as a contract with the purchasers of the Offered Bonds. APPENDIX A

SUMMARY OF CERTAIN MORTGAGE INSURANCE AND SECURITY GUARANTY PROGRAMS

Introduction

The United States Department of Housing and Urban Development (“HUD”), created by the Housing and Urban Development Act of 1965, is responsible for the administration of various federal programs authorized under the National Housing Act of 1934, as amended (the “National Housing Act”), and the United States Housing Act of 1937, as amended. The Department of Veterans Affairs (“VA”) administers the mortgage guarantee program authorized under the Servicemen’s Readjustment Act of 1944, as amended (the “Servicemen’s Readjustment Act”). The Cranston-Gonzalez National Affordable Housing Act of 1990 authorized the establishment of FmHA Guaranteed Rural Housing Loan Program. These programs may be financed by annual appropriations from Congress, as well as by mortgage insurance premiums and fees; subsidies and insurance payments are in some cases made from trust funds established under the various programs.

Following is a summary of programs relating to mortgages which NIFA may finance under the Program and is only a brief outline and does not purport to summarize or describe all of the provisions of such programs. For a more complete description of the terms of such programs, reference is made to the provisions of the contracts embodied in the regulations of the FHA, the VA and the USDA/RD, respectively, and of the regulations, master insurance contracts and other such information of the various private mortgage insurers and federal government guarantors.

Federal Authorization and Funding

The continued availability of certain governmental mortgage insurance and guarantee programs depends on periodic action by the United States Congress and the President, which action may be influenced by federal fiscal and budgetary considerations and controversies. In addition, other funding made available to, or administered by, NIFA may be curtailed or provided in a different manner. It is not possible to predict what effect, if any, future governmental action may have on the ability of NIFA to purchase insured or guaranteed mortgage loans or on its other operations.

Federal Housing Administration Mortgage Insurance Programs

The National Housing Act authorizes various Federal Housing Administration (“FHA”) mortgage insurance programs, which differ in some respects depending primarily upon whether the premises contain five or more dwelling units or less than five such units. FHA imposes loan-to-value ratio limitations and other requirements on all single family mortgage loans it insures. Under the Section 203(b) program, which is the most widely used FHA insurance program, FHA insures mortgage loans of up to 30 years’ duration for the purchase of one-to-four family dwelling units. The maximum loan-to-value factor for one-family residences may generally not exceed an amount equal to 96.50% of the appraised value of the property, plus the initial FHA insurance premium. In addition, loans under the Section 203(b) program, together with any subordinate loans, may not exceed 100% of the appraised value of the property and the mortgagor must pay, at a minimum, 3.50% of the lesser of the appraised value or the sales price of the property.

Insurance benefits are payable only upon foreclosure (or other acquisition of possession) and conveyance of the premises to FHA. Assignment of a defaulted loan to FHA is not permitted. Under some of the FHA insurance programs, insurance claims are paid by FHA in cash unless the insured specifically requests payment in debentures issued by FHA. Under others, FHA has the option at its discretion to pay insurance claims in cash or in such debentures. FHA debentures issued in satisfaction of FHA insurance claims bear interest payable semiannually on January 1 and July 1 of each year at the FHA debenture interest rate (which may be lower than the rate on the insured mortgage) in effect under FHA regulations on the date the FHA mortgage insurance commitment was issued, or as of the initial insurance endorsement of the mortgage loan, whichever rate is higher.

When entitlement to insurance benefits results from foreclosure (or other acquisition of possession) and conveyance, the insurance payment is computed as of the date of the institution of foreclosure or the date of acquisition of the property, whichever is earlier, and the insured generally is not compensated for interest accrued and unpaid prior to that date. Under such circumstances, the amount of insurance benefits generally paid by FHA is equal to the unpaid principal amount of the mortgage loan adjusted to reimburse the mortgagee for certain tax, insurance and similar payments made by it and to deduct certain amounts received or retained by the mortgagee after default, plus reimbursement not to exceed two-thirds of the mortgagee's foreclosure costs. The regulations under all insurance programs described above provide that the insurance payment itself bears interest from the date of default by the mortgagor, which under HUD regulations will occur no less than 30 days after the due date of a mortgage payment to the date of payment of the claim at the same interest rate as the applicable HUD debenture interest rate determined in the manner set forth above.

When any property conveyed to FHA has been damaged by fire, earthquake, flood or tornado or the property has suffered damage due to failure of the mortgagee to make required inspections, it is required, as a condition to payment of an insurance claim, that such property be repaired by the mortgage lender prior to such conveyance. In some instances, when damage has resulted from failure of the mortgagee to inspect and preserve the property, FHA may deduct the amount of such damages from the insurance payment made by FHA.

The availability of FHA mortgage insurance depends on congressional action to increase the limitation on the aggregate amount of loan guarantees. The fees and standards for participation in FHA insurance programs may change as a result of congressional action or changes in regulations by HUD. It is not possible to predict the effect of legislative or regulatory action, if any, on the ability of NIFA to purchase Mortgage Loans or Mortgage-Backed Securities.

Department of Veterans Affairs Mortgage Guaranty Program

The Servicemen's Readjustment Act, as amended, permits a veteran (or, in certain instances, the spouse of a veteran) to obtain a mortgage loan guaranty by the VA covering mortgage financing of the purchase of a one-to-four family dwelling unit. This program has no mortgage loan limits, requires no down payment from the purchaser and permits the guaranty of mortgage loans with terms limited by the estimated economic life of the property, up to approximately 30 years.

Under the VA's three-tier guaranty system, the maximum guaranty allowed is based on the size of the mortgage loan as follows: (i) for mortgage loans of \$45,000 or less, 50% of the loan; (ii) for mortgage loans greater than \$45,000 to \$56,250, an amount of \$22,500; (iii) for mortgage loans greater than \$56,250 to \$144,000, the lesser of 40% of the loan or \$36,000; (iv) for loans greater than \$144,000 to \$453,100, 25% of the loan amount; and (v) for loans greater than \$453,100, the maximum guaranty is generally 25% of the Fannie Mae loan limit. The actual guaranty may be less than the maximum guaranty as described above in the event a veteran's guaranty entitlement previously used for a guaranteed loan has not been restored by the VA.

The liability on the guaranty is reduced or increased pro rata with any reduction or increase in the amount of the guaranteed indebtedness, but in no event will the amount payable on the guaranty exceed the amount of the original guaranty. Notwithstanding the dollar and percentage limitations of the guaranty, a mortgage holder will ordinarily suffer a monetary loss only where the difference between the unsatisfied indebtedness and the proceeds of a foreclosure sale of the mortgaged premises is greater than the original guaranty, as adjusted. The VA may, at its option and without regard to the guaranty, make full payment to a mortgagee of unsatisfied indebtedness on a mortgage upon its assignment to the VA. Under certain circumstances, a mortgagee is required to accept partial payments on a loan that is more than 60 days overdue.

When a VA loan is foreclosed, the VA must decide whether to (i) acquire the property and pay off the debt or (ii) not acquire the property through the "no bid" process. Under option (ii), the VA gives instructions to the mortgagee to make "no bid" at the foreclosure sale and pays the guaranty amount to the mortgagee, leaving the mortgagee responsible for the disposition of the property. Mortgagees may also "buy down" the veteran's indebtedness at the time of the foreclosure sale to convert a no bid into a VA acquisition. "No bids" are more likely

if the property has significantly declined in value, because the cost to the VA may be less than their expected cost to acquire, manage and dispose of the property.

**United States Department of
Agriculture/Rural Development
Guaranteed Rural Housing Loan Program**

The Cranston-Gonzalez National Affordable Housing Act of 1990 revised and expanded the interest assistance program for guaranteed loans pursuant to Section 502 of Title V of the Housing Act of 1949, as amended, by creating the Rural Development (formerly the FmHA) Guaranteed Rural Housing Loan Program, acting through the United States Department of Agriculture, (“USDA/RD”). A USDA/RD guaranty is supported by the full faith and credit of the United States and is available with mortgage loans for the acquisition of existing or newly constructed single family, nonfarm principal residences occupied by the borrower. Such mortgage loans are limited to properties in certain rural areas with populations not greater than 20,000 and to borrowers whose adjusted annual income does not exceed 115% of median area income.

The interest assistance paid monthly by USDA/RD to the loan servicer reduces the borrower’s effective interest rate. The amount of interest rate reduction is dependent upon the household’s annual income, which is recertified by the loan servicer annually. Legislation is annually introduced as part of the federal appropriation process which would provide additional funding; however there is no assurance that such legislation will be adopted.

The maximum loss payment pursuant to the USDA/RD guaranty is the lesser of (i) any loss of an amount equal to 90% of the principal amount actually advanced to the borrower or (ii) any loss sustained by the lender of an amount up to 35% of the principal amount actually advanced to the borrower, plus any additional loss sustained by the lender of an amount up to 85% of the remaining 65% of the principal amount actually advanced to the borrower. Under this program, “lender” includes a purchaser of a guaranteed loan, such as NIFA. “Loss” includes only (i) principal and interest on the loan, (ii) if applicable, any loan subsidy due and owing, and (iii) any principal and interest indebtedness on USDA/RD-approved protective advances made for protection and preservation of the property, and (iv) certain foreclosure costs. Interest is covered to the date of final loss settlement upon lender’s liquidation of the property in an expeditious manner. If the property is sold in liquidation to a bona fide third-party purchaser, the net proceeds of such sale is the basis for calculating the loss to the lender. If the lender acquires the property in the liquidation process, the lender is allowed up to six months from the date the property is acquired to sell the property. The net payment will be based on the net proceeds received for the property. If no sale offer is accepted within six months, the basis for determining the loss to the lender is the current appraised market value of the property as of the date of acquisition by the lender, less the estimated liquidation costs, including an allowance for the estimated time the property will be held by the lender. USDA/RD does not accept conveyance of the property, but rather pays the lender’s claim upon foreclosure. The claim payment includes actual costs incurred by the lender, including interest expense, and an allowance for the costs associated with liquidating the property.

Private Mortgage Insurance

In general, private mortgage insurance (“PMI”) contracts provide for payment of insurance benefits to a mortgage lender upon the failure of a mortgagor to make any payment or to perform any obligation under the insured mortgage loan and the continuance of such failure for a stated period. Under most PMI policies, the maximum insurable amounts range from 90% to 95% of the appraised value or selling price for owner-occupied dwellings, whichever is lower. Requirements of borrower equity vary according to the percentage of the mortgage to be insured. Certain insurers will credit toward the value of the land to be improved, trade-in property or work equity, a specified percentage of this amount, if at least a minimum cash equity is met and the home is to be owner-occupied. Although there may be variations among insurers, available coverage by private mortgage insurers is generally limited to first mortgage loans or contracts on improved real estate, with amortization over the term of the loan or contract in substantially equal monthly payments, including accruals for taxes and insurance.

The Homeowners Protection Act of 1998 (the “HPA”) provides for cancellation of PMI upon the following: (i) at the homeowners request upon the date on which the principal balance of the mortgage loan is scheduled to reach 80% of the original value of the residence or the principal balance reaches 80% of the original value of the residence, (ii) automatically on the date on which the principal balance of the mortgage loan is

scheduled to reach 78% of the original value of the residence, or if the borrower is not then current on his mortgage loan payments, on the date on which the mortgagor subsequently becomes current on such payments, or (iii) in any event, on the first day of the month immediately following the date that is the midpoint of the amortization period of the mortgage loan if the mortgagor is then current on his mortgage loan payments. The HPA also requires that mortgagors be provided with certain disclosures and notices regarding termination and cancellation of private mortgage insurance.

Under the various policies, delinquencies must be reported to the insurer within a specified period of time after default, and proceedings to recover title are required to be commenced within a specified period of time after default. It is standard practice for private mortgage insurers to require that lending institutions, prior to presenting a claim under the mortgage insurance, acquire and tender to the private mortgage insurer title to the property, free and clear of all liens and encumbrances, including any right of redemption by the mortgagor. When such claim is presented, the private mortgage insurer will normally retain the option to pay the claim in full and take title to the property and arrange for its sale or pay the insured percentage of the claim and allow the insured mortgage lender to retain title to the property.

The amount of loss payable generally includes the principal balance due under the mortgage loan, plus accumulated interest, real estate taxes and hazard insurance premiums which have been advanced, expenses incurred in the preservation of the insured property, and other expenses necessarily incurred in the recovery proceedings, although in no event will the insurer be required to pay an amount which exceeds the coverage under a policy.

Prior to insuring loans for any mortgage lender, the insurer investigates and evaluates such mortgage lender in the areas of (a) quality of appraisal ability, (b) quality of underwriting ability, (c) net worth and quality of assets and (d) ability and past performance of servicing staff and adequacy of servicing procedures.

GNMA and the GNMA Securities

General. The summary of the GNMA Program, GNMA Securities and other documents referred to herein does not purport to be comprehensive and is qualified in its entirety by reference to the GNMA Guide (copies of which may be obtained from GNMA at the Office of Mortgage-Backed Securities, 451 Seventh Street, S.W., Washington, D.C. 20410) and to the GNMA Securities and other documents for full and complete statements of their provisions.

GNMA is a wholly owned corporate instrumentality of the United States of America within the Department of Housing and Urban Development (“HUD”) whose principal office is located in Washington, D.C.

GNMA is authorized by Section 306(g) of Title III of the National Housing Act to guarantee the timely payment of the principal of, and interest on, securities that are based on and backed by trusts or pools composed of mortgage loans insured or guaranteed under the National Housing Act, Title V of the Housing Act of 1949, the Servicemen’s Readjustment Act, Chapter 37 of Title 38 of the United States Code or Section 184 of the Housing and Community Development Act of 1992 or guaranteed by the USDA/RD under its guaranteed Single Family Rural Housing Program. Section 306(g) further provides that “the full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guaranty by GNMA.”

There are two GNMA MBS programs, GNMA I and GNMA II. Any GNMA Security acquired pursuant to the Program will be a “fully modified pass-through” security (guaranteed by GNMA pursuant to its GNMA I or GNMA II MBS program) which will require the servicer to pass through to the holder thereof the regular monthly payments on the underlying mortgage loans (less the service fees), whether or not the servicer receives such payments from the mortgagors on the underlying mortgage loans, plus any unscheduled recoveries of principal of the mortgage loans received by the servicer during the previous month. In order to meet its obligations under such guaranty, GNMA, in its corporate capacity under Section 306(d) of Title III of the National Housing Act, may issue its general obligations to the United States Treasury Department in an amount outstanding at any one time sufficient to enable GNMA, with no limitations as to amount, to perform its obligations under its guaranty of the timely payment of the principal of and interest on the GNMA Security. The Treasury Department is authorized to purchase any obligations so issued by GNMA and has indicated in a letter, dated February 13, 1970, from the Secretary of the

Treasury to the Secretary of HUD, that the Treasury Department will make loans to GNMA, if needed, to implement the aforementioned guaranty.

Under the terms of its guaranty, GNMA also warrants to the holder of the GNMA Security that, in the event GNMA is called upon at any time to make payment on its guaranty of the principal of and interest on the GNMA Security, it will, if necessary, in accordance with Section 306(d) of Title III of the National Housing Act, apply to the Secretary of the United States Treasury Department for a loan or loans in amounts sufficient to make such payments of principal and interest.

GNMA shall have no responsibility to determine whether or not the Program complies with the requirements of the Code or whether or not interest on the Bonds may be exempt from federal income taxation. The payments due to the Trustee, as holder, pursuant to the terms of the GNMA Securities, will not change if the interest on the Bonds for any reason is determined to be subject to federal income taxation.

Servicing of the Mortgages. Under contractual agreements entered into by and between the servicer and GNMA, the servicer is responsible for servicing and otherwise administering the mortgage loans underlying the GNMA Securities in accordance with generally accepted practices of the mortgage banking industry and the GNMA Servicer's Guide (the "GNMA Guide").

The monthly remuneration of the servicer, for its servicing and administrative functions, and the guaranty fee charged by GNMA are based on the unpaid principal amount of the GNMA Securities outstanding. The GNMA Securities carry an interest rate that is below the interest rate on the underlying mortgage loans (after taking into account the servicing and guaranty fees which are deducted from payments on the mortgage loans before payments are passed through to the holder of the GNMA Security).

It is expected that interest and principal payments on the mortgage loans underlying the GNMA Securities received by the servicer will be the source of payments on the GNMA Securities. If such payments are less than what is due, the servicer is obligated to advance its own funds to ensure timely payment of all amounts coming due on the GNMA Securities. GNMA guarantees such timely payment in the event of the failure of the servicer to pay an amount equal to the scheduled payments (whether or not made by the mortgagors on the underlying mortgages).

The servicer is required to advise GNMA in advance of any impending or actual default on scheduled payments so that GNMA, as guarantor, will be able to continue such payments as scheduled on the applicable payment date. If, however, such payments are not received as scheduled, the holder has recourse directly to GNMA.

Default by Servicer. In the event of a default by the servicer, GNMA shall have the right, by letter to the servicer, to effect and complete the extinguishment of the servicer's interest in the mortgage loans underlying the GNMA Securities, and such mortgage loans shall thereupon become the absolute property of GNMA, subject only to the unsatisfied rights of the owner of the GNMA Security. In such event, GNMA will be the successor in all respects to the servicer with respect to the transaction and the agreements set forth or arranged for in the GNMA Guide.

Payment of Principal and Interest on the GNMA Securities. Under the GNMA I Program, the servicer makes separate payments, by the fifteenth day of each month, directly to each owner of GNMA Securities for each of the GNMA Securities held.

Payment of principal of each GNMA I Security and GNMA II Security is expected to commence on the fifteenth and twentieth day of the month, respectively, following issuance of such GNMA Security.

Each installment on a GNMA Security is required to be applied first to interest and then in reduction of the principal balance then outstanding on the GNMA Security. Interest is to be paid at the specified rate on the unpaid portion of the principal of the GNMA Security. The amount of principal due on the GNMA Security shall be in an amount at least equal to the scheduled principal amortization currently due on the mortgage loans. However, payment of principal and interest is to be adjustable as set forth below.

Each of the monthly installments on a GNMA Security is subject to adjustment by reason of any prepayments or other unscheduled recoveries of principal on the underlying mortgage loans. In any event, the servicer will pay to the holder of the GNMA Security monthly installments of not less than the interest due on the GNMA Security at the rate specified in the GNMA Security, together with any scheduled installments of principal, whether or not such interest or principal is collected from the mortgagors, and any prepayments or unscheduled recovery of principal. Final payment shall be made upon surrender of the outstanding GNMA Security.

Fannie Mae and the Fannie Mae Securities

The summary of the Fannie Mae MBS Program (as defined below), the Fannie Mae Securities and other documents referred to herein does not purport to be comprehensive and is qualified in its entirety by reference to the Fannie Mae Guides and the Fannie Mae Securities and other documents for full and complete statements of their provisions.

Fannie Mae Mortgage-Backed Securities Program. Fannie Mae (formerly the Federal National Mortgage Association) is a federally government-sponsored enterprise organized and existing under the Federal National Mortgage Association Charter Act (12 U.S.C. Section 1716 et seq.). Fannie Mae was originally established in 1938 as a United States government agency to provide supplemental liquidity to the mortgage market. Fannie Mae is subject to the supervision and regulation of the Federal Housing Finance Agency (“FHFA”) to the extent provided in the Housing and Economic Recovery Act of 2008 (“HERA”). The FHFA has placed Fannie Mae into conservatorship.

THE SECURITIES OF FANNIE MAE ARE NOT GUARANTEED BY THE UNITED STATES GOVERNMENT (INCLUDING THE DEPARTMENT OF THE TREASURY) AND DO NOT CONSTITUTE A DEBT OR AN OBLIGATION OF THE UNITED STATES OR ANY AGENCY OR INSTRUMENTALITY THEREOF, INCLUDING THE DEPARTMENT OF THE TREASURY AND FHFA, OTHER THAN FANNIE MAE.

Although the Secretary of the Treasury has certain discretionary authority to purchase obligations of Fannie Mae, neither the United States nor any agency thereof is obligated to finance Fannie Mae’s obligations or to assist Fannie Mae in any manner.

Fannie Mae has implemented a mortgage-backed securities program pursuant to which Fannie Mae issues securities backed by pools of mortgage loans (the “Fannie Mae MBS Program”). The obligations of Fannie Mae, including its obligations under the Fannie Mae Securities, are obligations solely of Fannie Mae and are not backed by, or entitled to, the full faith and credit of the United States.

The terms of the Fannie Mae MBS Program are governed by the Fannie Mae Guides, as modified by a Pool Contract, and, in the case of mortgage loans such as the Mortgage Loans, a Trust Indenture, dated as of November 1, 1981, as amended (the “Fannie Mae Trust Indenture”), and a supplement thereto to be issued by Fannie Mae in connection with each pool. The Fannie Mae MBS Program is further described in a prospectus issued by Fannie Mae (the “Fannie Mae Prospectus”). The Fannie Mae Prospectus is updated from time to time. No Fannie Mae Prospectus Supplement will be available as to any Fannie Mae Securities acquired pursuant to the Program.

Copies of the Fannie Mae Prospectus and Fannie Mae’s most recent annual and quarterly reports and proxy statement are available from Fannie Mae, Office of Investor Relations, 3900 Wisconsin Avenue, N.W., Washington, D.C. 20016.

Fannie Mae Securities. Any Fannie Mae Security acquired pursuant to the Program will represent the entire interest in a specified pool of conventional mortgage loans purchased by Fannie Mae from the servicer and identified in records maintained by Fannie Mae. The pool contract will require that each Fannie Mae Security be in a minimum amount of \$250,000. The conventional mortgage loans backing each Fannie Mae Security will bear interest at a specified rate per annum, and each Fannie Mae Security will bear interest at a lower rate per annum (the “pass-through rate”). The difference between the interest rate on the conventional mortgage loans and the

pass-through rate on the Fannie Mae Security will be collected by the servicer and used to pay the servicer's servicing fee and Fannie Mae's guaranty fee. Fannie Mae may change such fee and impose other charges from time to time.

Fannie Mae will guarantee to the registered holder of the Fannie Mae Securities that it will distribute amounts representing scheduled principal and interest at the applicable pass-through rate on the conventional mortgage loans in the pools represented by such Fannie Mae Securities, whether or not received, and the full principal balance of any foreclosed or other finally liquidated mortgage loan, whether or not such principal balance is actually received. THE OBLIGATIONS OF FANNIE MAE UNDER SUCH GUARANTEES ARE OBLIGATIONS SOLELY OF FANNIE MAE AND ARE NOT BACKED BY, NOR ENTITLED TO, THE FAITH AND CREDIT OF THE UNITED STATES OF AMERICA. IF FANNIE MAE WERE UNABLE TO SATISFY SUCH OBLIGATIONS, DISTRIBUTIONS TO THE REGISTERED HOLDER OF FANNIE MAE SECURITIES WOULD CONSIST SOLELY OF PAYMENTS AND OTHER RECOVERIES ON THE UNDERLYING MORTGAGE LOANS AND, ACCORDINGLY, MONTHLY DISTRIBUTIONS TO THE HOLDER OF FANNIE MAE SECURITIES WOULD BE AFFECTED BY DELINQUENT PAYMENTS AND DEFAULTS ON SUCH MORTGAGE LOANS.

Payments on Mortgage Loans; Distributions on Fannie Mae Securities. Payments on a Fannie Mae Security are made to the owner thereof on the twenty-fifth day of each month (beginning with the month following the month such Fannie Mae Security is issued) or, if such twenty-fifth day is not a business day, on the first business day next succeeding such twenty-fifth day. With respect to each Fannie Mae Security, Fannie Mae will distribute to the beneficial owner an amount equal to the total of (i) the principal due on the mortgage loans in the related pool underlying such Fannie Mae Security during the period beginning on the second day of the month prior to the month of such distribution and ending on the first day of such month of distribution, (ii) the stated principal balance of any mortgage loan that was prepaid in full during the second month next preceding the month of such distribution (including as prepaid for this purpose any mortgage loan repurchased by Fannie Mae because of Fannie Mae's election to repurchase the mortgage loan after it is delinquent, in whole or in part with respect to four consecutive installments of principal and interest, or because of Fannie Mae's election to repurchase such mortgage loan under certain other circumstances as permitted by the Fannie Mae Trust Indenture), (iii) the amount of any partial prepayment of a mortgage loan received in the second month next preceding the month of distribution and (iv) one month's interest at the pass-through rate on the principal balance of the Fannie Mae Security as reported to the holder thereof in connection with the previous distribution (or, with respect to the first distribution, the principal balance of the Fannie Mae Security on its issue date).

For purposes of distributions, a mortgage loan will be considered to have been prepaid in full if, in Fannie Mae's reasonable judgment, the full amount finally recoverable on account of such mortgage loan has been received, whether or not such full amount is equal to the stated principal balance of the mortgage loan. Fannie Mae may, in its discretion, include with any distribution principal prepayments, both full and partial, received during the month prior to the month of distribution, but is under no obligation to do so.

FHLMC and FHLMC Certificates

General. The summary of the Federal Home Loan Mortgage Corporation ("FHLMC"), the FHLMC Guarantor Program, FHLMC Certificates and FHLMC's mortgage purchase and servicing standards does not purport to be complete and is qualified in its entirety by reference to FHLMC's current Mortgage Participation Certificates Offering Circular, any applicable Offering Circular and Pool Supplements, FHLMC's current Mortgage Participation Certificates Agreement, as amended, FHLMC's Information Statement, any Information Statement Supplements and any other documents made available by FHLMC. Copies of these documents can be obtained from FHLMC at 8200 Jones Branch Drive, McLean, Virginia 22102. At the time of printing this Official Statement, the documents mentioned above and general information regarding FHLMC can be accessed at <http://www.freddiemac.com>. However, NIFA makes no representation regarding the content, accuracy or availability of any such document or any information provided at such web site. Such web site is not part of this Official Statement.

FHLMC is a shareholder-owned government-sponsored enterprise created on July 24, 1970 pursuant to the Federal Home Loan Mortgage Corporation Act and Title III of the Emergency Home Finance Act of 1970, as

amended, 12 U.S.C. Sections 1451-1459 (the “FHLMC Act”). FHLMC is subject to the supervision and regulation of the Federal Housing Finance Agency (“FHFA”) to the extent provided in HERA. The FHFA has placed FHLMC into conservatorship.

THE SECURITIES OF FHLMC ARE NOT GUARANTEED BY THE UNITED STATES GOVERNMENT (INCLUDING THE DEPARTMENT OF THE TREASURY) AND DO NOT CONSTITUTE A DEBT OR AN OBLIGATION OF THE UNITED STATES OR ANY AGENCY OR INSTRUMENTALITY THEREOF, INCLUDING THE DEPARTMENT OF THE TREASURY AND FHFA, OTHER THAN FHLMC.

Although the Secretary of the Treasury has certain discretionary authority to purchase obligations of FHLMC, neither the United States nor any agency thereof is obligated to finance FHLMC’s obligations or to assist FHLMC in any manner.

FHLMC’s statutory mission is to provide stability in the secondary market for home mortgages, to respond appropriately to the private capital market and to provide ongoing assistance to the home mortgage secondary market by increasing the liquidity of mortgage investments and improving the distribution of investment capital available for home mortgage financing. The principal activity of FHLMC consists of the purchase of first lien, conventional, residential mortgages and participation interests in such mortgages from mortgage lending institutions and the resale of the whole loans and participations so purchased in the form of guaranteed mortgage securities (the “FHLMC Certificates”). FHLMC generally matches its purchases of mortgages with sales of FHLMC Certificates. Mortgages retained by FHLMC are financed with short- and long-term debt and equity capital.

FHLMC Certificates. Each FHLMC Certificate which qualifies as a Mortgage-Backed Security under the General Indenture will represent an undivided interest in a pool of fixed-rate, first-lien conventional mortgage loans or FHA- and VA-guaranteed mortgage loans, or participation interests therein. FHLMC guarantees to each registered holder of an FHLMC Certificate that it will distribute amounts representing such holder’s proportionate interest in interest payments on the mortgage loans in the pool represented by such FHLMC Certificates (less servicing and guarantee fees aggregating the excess of the interest on such mortgage loans over the FHLMC Certificates’ pass-through rate), whether or not such amount is actually received. With respect to certain FHLMC Certificates, FHLMC guarantees the holder’s proportionate interest in scheduled principal payments on such mortgage loans, if timely received, and also guarantees ultimate collection of scheduled principal payments, prepayments of principal and the remaining principal balance in the event of a foreclosure or other disposition of a mortgage loan. With respect to such FHLMC Certificates, FHLMC may remit the amount due on account of its guarantee of collection of principal at any time after default on an underlying mortgage, but not later than (i) 30 days following foreclosure sale, (ii) 30 days following payment of the claim by any mortgage insurer or (iii) 30 days following the expiration of any right of redemption, whichever occurs later, but in any event no later than one year after demand has been made upon the mortgagor for accelerated payment of principal. FHLMC Certificates may also include those FHLMC Certificates (the “Fully Guaranteed FHLMC Certificates”) as to which FHLMC has guaranteed the timely payment of the holder’s proportionate interest in scheduled principal payments on the underlying mortgage loans, as calculated by FHLMC.

THE OBLIGATIONS OF FHLMC UNDER ITS GUARANTEES ARE OBLIGATIONS SOLELY OF FHLMC AND ARE NOT BACKED BY, OR ENTITLED TO, THE FULL FAITH AND CREDIT OF THE UNITED STATES OF AMERICA. IF FHLMC WERE UNABLE TO SATISFY SUCH OBLIGATIONS, DISTRIBUTIONS TO THE REGISTERED HOLDERS OF FHLMC CERTIFICATES WOULD CONSIST SOLELY OF PAYMENTS AND OTHER RECOVERIES ON THE UNDERLYING MORTGAGE LOANS AND, ACCORDINGLY, MONTHLY DISTRIBUTIONS TO THE HOLDERS OF FHLMC CERTIFICATES WOULD BE AFFECTED BY DELINQUENT PAYMENTS AND DEFAULTS ON SUCH MORTGAGE LOANS.

Conforming Loan Limits. The FHLMC Act limits the maximum original principal amount of single-family mortgages that FHLMC may purchase. These limits are referred to as “conforming loan limits.” For loans delivered during 2018, FHLMC’s conforming loan limit for a first lien conventional single-family mortgage is \$453,100 for a one-family dwelling in Nebraska. The conforming loan limit for second-lien mortgages is 50 percent of the limit for first-lien mortgages on one-family dwellings. When FHLMC purchases both the first-lien and second-lien mortgage on the same property, the FHLMC Act provides that the total amount FHLMC may purchase may not exceed the applicable conforming loan limit.

The FHLMC Act also prohibits FHLMC from purchasing first-lien conventional single-family mortgages if the outstanding principal balance at the time of purchase exceeds 80 percent of the value of the real property securing the mortgage unless FHLMC has a level of credit protection (such as mortgage insurance from an approved mortgage insurer, a seller's agreement to repurchase or replace any mortgage that has defaulted) or the retention of at least a 10 percent participation interest in the mortgages by the seller. This requirement does not apply to FHA- or VA-guaranteed mortgage loans.

The single-family mortgages purchased and guaranteed by FHLMC generally are subject to the credit, appraisal, underwriting and other purchase policies and guidelines set forth in FHLMC's *Single-Family Seller/Service Guide*. FHLMC may modify these guidelines or grant waivers for certain mortgages that it purchases.

Servicing of the Mortgages. FHLMC services or supervises the servicing of the mortgages it purchases. In performing its servicing responsibilities, FHLMC may employ servicing agents or independent contractors. Each such servicer generally is required to perform all activities concerning the calculation, collection and processing of mortgage payments and related borrower inquiries, as well as all mortgage administrative responsibilities, including claims collection, workouts, foreclosures and reports. Servicers service mortgages, either directly or through approved sub servicers, and receive fees for their services. FHLMC monitors a servicer's performance through periodic and special reports and inspections to ensure it complies with its obligations. FHLMC will retain from monthly interest payments on each mortgage a management and guarantee fee, which equals any interest received by FHLMC from the servicer over the amount of interest payable to holders of the FHLMC Certificate.

Property Insurance Requirements for Mortgage Loans

Primary Hazard Insurance. Each Mortgage Loan must contain covenants relating to insurance of the residence. The coverage must include all fire and extended coverage risks customarily insured against in the geographical area in which the residence is located. The insurance policy must provide, as a minimum, fire and extended coverage insurance in an amount at least equal to the lesser of the unpaid principal amount of the Mortgage Loan from time to time outstanding or the full replacement cost of the residence and other improvements on said property (but in no event shall the amount required be greater than the maximum insurable value of such residence and other improvements). Such insurance must be in effect (or there must be a binder for the issuance of the same) on the date of delivery of the Mortgage Loan to NIFA; the coverage provided thereby must meet the requirements, if applicable, of FHA, VA, USDA/RD or the private mortgage insurer. Each hazard insurance policy must be written by an insurance carrier licensed or authorized by law to transact business in Nebraska, and the policy must contain a standard mortgagee clause naming NIFA as an insured and provide notice to NIFA at least 10 days in advance of the effective date of any reduction in coverage or cancellation of the policy.

Unless the servicer maintains a mortgagee single-interest hazard insurance policy (with NIFA named as additional insured in the case of Mortgage Loans that are not represented by, or supporting, a mortgage-backed security) insuring the servicer against loss from a mortgagor's failure to maintain a hazard insurance policy, the mortgagor will be required to escrow hazard insurance premiums on a monthly basis with the servicer, and the servicer will retain possession of the insurance policy and be responsible for assuring that such insurance is in force and effect.

In general, a standard form of fire and extended coverage policy covers physical damage to, or destruction of, the improvements on the property by fire, lightning, explosion, smoke, windstorm, hail, riot, vandalism, aircraft, vehicles, theft and civil commotion, subject to the conditions and exclusions particularized in each policy. Although policies relating to different Mortgage Loans may be issued by different insurance companies and, therefore, may have minor differences in coverage, the basic terms are dictated by Nebraska law. Policies typically exclude physical damage resulting from the following: enemy attack by armed forces, invasion, insurrection, rebellion, revolution, civil war, usurped power, floods and water damage, power interruption, earth movement, nuclear reaction and neglect. In addition, such policies typically exclude losses which occur while the hazard is increased by any means within the control or knowledge of the insured or while the premises are vacant or unoccupied beyond a period of 30 consecutive days.

Special Hazard Insurance. To the extent required by NIFA, a separate special hazard insurance policy may be obtained to provide protection with respect to direct physical loss arising from perils not insured under the primary hazard insurance as described above and losses that may result from the application of a coinsurance clause with respect to a defaulted mortgage loan secured by damaged property. However, certain perils are not insured under special hazard insurance such as loss resulting from fraudulently created loans, war, certain governmental actions, nuclear reaction or radiation and damage by flood to the extent covered by required flood insurance as described below.

Uninsured Casualties. Certain risks, including, but not limited to, losses attributable to nuclear reaction or radiation or losses caused by hostile or warlike action, or attributable to insurrection, revolution or civil war, are normally not covered by the insurance policies described above. To the extent any of such uninsured risks occur or claims do not result in full recoveries or the required insurance is not purchased or maintained with respect to a significant number of mortgage loans, the security for the Bonds may be impaired.

Flood Insurance. Each Residence which is in a “designated flood hazard area,” as that term is defined under the National Flood Insurance Program, must be insured from loss by floods in an amount equal to the maximum insurance available under the National Flood Insurance Program.

Participant’s Obligations Regarding Insurance. The servicer of Mortgage Loans is required to use its best efforts to maintain in effect, or to require the mortgagor to maintain, the primary hazard and flood insurance required under the Program on all residences as long as the Bonds are outstanding. In addition, the servicer is obligated to perform its duties in a manner which will preserve all claims against insurers.

Errors and Omissions Insurance; Fidelity Insurance; Theft and Forgery Insurance. The Master Servicer is required to maintain in full force and effect, at its own expense, errors and omissions insurance, fidelity insurance (or a direct surety bond) and theft and forgery insurance on those of its officers and employees having access to any amounts paid by mortgagors under the Program. The Master Servicer may provide such insurance under any blanket policy or policies which it customarily carries.

Servicemembers Civil Relief Act of 2003

The Servicemembers Civil Relief Act of 2003 (the “SCRA”) protects service men and women called to active military duty by suspending enforcement of civil liabilities through foreclosure and providing relief from current obligations. The SCRA revises and replaces the Soldiers’ and Sailors’ Civil Relief Act of 1940. Except in certain limited circumstances, the SCRA provides that no obligation or liability incurred by a person on active military duty before the member entered active military duty shall bear interest at a rate in excess of 6% per annum during the period of active duty (and in the case of a mortgage obligation, one year thereafter). The benefits of such act constitute a forgiveness of the obligation in excess of 6% per annum, rather than a forbearance of collection. NIFA is unable to determine whether the provisions of the SCRA will affect the willingness of any Participant to originate Mortgage Loans or the willingness of the Servicer to perform its obligations under the Origination Agreement and the Servicing Agreement. NIFA is unable to predict whether the SCRA will have any adverse effect on NIFA’s ability to pay debt service on the Bonds or whether the provisions of the SCRA may be modified in the future.

Management's Discussion and Analysis

June 30, 2017 and 2016

This section of the Nebraska Investment Finance Authority's (the Authority) annual financial report presents management's discussion and analysis of the financial position and results of operations at and for the fiscal years ended June 30, 2017 and 2016. This information is being presented to provide additional information regarding the activities of the Authority and to meet the disclosure requirements of the Governmental Accounting Standards Board (GASB).

The Authority is a self-supporting entity and follows enterprise fund accounting. Accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The Authority's financial report consists of two parts – management's discussion and analysis and the basic financial statements. Management's discussion and analysis should be read in conjunction with the basic financial statements. The basic financial statements consist of statements of net position; statements of revenue, expenses, and changes in net position; statements of cash flows; and the notes thereto.

The statements of net position include all of the Authority's assets and liabilities, presented in order of liquidity, along with the deferred outflows of resources and deferred inflows of resources, when applicable. The resulting net position presented in these statements is displayed as restricted by bond resolution and unrestricted. Net position is restricted when its use is subject to external limits such as bond indentures, legal agreements, or statutes. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial assets of the Authority are improving or deteriorating.

All the Authority's current year revenue and expenses are recorded in the statements of revenue, expenses, and changes in net position. These statements measure the activities of the Authority's operations over the past year and present the resulting change in net position, calculated as revenue less expenses.

The final required financial statements are the statements of cash flows. The primary purpose of these statements is to provide information about the Authority's cash receipts and cash payments during the reporting period. These statements report cash receipts, cash payments, and net changes in cash resulting from operating, noncapital financing, and investing activities. The statements provide information regarding the sources and uses of cash and the change in the cash balance during the reporting period.

The notes to the financial statements provide additional information that is essential for a full understanding of the information provided in the financial statements. The notes follow the statements of cash flows.

Authority Credit and General Obligation Rating

The unsecured general obligation of the Authority is rated AA by Standard & Poor's Rating Services as of June 30, 2017. This rating takes into account the amount of unrestricted net position maintained by the Authority, as well as certain contingent obligations to which the general obligation of the Authority is pledged. While there is no guarantee that this rating will remain in effect for any period of time, management is committed to maintaining the level of unrestricted net position necessary to maintain an investment grade rating of its general obligation.

Management's Discussion and Analysis

June 30, 2017 and 2016

On August 5, 2011, Standard & Poor's lowered its long-term sovereign credit rating on the United States of America from 'AAA' to 'AA+' with negative implications. Due to this downgrade and the effect on many of the credit support instruments pledged to the Authority's bond issues, such as Ginnie Mae, Fannie Mae, and Freddie Mac mortgage-backed securities, Fannie Mae and Freddie Mac credit enhancements, government mortgage insurance, and those bonds that have funds invested in short-term instruments guaranteed by the United States of America, on August 8, 2011, Standard & Poor's lowered the long-term credit rating on a large number of the Authority's bonds (substantially all of its single family mortgage revenue bonds) from 'AAA' to 'AA+' and placed the issues on negative outlook. On July 10, 2013, Standard & Poor's affirmed its long-term sovereign credit rating on the United States of America at 'AA+' and revised the outlook from negative to stable and on August 15, 2017 affirmed the rating on the Authority's bonds described above to 'AA+' with a stable outlook.

2017 Analysis – Statements of Net Position

From June 30, 2016 to June 30, 2017, total assets increased \$37.0 million.

Investments – Decrease of \$17.3 million

- Revenue and redemption funds combined decreased by \$18.7 million due to a decrease in funds held to be recycled into mortgage-backed securities.
- Operating fund investments decreased by \$1.2 million due to a similar increase in the balance of single family mortgage loan pools warehoused in the operating fund.
- Mortgage and debt service reserves increased by \$2.6 million in reinvested earnings.

Loans Receivable – Increase of \$54.2 million

- New loan purchases were \$230.9 million and \$234.5 million in fiscal year 2017 and 2016, respectively.
- Loan repayments include regularly scheduled principal and interest payments, as well as prepayments. Loan repayments decreased from \$194.7 million in fiscal year 2016 to \$175.6 million in fiscal year 2017 due primarily to several large redemptions in 2016 of conduit debt resulting from prepayments of the related mortgages. Additionally, a slowing of other prepayments has occurred as the portfolio has shifted over the last several years to lower interest rates relative to currently available interest rates. Conduit repayments totaled \$10.2 million and \$42.2 million during fiscal year 2017 and 2016, respectively.

From June 30, 2016 to June 30, 2017, total deferred outflows of resources decreased \$16.3 million.

Accumulated Decrease in Fair Value of Hedging Derivatives – Decrease of \$13.5 million

- As all of the Authority's derivatives were determined to be effective hedges, the fair value changes associated with the derivatives are deferred in the statements of net position. All of the Authority's derivatives were in liability positions as of June 30, 2017 and 2016, reflecting the Authority's future obligations with respect to the derivative contracts. The fair value of derivatives, which is dependent on the current interest rate environment, is provided by an independent source.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Management's Discussion and Analysis

June 30, 2017 and 2016

Loss on Refunding – Decrease of \$2.8 million

- The Authority completed a refunding during fiscal year 2017, which, due solely to the mark-to-market of the derivatives transferred from the refunded to the refunding issues, resulted in total deferred loss on refunding of \$1.4 million. This deferred loss on refunding (deferred outflows of resources) was offset by an equal amount of deferred swap upfront payment later described under the “deferred inflows of resources” section.
- Amortization of deferred loss on refunding was \$4.2 million during fiscal year 2017.

From June 30, 2016 to June 30, 2017, total liabilities increased \$13.2 million.

Bonds Payable – Increase of \$23.6 million

- The Authority issued \$133.6 million in single family program revenue bonds in fiscal year 2017 and recognized bond premium/discount amortization of \$3.9 million.
- In the Authority's single family and housing general obligation programs, total bond maturities and mandatory redemptions in fiscal year 2017 were \$120.3 million.
- Conduit debt issuance of \$24.4 million was offset by maturities and retirements of \$10.2 million.
- Bond activity is summarized in the long-term debt activity section below.

Other Liabilities – Mortgage Subsidy Reserve – Increase of \$1.1 million

- The Authority utilizes costs savings achieved from the use of various financing techniques that lower bond costs to subsidize mortgage loans with interest rates below market. Savings realized in fiscal year 2017 of \$4.0 million was offset by savings used of \$2.9 million.

From June 30, 2016 to June 30, 2017, total deferred inflows of resources decreased \$2.8 million.

- In connection with a refunding of variable rate debt during fiscal year 2017, a portion of an interest rate swap agreement was deemed terminated and re-associated with the new series of refunding bonds, resulting in the deemed recognition of a swap up-front payment of \$1.4 million. This swap up-front payment (deferred inflows of resources) was offset by an equal amount of deferred loss on refunding as described previously under the deferred outflows of resources section.
- Amortization of swap up-front payment was \$4.2 million during fiscal year 2017.

From June 30, 2016 to June 30, 2017, total net position increased \$10.3 million.

- The Authority's revenue less expenses for fiscal year 2017 resulted in an increase in total net position of \$10.3 million.

2017 Analysis – Statements of Revenue, Expenses, and Changes in Net Position

The Authority's change in net position for the year ended June 30, 2017 was \$10.3 million, a decrease of \$4.5 million from the year ended June 30, 2016.

Operating Revenue – Decrease of \$4.1 million

- Mortgage loan interest decreased a total of \$5.2 million as the result of:

NEBRASKA INVESTMENT FINANCE AUTHORITY

Management's Discussion and Analysis

June 30, 2017 and 2016

- \$0.3 million decrease related to decreasing interest rates in the Authority's single family mortgage loan portfolio, plus
 - \$3.0 million decrease resulting from an increase to the mortgage subsidy reserve, plus
 - \$0.4 million decrease due to additional premiums paid on single family loans acquired in 2017 (net premiums paid directly reduce current income), plus
 - \$0.5 million decrease related to recording a forgiveness reserve on certain second mortgages in the Authority's single family mortgage loan portfolio that are forgivable in accordance with their terms, and
 - \$1.0 million decrease in interest earned on conduit mortgages.
- Revenue related to the Authority's investments increased \$0.8 million due primarily to:
 - Growth in the balances of certain reserves held under the Authority's Single Family 1994 Indenture, and
 - The purchase of U.S. Treasury and Agency discount notes at significantly larger discounts in fiscal year 2017 compared to 2016, resulting in larger fair value changes.

Operating Expenses – Increase of \$0.5 million

- Interest expense increased a net \$0.2 million as a result of:
 - \$2.2 million increase related to growth of the Authority's single family bond portfolio, offset by
 - \$1.0 million decrease in up front bond issuance costs paid in 2017, and
 - \$1.0 million decrease in interest paid on conduit debt.
- General and administrative expenses increased due to increases in professional fees primarily related to litigation and new state legislation.

2016 Analysis – Statements of Net Position

From June 30, 2015 to June 30, 2016, total assets increased \$80.5 million.

Investments – Increase of \$41.5 million

- Revenue and redemption funds combined increased by \$19.0 million due to an increase in funds held to be recycled into mortgage-backed securities.
- Operating fund investments increased by \$20.0 million due to a similar decrease in the balance of single family mortgage loan pools warehoused in the operating fund.
- Mortgage and debt service reserves increased by \$2.5 million in reinvested earnings.

Loans Receivable – Increase of \$39.3 million

- New loan purchases were \$234.5 million in both fiscal year 2016 and 2015.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Management's Discussion and Analysis

June 30, 2017 and 2016

- Loan repayments include regularly scheduled principal and interest payments plus prepayments. Loan repayments increased from \$168.6 million in fiscal year 2015 to \$194.7 million in fiscal year 2016 due primarily to several large redemptions of conduit debt resulting from prepayments of the related mortgages and a slowing of other prepayments as the portfolio has shifted over the last several years to lower interest rates relative to currently available interest rates. Conduit repayments totaled \$42.2 million during fiscal year 2016.

From June 30, 2015 to June 30, 2016, total deferred outflows of resources increased \$4.1 million.

Accumulated Decrease in Fair Value of Hedging Derivatives – Increase of \$3.4 million

- As all of the Authority's derivatives were determined to be effective hedges, the fair value changes associated with the derivatives are deferred in the statements of net position. All of the Authority's derivatives were in liability positions as of June 30, 2016 and 2015, reflecting the Authority's future obligations with respect to the derivative contracts. The fair value of derivatives, which is dependent on the current interest rate environment, is provided by an independent source.

Loss on Refunding – Increase of \$0.7 million

- The Authority completed two refundings during fiscal year 2016, which, due solely to the mark-to-market of the derivatives transferred from the refunded to the refunding issues, resulted in total deferred losses on refundings of \$4.4 million. These deferred losses on refundings (deferred outflows of resources) were offset by an equal amount of deferred swap upfront payments later described under the "deferred inflows of resources" section.
- Amortization of deferred loss on refunding was \$3.7 million during fiscal year 2016.

From June 30, 2015 to June 30, 2016, total liabilities increased \$69.3 million.

Bonds Payable – Increase of \$67.5 million

- The Authority issued \$250.7 million in single family program revenue bonds in fiscal year 2016 and recognized bond premium/discount amortization of \$3.7 million.
- In the Authority's single family and housing general obligation programs, total bond maturities and mandatory redemptions in fiscal year 2016 were \$145.4 million.
- Conduit debt issuance of \$8.1 million was offset by maturities and retirements of \$42.2 million.
- Bond activity is summarized in the long-term debt activity section below.

Other Liabilities – Mortgage Subsidy Reserve – Decrease of \$1.9 million

- The Authority utilizes costs savings achieved from the use of various financing techniques that lower bond costs to subsidize mortgage loans with interest rates below market. Savings realized in fiscal year 2016 of \$2.1 million was offset by savings used of \$4.0 million.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Management's Discussion and Analysis

June 30, 2017 and 2016

From June 30, 2015 to June 30, 2016, total deferred inflows of resources increased \$0.5 million.

- In connection with two refundings of variable rate debt during fiscal year 2016, an interest rate swap agreement was deemed terminated and reassociated with the two new series of refunding bonds, resulting in the deemed recognition of swap up-front payments totaling \$4.4 million. These swap up-front payments (deferred inflows of resources) were offset by an equal amount of deferred losses on refundings as described previously under the deferred outflows of resources section.
- Amortization of swap up-front payment was \$3.9 million during fiscal year 2016.

From June 30, 2015 to June 30, 2016, total net position increased \$14.9 million.

- The Authority's revenue less expenses for fiscal year 2016 resulted in an increase in total net position of \$14.9 million.

2016 Analysis – Statements of Revenue, Expenses, and Changes in Net Position

The Authority's change in net position for the year ended June 30, 2016 was \$14.9 million, an increase of \$2.7 million from the year ended June 30, 2015.

Operating Revenue – Increase of \$2.2 million

- Mortgage loan interest increased a total of \$2.6 million as the result of:
 - \$2.7 million increase related to growth in the Authority's single family mortgage loan portfolio,
 - \$1.4 million increase due to a lower net purchase price paid on an equivalent volume of single family loans acquired in 2016 (net premiums paid directly reduce current income), offset by
 - \$1.5 million decrease in interest earned on conduit mortgages.

Operating Expenses – Decrease of \$0.4 million

- Interest expense decreased a total of \$0.7 million due to:
 - \$0.8 million increase related to growth in the Authority's single family bond portfolio, offset by
 - \$1.5 million decrease in interest paid on conduit debt.
- General and administrative expenses increased \$0.3 million overall, primarily due to an increase in legal fees related to pending litigation.

Independent Auditors' Report

The Board of Directors
Nebraska Investment Finance Authority:

We have audited the accompanying statements of net position of the Nebraska Investment Finance Authority (the Authority) as of June 30, 2017 and 2016, and the related statements of changes in revenue, expenses, and net position and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

As more fully described in note 2(e) to the financial statements, the Authority has reported investments in securitized mortgage loans at amortized cost. In addition, as more fully described in note 2(i) to the financial statements, the Authority does not report commitments to purchase securitized mortgage loans at fair value. In our opinion, U.S. generally accepted accounting principles require that securitized mortgage loans and loan commitments be reported at fair value.

Qualified Opinion

In our opinion, except for the effects of reporting investments in securitized mortgage loans at amortized cost rather than fair value and not reporting commitments to buy securitized mortgage loans at fair value, as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Nebraska Investment Finance Authority as of June 30, 2017 and 2016, and the changes in its financial position and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 1 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules 1 through 6 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules 1 through 6 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the additional information in supplemental schedules 1 through 6 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2017 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Authority's internal control over financial reporting and compliance.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

(1) Authorizing Legislation and Organizational Structure

Nebraska Investment Finance Authority (the Authority) was created as a quasi-governmental entity on August 26, 1983 by an Act (the Act) of the Nebraska Legislature. The Authority was established to provide sources of mortgage financing at reduced interest rates to Nebraska residents of low- and moderate-income levels, agricultural financing at reduced interest rates to Nebraska farmers and other agricultural enterprises, and other financing at reduced interest rates to Nebraska business enterprises. The Authority is authorized to invest in loans made for the construction, rehabilitation, or purchase of residential housing and certain enterprises. The Authority has been designated as the allocating agency for the Federal Low Income Housing Tax Credit Program (the LIHTC Program). The LIHTC Program was established to encourage investment in the construction and rehabilitation of rental housing units for low- and moderate-income individuals and families. The Authority has no taxing power and is exempt from federal and state income taxes. The Authority is authorized to issue tax-exempt revenue bonds and other obligations, the proceeds of which are to be utilized to fulfill the aforementioned purposes. Amounts so issued will not be deemed to constitute a debt of the State of Nebraska or any political subdivision thereof. Any assets remaining upon dissolution of the Authority will be transferred to the State of Nebraska.

The following describes the divisions established by the Authority, all of which conform to the Act and bond and note resolutions/indentures:

(a) Operating Division

This account was established in accordance with the Act to account for the operating expenses of the Authority.

(b) Housing Finance Division

Single Family – These accounts were established under resolutions adopted for each series of Single Family Mortgage Revenue Bonds to account for the proceeds of the bonds and the related purchase of mortgage loans for eligible persons with low- and moderate-income levels on owner-occupied property.

Housing General Obligation – These accounts were established under resolutions adopted to account for the sale of bonds, which are general obligations of the Authority, to fund loans to complement and assist its single family and multifamily programs.

Multifamily – These accounts were established under resolutions adopted to account for the proceeds of construction loan notes and bonds and the related construction and permanent financing of eligible multifamily rental housing developments.

(c) Agricultural Finance Division

These accounts were established under resolutions adopted to account for the proceeds of Agricultural Revenue Bonds and the related financing of eligible agricultural borrowers.

(d) Development Finance Division

Healthcare – These accounts were established under resolutions adopted to account for the proceeds of Healthcare Revenue Bonds and the related purchase of loans made to eligible healthcare institutions to finance, refinance, or reimburse the cost of depreciable assets.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

Industrial Development – These accounts were established under resolutions adopted to account for the proceeds of Industrial Development Revenue Bonds and the related purchase of industrial development loans for eligible projects.

(2) Significant Accounting Policies

The following is a summary of the significant accounting and financial reporting policies followed in the preparation of these financial statements:

(a) Basis of Presentation and Accounting

The financial activities of the Authority are recorded in accounts established under various bond indentures (program accounts) and in an operating account established for the administration of the Authority's programs. The Authority's program and operating accounts have been presented on a combined basis, as the Authority is considered a single-enterprise fund for financial reporting purposes. All revenue and expenses are considered operating, as they relate directly to the purpose of the Authority.

The Authority's financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in conformity with U.S. generally accepted accounting principles, except for investment in securitized mortgage loans and commitments to buy securitized mortgage loans, as discussed below. The Authority applies all Governmental Accounting Standards Board (GASB) pronouncements.

(b) Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates include the rebate liability, mortgage subsidy reserve, loan forgiveness allowance, derivatives, and the loans receivable allowance.

(c) Investments

Investments are carried at fair value based upon established quoted market prices. Changes in the fair value of investments are reported as increases (decreases) in operating revenue in the statements of revenue, expenses, and changes in net position. Guaranteed investment contracts are nonparticipating and, therefore, recorded at cost.

(d) Loans Receivable

Loans receivable consist of single family mortgages as well as single family Ginnie Mae I, Fannie Mae, and Freddie Mac mortgage-backed pass-through certificates (securitized mortgage loans) backed by pools of single family mortgage loans originated pursuant to the Authority's Single Family Program. The Authority has a 100% beneficial interest in the loans underlying the securitized mortgage loans. Loans receivable also consists of multifamily construction loans, mortgages on completed multifamily projects, and agricultural, manufacturing, industrial, commercial, and healthcare industry loans. Loans receivable are carried at the unpaid principal balance.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

(e) Securitized Mortgage Loans

The Authority reports securitized mortgage loans at amortized cost. GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, requires that investments in debt securities, including securitized loans, be reported at fair value. Based on values obtained from an independent pricing source, the estimated fair value of the Authority's securitized mortgage loans is \$1,203.8 million and \$1,207.8 million, respectively, compared to amortized cost of \$1,180.2 million and \$1,139.8 million at June 30, 2017 and 2016, respectively. GASB Statement No. 31 also requires that the change in fair value be reported in operating revenue and change in net position. Accordingly, the Authority should have reported in its statements of revenue, expenses, and changes in net position the increase (decrease) in unrealized gains of (\$44.4 million) and \$20.0 million for the years ended June 30, 2017 and 2016, respectively, increasing (decreasing) operating revenue and change in net position by those amounts. Net position should have been increased by the cumulative unrealized gains on the securitized mortgage loans of \$23.6 million and \$68.0 million at June 30, 2017 and 2016, respectively.

Additionally, interest earned on securitized mortgage loans totaling \$39.6 million and \$42.3 million at June 30, 2017 and 2016, respectively, has been classified as interest income from loans rather than investments in the statements of revenue, expenses, and changes in net position. Principal and interest payments received on securitized loans of approximately \$163.6 million and \$41.2 million, respectively, in 2017, and \$177.2 million and \$42.3 million, respectively, in 2016, have been included in cash flows provided by operating activities rather than cash flows used in investing activities in the statements of cash flows.

(f) Debt Financing Costs and Fee Income

Debt financing costs and fees collected from financial institutions in exchange for mortgage loan servicing rights are expensed as incurred or recognized as income when received, in accordance with GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

(g) Provision for Loan Losses

A provision for loan losses is recorded in expenses when, in management's opinion, the realization of all or a portion of the loans is not probable and the Authority does not have insurance or guarantees on its loans. As described in note 5, the Authority's single family mortgage loans are primarily in the form of mortgage-backed pass-through certificates. While management uses available information to recognize losses, future additions to the allowance may be necessary based on changes in economic conditions.

(h) Debt Refunding

Gains or losses from debt refundings are deferred and amortized over the shorter of the remaining life of the prior bonds or the estimated life of the refunding bonds, using the effective-interest method.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

(i) Derivative Instruments

Derivative instruments, as defined in GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments* (GASB 53), are measured on the statements of net position at fair value, except as noted below. Changes in fair value for those derivative instruments that meet the criteria for hedging instruments under GASB 53 are reported as deferred inflows and outflows. The Authority uses derivative financial instruments, in the form of interest rate swap agreements (swap agreements), to manage and reduce exposure to adverse fluctuations in interest rates and to lower the overall cost of financing. These derivatives may involve elements of credit and market risk in excess of amounts recognized in the financial statements in the event of nonperformance by the counterparties to the interest rate derivative transactions. The Authority monitors the credit quality of the counterparties.

Additionally, the Authority commits to purchase mortgage-backed pass-through certificates (securitized mortgage loans) backed by pools of single family mortgage loans originated pursuant to the Authority's Single Family Program. As of June 30, 2017 and 2016, the Authority had committed to purchase additional single family mortgage loans totaling \$62.5 million and \$78.3 million, respectively. The commitments represent amounts reserved with the Authority by participating lenders for loans that have not been delivered to the trustee for purchase by the Authority. Under GASB 53, a commitment to purchase mortgage-backed securities is a derivative instrument and should be reported at fair value. The Authority does not record commitments to purchase mortgage-backed securities in its financial statements. The Authority should have reported the fair value of its commitments as assets (liabilities) of \$1.1 million and \$2.4 million at June 30, 2017 and 2016, respectively, in its statements of net position. As the commitments are considered investment derivative instruments, the fair value and changes in fair value should be reported as other income (loss) as of June 30, 2017 and 2016, respectively, in its statements of revenue, expenses, and changes in net position.

(j) Arbitrage

Earnings on certain loans and investments are subject to the arbitrage requirements of the Internal Revenue Code (IRC). Estimated excess earnings on investments that may be related to the U.S. Treasury Department are recorded in accrued liabilities. Estimated excess earnings on loans that must be used through other qualified Authority loan programs or paid to the U.S. Treasury Department are recorded in the Mortgage Subsidy Reserve.

Arbitrage rebate amounts that are the result of investment yields are recorded as a reduction of interest income. Arbitrage rebate amounts that result from gains on sales of investment securities are recorded as a reduction to the net increase (decrease) in the fair value of investments. Changes in Mortgage Subsidy Reserve resulting from changes to loan interest spreads are recorded as increase (decrease) in interest income on loans.

(k) Income Taxes

Income of the Authority, which was formed under Nebraska Revised Statute Section 58-226 as a body politic and independent instrumentality, is excludable from gross income under Section 115(1) of the IRC because such income is generated by the performance of essential governmental functions. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

(l) Reclassifications

Certain reclassifications have been made to June 30, 2016 reported amounts in the statements of cash flows in order to conform to June 30, 2017 presentation. These reclassifications had no effect on the operating, noncapital financing, or investing category totals, and no effect on the net increase (decrease) in cash.

(3) Asset Restrictions

All assets within program accounts are restricted to the payment of principal, interest, sinking fund installments, and other purposes in accordance with the terms of each respective bond and note resolution. The financial statements contain the total of all program and operating accounts. However, since the assets of each program account are restricted by the related resolutions, the totaling of the accounts, including assets therein, is for convenience only and does not indicate that the total assets are available in any manner other than that provided for in the resolutions of the separate accounts.

(4) Cash and Investments

(a) Cash

The Authority had cash deposits with a carrying value of \$366,000 and \$145,000 as of June 30, 2017 and 2016, respectively, and a bank balance of \$511,000 and \$431,000 as of June 30, 2017 and 2016, respectively. None of the deposits were uninsured and uncollateralized.

(b) Investments

Investments are reported in the statements of net position as follows (dollars in thousands):

	2017	2016
Investments	\$ 83,827	85,868
Restricted investments (current)	31,582	32,499
Long-term investments	12,804	12,019
Restricted investments (noncurrent)	90,339	105,438
	<u>\$ 218,552</u>	<u>235,824</u>

The net change in fair value of investments was an increase of \$518,000 and \$186,000 for the years ended June 30, 2017 and 2016, respectively. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year. At June 30, 2017 and 2016, the Authority had net unrealized gains (losses) of approximately (\$70,000) and \$22,000, respectively, in its investment portfolio.

The investment of funds is restricted by the Act and the various bond indentures of the Authority. Funds not needed for immediate disbursement (other than funds invested pursuant to the terms of specific bond indentures) are required by the Act to be invested in direct and general obligations of, or obligations guaranteed by, the United States of America, obligations issued by certain agencies of the federal government, obligations issued by the State of Nebraska, or certain obligations or securities that may from time to time be legally purchased by governmental subdivisions of Nebraska.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2017 and 2016, the Authority had the following investments and maturities (dollars in thousands):

Investment type	Carrying value	2017			
		Investment maturities (in years)			
		Less than 1	1–5	6–10	More than 10
U.S. Treasury securities	\$ 54,101	54,101	—	—	—

Credit Risk: Investment of funds within each bond issue is limited to investments specified in the applicable indentures to meet the requirements of the rating agency providing the rating on the issue. The Authority's investments in short-term U.S. government agencies and money market mutual funds are rated in the highest short-term rating category by Standard & Poor's (S&P) and Moody's Investors Service (Moody's) as of June 30, 2017. The Authority's investment in long-term U.S. government agencies is rated AA+ by S&P and Aaa by Moody's. Repurchase agreements and guaranteed investment contracts are with counterparties whose credit ratings or structures do not adversely affect the rating, if any, on the corresponding bonds. Guaranteed investment contract counterparties (or the guarantor, as applicable) are rated AA+ by S&P and A1 by Moody's.

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority is exposed to custodial credit risk on its repurchase agreements of \$148,000 and \$130,000 at June 30, 2017 and 2016, respectively, as the collateral is held by the counterparties, but not in the Authority's name.

Concentration of Credit Risk: The Authority places no limit on the amount it may invest in any one issuer. As of June 30, 2017 and 2016, the Authority had greater than 5% of its investment balance with the following issuers:

Issuer	Percentage	
	2017	2016
G.E. Funding Capital Market Securities, Inc.	34.6 %	29.0 %
Federal Home Loan Bank	20.2	18.0
Fannie Mae	—	11.7
Freddie Mac	10.4	6.5
Wells Fargo	4.8	9.4

Investments Valued at Fair Value: GASB Statement No. 72 provides a framework for fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows:

Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets that the Authority can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.); or inputs that are derived principally from or corroborated by market data by correlation or other means.

Level 3 – Unobservable inputs for assets or liabilities that reflect the Authority's own assumptions about the assumptions that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

The Authority has the following recurring fair value measurements as of June 30, 2017 and 2016:

Investments by fair value level	Total fair value	Fair value measurement using		
		Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

Investments by fair value level	Total fair value	Fair value measurement using		
		Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

Money market mutual funds	22,150	22,150	—	—
Total investments by fair value level	\$ 156,930	69,827	87,103	—

The following is a description of the valuation methodologies used for assets measured at fair value:

- Debt securities (Level 1) are valued using prices quoted in active markets.
- Debt securities (Level 2) are valued using matrix pricing.
- Collateralized repurchase agreements are valued at the daily closing price.
- Money market mutual funds are valued at the daily closing price as reported by the fund.

Securitized mortgage loans are reported at amortized cost in the statement of net position; however, the fair value of the Authority's securitized mortgage loans is disclosed in note 2(e). Fair value is determined by using quoted prices for similar assets in active markets. In the fair value hierarchy, securitized mortgage loans are valued using Level 2 inputs.

(5) Loans Receivable

Single Family

Single family Ginnie Mae I, Fannie Mae, and Freddie Mac mortgage-backed pass-through certificates (securitized mortgage loans), which comprise 98.4% of the total single family loan portfolio, are backed by the guarantee of Ginnie Mae, Fannie Mae, or Freddie Mac, respectively, of monthly payments on the underlying pool of single family mortgage loans, which were originated pursuant to the Authority's Single Family Program. Since Ginnie Mae is a wholly owned corporate instrumentality of the United States, the full faith and credit of the United States is pledged to the payment of all amounts due under such guarantee. The obligations of Fannie Mae and Freddie Mac are obligations solely of Fannie Mae and Freddie Mac, respectively, and are not backed by, nor entitled to, the faith and credit of the United States. If Fannie Mae or Freddie Mac were unable to satisfy such obligations, distributions to the Authority would consist solely of payments and other recoveries on the underlying mortgage loans, and accordingly, monthly distributions to the Authority from Fannie Mae and Freddie Mac would be affected by delinquent payments and defaults on such mortgage loans. In accordance with the Federal Housing and Economic Recovery Act of 2008, the Federal Housing Finance Agency was named as conservator of both Fannie Mae and Freddie Mac.

The single family whole loan mortgage program requires that all mortgage loans, except for second lien mortgage loans originated under the Homebuyer Assistance Program (the HBA Program) and loans purchased from Habitat for Humanity of Omaha, Inc. (Habitat) (described below), upon which the loan-to-value ratio is greater than specified percentages be (a) insured by Federal Housing Administration (FHA); (b) guaranteed by Veterans Affairs (VA); (c) guaranteed by the successor entity to the Farmers Home Administration, Rural Development, acting through the United States Department of Agriculture (the USDA/RD); or (d) insured by an approved private mortgage insurer under a policy that provides coverage on the outstanding principal balance of the mortgage loan in excess of specified percentages of the original fair market value of the property. Whole loans comprise 1.6% of the total single family loan portfolio.

The Authority uses various financing techniques to lower bond costs and utilizes these cost savings to subsidize mortgage loans with interest rates below market. The Mortgage Subsidy Reserve of \$42.8 million and \$41.7 million at June 30, 2017 and 2016, respectively, is net of the amount passed through to borrowers in the form of lower mortgage interest rates.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

The following table reconciles the mortgage subsidy reserve for the years ended June 30, 2017 and 2016 (dollars in thousands):

	<u>2017</u>	<u>2016</u>
Balance, beginning of year	\$ 41,683	43,549
Savings realized	4,041	2,088
Savings used	<u>(2,884)</u>	<u>(3,954)</u>
Balance, end of year	<u>\$ 42,840</u>	<u>41,683</u>

The savings used, as presented in the above table, represents the amount of interest subsidy consumed by subsidized mortgage loans during each year. Based upon the current mix of mortgage interest rates and the current makeup of the related debt structure, it is estimated that approximately 78%, on a present value basis, of the subsidy reserve balance will be used in future years without the purchase of any additional subsidized mortgage loans.

In connection with its Single Family Mortgage Program, the Authority offers the HBA Program whereby a qualified borrower can receive down payment and closing cost assistance from the Authority in the form of a second lien mortgage loan. A portion of the second mortgages outstanding bear no interest and are forgivable over a period of 11 years. Such mortgages are being amortized over the life of the related first mortgage. The remainder of the second mortgages outstanding bear interest and are repayable in equal monthly installments over the life of the second mortgage, ranging from 7 to 10 years and certain loans are forgivable after year 5 under certain circumstances. In each case, these loans are secured solely by a second lien on the respective properties. Included in loans receivable at June 30, 2017 and 2016 are HBA Program second mortgage balances totaling \$10.5 million and \$10.0 million, respectively.

In connection with its Single Family Mortgage Program, the Authority purchases loans from Habitat with full recourse. These loans are both first mortgages, the proceeds of which were used to purchase homes, and second mortgages, the proceeds of which funded certain repairs and betterments to homes. These loans do not charge interest. Habitat agrees to repurchase defaulted loans. Included in loans receivable at June 30, 2017 and 2016 are Habitat loan balances totaling \$5.8 million and \$6.0 million, respectively.

Multifamily, Agricultural, and Development

Multifamily, Agricultural, and Development Finance loans have been assigned to applicable bondholders as collateral for the related bonds. As of June 30, 2017 and 2016, the Authority had committed \$9.2 million and \$12.0 million, respectively, to approved but unissued bonds for agricultural, healthcare, and development loans.

(6) Bonds Payable

All general obligations of the Authority are payable from the revenue and assets of the Authority, subject to the provisions of individual resolutions adopted pledging particular revenue or assets to specific notes or bonds. All special or limited obligations of the Authority are payable solely from the revenue and assets of the related accounts pledged therefore. Bond series marked with an asterisk (*) have been issued pursuant to the Authority's 1994 Open Indenture and are equally and ratably secured by all assets held under such indenture. Provisions of the IRC limit, on an aggregate basis, the amount of tax-exempt bonds the Authority and political subdivisions of the State of Nebraska may issue.

Notes to Financial Statements

June 30, 2017 and 2016

Variable Rate Demand Bonds: Included in bonds payable are \$368.0 million and \$379.3 million at June 30, 2017 and 2016, respectively, of single family mortgage revenue bonds (the demand bonds) that are subject to purchase on the demand of the bondholder, with seven days' notice, at a price equal to 100% of the principal amount plus accrued interest. In connection with the demand bonds, the Authority has entered into Remarketing Agreements that authorize the remarketing agent to use its best efforts to sell repurchased bonds at a price equal to 100% of the principal amount by adjusting the interest rate. The Authority also has entered into Standby Bond Purchase Agreements (the SBPA's) with Federal Home Loan Bank of Topeka (FHLBank) whereby the FHLBank agrees to purchase demand bonds that the remarketing agent has been unable to remarket. The obligation of FHLBank is subject to the demand bonds maintaining a long-term rating by S&P of not lower than BBB-. Bonds purchased by the FHLBank bear interest at the one-month LIBOR plus 1.50%, not to exceed 25%, and interest is payable monthly. The SBPA's have a term of one to two years, which may be extended at the request of the Authority for such period as may be mutually agreed to between the Authority and FHLBank. The termination dates on the SBPA's range from March 1, 2019 to March 2, 2020. No amounts have been drawn on these agreements to date.

Any demand bonds that cannot be remarketed within 91 days of being purchased by FHLBank are subject to mandatory payment by the Authority in 10 equal semiannual principal installments plus interest payable monthly. If this provision was exercised on June 30, 2017 due to a failed remarketing on the entire amount of outstanding demand bonds of \$368.0 million, the Authority would be required to make semiannual principal payments of \$36.8 million for the next five years, and interest payments, assuming an interest rate of 2.6714% (the one-month LIBOR as of June 30, 2017 plus 1.50%), totaling \$28.7 million over the next five years.

Under the Standby Bond Purchase Agreements, the Authority is required to pay to FHLBank a semiannual commitment fee of 0.27% per annum of the sum of (a) the outstanding principal amount of demand bonds subject to the agreement and (b) an amount equal to 205 days of interest on the outstanding principal amount of such bonds at a rate of 15.00% per annum. In addition, the Authority pays the remarketing agent a semiannual fee of 0.08% per annum of the outstanding principal amount of the demand bonds.

(7) Debt Refundings

On November 30, 2016, the Authority issued \$130 million original principal amount of its Single Family Housing Revenue Bonds Series 2016 C (Non-AMT) and Series 2016 D (Variable Rate-AMT). Proceeds of the 2016 D Bonds totaling \$29 million were used to refund a portion of the 2010 Series C Bonds (the Refunded Bonds). Both the 2016 D Bonds and the Refunded Bonds bear interest at a variable rate determined weekly by a remarketing agent.

The refunding resulted in a deferred loss of \$1.4 million, in accordance with GASB Statement No. 23, *Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities* (GASB 23) and GASB 53, which require that the fair value of hedging derivatives associated with the refunded debt be included in the net carrying amount of the refunded debt for purposes of calculating the deferred loss at the refunding date. This mark-to-market adjustment is the only component of deferred loss on refunding, which is recorded in the statement of net position in deferred outflows of resources. Concurrent with the recognition of a deferred loss on refunding, a swap up-front payment (in the same amount and recorded in the statement of net position in deferred inflows of resources) was deemed to be made upon transfer of the swap. The deferred loss on refunding and the swap up-front payment are being amortized to interest expense over certain defined periods. The Authority completed the refunding primarily to provide more

flexibility to manage the Single Family Program and related yield requirements under the IRC and to better utilize existing interest rate swap contracts as a more effective hedge for the Authority's variable rate debt. The Authority's debt service payments will increase by \$251,000 due to costs of issuance, which would result in an economic loss (difference between the present values of the old and new debt service payments) of \$251,000. There are sufficient assets in the 1994 Single Family Indenture that are not pledged to the payment of specific bonds to absorb any increases in debt service resulting from the refunding. Alternatively, any savings achieved as a result of the refunding cannot be retained by the Authority but must be returned to borrowers under the Single Family Program or to the U.S. Treasury.

(8) Derivative Instruments

The Authority uses derivative financial instruments to manage and reduce exposure to adverse fluctuations in interest rates and to lower the overall cost of financing. The Authority's derivatives consist of swap agreements entered into in connection with its issuance of variable rate mortgage revenue bonds.

Swap agreements allow the Authority to raise funds at variable rates and effectively swap them into fixed rates that are lower than those available to the Authority if fixed rate borrowings were made directly. These contracts involve the exchange of variable rate for fixed rate payments between two parties (without the exchange of the underlying principal amount) based on a common notional amount and maturity date. The variable rate payment in all of the Authority's swap agreements is based on the SIFMA index. At June 30, 2017, the Authority has pay-fixed, receive-variable swap agreements outstanding with the following terms (dollars in thousands):

Notes to Financial Statements

June 30, 2017 and 2016

In connection with several debt issuances beginning in 2010, all of the Authority's swapped variable rate demand bonds have been refunded with new variable rate demand bonds. In accordance with GASB 53, the related swap agreements were deemed terminated and reassociated with the refunding bonds with no changes in contract terms, resulting in recognition of deemed swap up-front payments totaling \$49.2 million, which are being amortized to interest expense over the life of the swap agreements.

The Authority reports the fair value of its swap agreements on the statements of net position. The fair values, obtained from an independent source, represent, in accordance with market convention, the valuation of the financial elements of each swap agreement. The valuation is determined by the zero-coupon method using Level 2 inputs, as defined GASB Statement No. 72, and takes into account nonperformance risk. To the extent that a particular transaction contains restrictive transfer, collateralization, or termination event language, it could be expected that such provisions would impact the ability to terminate a swap agreement at these estimated market values. As of June 30, 2017 and 2016, three of the Authority's four swap agreements have negative fair values, reported in the liability section of the statements of net position. The fair values exclude accrued interest.

As of June 30, 2017 and 2016, the Authority's swap agreements have been determined to be hedging derivatives, as defined by GASB 53. Accordingly, the change in fair value has been deferred in the statements of net position as accumulated decrease in fair value of hedging derivatives.

Fair values as of June 30, 2017 and 2016 and change in fair value for the years then ended are as follows (dollars in thousands):

		Current notional	Contract fair value	Financial statement

In accordance with GASB 53, the fair value of the Authority's swap agreements in the statements of net position is determined using the on-market swap rates as of the date of inception of the swap agreements, and in the case of reassociation of swap agreements with refunding bonds, on the refunding date. The contractual fixed rates, which the Authority pays to the counterparties, are higher than these rates. If the Authority opted to terminate the swap agreements, the termination payments to the counterparties would be based on the contractual rates. The tables above disclose both the financial statement fair value and the contractual fair value to give financial statement users a clear picture of the Authority's actual liability related to the swap agreements.

(a) Interest Rate Swap Payments and Associated Debt

The following table (dollars in thousands) summarizes debt service requirements of the Authority's outstanding variable rate bonds and net swap payments, using variable interest rates in effect as of June 30, 2017 for the life of the bonds and swaps. As interest rates vary, variable rate bond interest, and net swap payments will also vary, inversely.

Notes to Financial Statements

June 30, 2017 and 2016

(b) Credit Risk

The Authority's swap agreements are with three separate counterparties. As of June 30, 2017 and 2016, the Authority was not exposed to credit risk on its outstanding swap agreements as they all had negative contract fair values (fair value based on the contractual terms of the swap agreements, as opposed to fair value accounting for hybrid instruments under GASB 53). If changes in interest rates (specifically, if interest rates were to rise) result in positive fair values on the swap agreements, the Authority would be exposed to credit risk in the amount of the swaps' fair value, up to contractually specified threshold levels at which point the counterparties would be required to post collateral, as applicable.

(c) Basis Risk

The variable rate debt hedged by the Authority's swap agreements are variable rate demand obligation bonds that are remarketed weekly. Because the variable rate received under the swap agreements is the SIFMA index plus a specified spread, the Authority is exposed to basis risk. As of June 30, 2017 and 2016, the interest rate on the variable rate bonds was 0.89% and 0.45%, respectively, for bonds not subject to AMT, 0.93% and 0.47%, respectively, for bonds subject to AMT, and the SIFMA index was 0.91% and 0.41%, respectively.

(d) Termination Risk

The swap agreements may be terminated by either the Authority or the counterparty if the other party fails to perform under the terms of the agreement or upon certain termination events. The potential termination risks to the Authority are the liability for a termination payment to the counterparty if the swap agreements have negative fair values, and the inability to replace the swap agreement on favorable terms.

(e) Amortization Risk

The Authority is exposed to amortization risk because prepayments from the mortgage loan portfolio may cause the outstanding amount of variable rate bonds to decline faster or slower than the amortization of the swap notional amounts. The Authority manages this risk in various ways, including leaving the balance of variable rate debt in excess of the swap notional amounts, which exposes the Authority to the risk of incurring higher interest costs on the unhedged variable rate debt. The Authority may terminate the swaps at market value at any time.

(f) Rollover Risk

The Authority is exposed to rollover risk on its swap agreements that mature prior to the maturity date of the associated variable rate bonds they are hedging. In the case of one swap agreement, the variable rate bond maturity extends beyond the swap agreement maturity by seven years. The Authority believes that prepayments from mortgage loans used to redeem bonds prior to their maturity will be sufficient to minimize this risk.

NEBRASKA INVESTMENT FINANCE AUTHORITY

Notes to Financial Statements

June 30, 2017 and 2016

(g) Commitments

All of the Authority's swap agreements include provisions that may require the Authority to post collateral in the event its general obligation rating falls below A – as issued by Standard & Poor's Ratings Services or A3 as issued by Moody's Investors Service and the aggregate fair value of the swap contracts entered into with each swap counterparty is in a liability position. The collateral posted is to be in the form of cash, U.S. Treasury securities, or certain agency securities, in the amount of the aggregate fair value of the swap contracts with each counterparty (if in a liability position) less contractually specified threshold levels. The Authority's general obligation rating exceeds the rating requirement as of June 30, 2017 and 2016; therefore, there is no collateral posting requirement.

(9) Litigation

In connection with certain of its single family housing revenue bonds (the Bonds), the Authority entered into guaranteed investment contracts (the Investment Agreements) with various investment providers (the Investment Providers). In December 2014, one such Investment Provider notified the Authority that its Investment Agreements with the Authority should have terminated at the time the related Bonds were no longer outstanding, that such Investment Provider had no further obligations with respect to those Investment Agreements and that such Investment Provider was owed reimbursement of amounts paid to the Authority after the dates the related Bonds were paid in full. The Authority disagrees with the allegations of such Investment Provider. Both the Authority and such Investment Provider filed complaints in separate United States District Courts seeking a judgment in this matter. This matter was heard by the United States District Court for the Southern District of New York (SDNY Court), which on November 17, 2017 entered a judgment in favor of the Investment Provider and directed that the Authority repay approximately \$27.8 million of interest received under the Investment Agreements and \$11.5 million in prejudgment interest.

In August 2015, a second Investment Provider notified the Authority of its intent to terminate its Investment Agreements related to the Bonds and then subsequently returned all funds on deposit with such Investment Provider to the Authority. The Authority filed a complaint alleging breach of contract for premature termination. This Investment Provider subsequently filed a complaint making various allegations against the Authority. The Authority disagrees with the allegations of such Investment Provider. This matter was also heard by the SDNY Court and a jury returned a verdict in favor of the Investment Provider on October 5, 2017, finding that the Authority be required to repay approximately \$1.8 million of interest received under the Investment Agreements. While the judgment has not yet been entered, the Investment Provider has made a claim for prejudgment interest in the amount of approximately \$0.5 million, but the issue has not yet been decided by the SDNY Court.

The Authority continues to dispute the ability of the Investment Providers to terminate the investment agreements and intends to continue to vigorously seek appropriate remedies, including appeal. In accordance with GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, management believes a loss is possible, but not probable. Accordingly, a liability representing the resolution of these matters has not been reflected in the financial statements at June 30, 2017 and 2016. The range of possible loss is \$0 to \$41.6 million, the total of the judgment and jury verdict in the two matters. Interest earnings on the Investment Agreements for the years ended June 30, 2017 and 2016 were approximately \$5.4 million and \$4.9 million, respectively.

(10) Subsequent Events

On September 27, 2017, the Authority issued \$116.8 million of 2017 Series A, B, and C Single Family Housing Revenue Bonds. The proceeds were used to make funds available to acquire, purchase, or finance mortgage loans, mortgage-backed securities, or second-mortgage loans expected to be made to finance down payment and closing costs of qualified homebuyers. Additionally, proceeds in the amount of \$44.2 million were used to refund a portion of the Authority's Single Family Housing Revenue Bonds 2010 Series B.

Such Mortgage Loans and Mortgage-Backed Securities remain pledged under the General Indenture. A portion of the principal payments and prepayments received on these Mortgage Loans and Mortgage-Backed Securities are dedicated to the payment of certain term bonds. (See D-6 of this Appendix D.)
- (2) Community Program Loans represent a.) Mortgage Loans (both first and second Mortgage Loans) originated by certain nonprofit entities (such as Habitat for Humanity of Omaha), and b.) Second Mortgage Homebuyer Assistance Loans ("HBA Loans") the proceeds of which are loaned for down payment and closing cost assistance in connection with first Mortgage Loans financed under the General Indenture. Community Program Loans do not have mortgage insurance or guarantees. HBA Loans allocated to the Retired Series bear no interest and under certain circumstances are forgivable. HBA loans allocated to Series 2010 ABC bear interest at rates ranging from 1.0% to 7.3% with maturities from 7 to 10 years.
- (3) Information does not include Community Program Loans.

Unexpended Bond Proceeds

While Bonds issued by NIFA under the General Indenture are subject to redemption from unexpended original proceeds of such bonds, NIFA has not redeemed any Bonds from unexpended original proceeds under the General Indenture. See D-1-2 of this Appendix D which sets forth the principal amount of Mortgage-Backed Securities or originated Mortgage Loans held by NIFA or the Master Servicer (to be delivered to the Trustee in future months or otherwise available to be delivered to the Trustee), the principal amount of Mortgage Loans closed (to be delivered to the Master Servicer in future months or otherwise available to be delivered to the Master Servicer), and the principal amount of Mortgage Loan reservations taken by NIFA.

Prepayments / Cross Calling

Loan Prepayments held under the General Indenture are either applied to the purchase of new Mortgage-Backed Securities or to the redemption of Bonds. Except as otherwise set forth in a Supplemental Indenture, Prepayments and excess revenues received from any Series listed above are available to call any series of Bonds under the General Indenture. NIFA makes determinations regarding redemptions based on a number of factors, including relative interest rates, anticipated maturity lengths and overall bond and mortgage portfolio management. As part of NIFA's active management of its Bond and mortgage portfolios, the methodology used in connection with its debt service payments and redemptions on any payment date may or may not be used in connection with future redemptions. As permitted under the General Indenture, NIFA

reserves the right to alter its methodology for redeeming Bonds to further optimize the financing of Mortgage Loans and Mortgage-Backed Securities as part of the Single Family Program.

See D-3 of this Appendix D for a list of CUSIP numbers for MBSs pledged to the General Indenture.

Note 1 NIFA expects that approximately \$15,000,000 of the amount initially deposited in the Series 2018 A/B Mortgage Loan Fund Account will be used to acquire Mortgage-Backed Securities on or about the Date of Delivery of the Offered Bonds. NIFA expects to use substantially all of the remainder of the amounts in the Series 2018 A/B Mortgage Loan Fund Account (excluding any moneys initially deposited therein to refund the Refunded Prior Series Bonds) to purchase Series 2018 A/B Mortgage-Backed Securities on or before October 1, 2018.

OTHER HOUSING PROGRAMS OF NIFA

Single Family

NIFA's single-family program was established by its predecessor, the Nebraska Mortgage Finance Fund, in March 1980. The following information describes those single-family loans financed through the issuance of bonds which were not issued under the General Indenture. To fund its prior single-family programs, NIFA issued mortgage revenue bonds financing mortgage loans in the amount of \$1,469,906,000. As of December 31, 2017, approximately \$2,271,000 of such mortgage loans remained outstanding (of which \$1,379,000 represents mortgage-backed securities which are now assets of the General Indenture and included in the information on pages D-1-2 and D-1-3).

On December 23, 2009, NIFA issued its Single Family Homeownership Revenue Bonds, 2009 Series B (Taxable) in connection with the Treasury New Issue Bond Program. On November 18, 2011, NIFA redesignated \$66,000,000 in principal amount as Homeownership Revenue Bonds 2009 Series A, Subseries A-1 in connection with the issuance of \$44,000,000 in aggregate principal amount of Homeownership Revenue Bonds 2011 Series A. The proceeds of such bonds were used to acquire Mortgage-Backed Securities backed by qualifying Mortgage Loans in the amount of \$109,885,000. As of December 31, 2017, approximately \$47,329,000 of such Mortgage Loans remained outstanding.

On June 29, 2011, NIFA issued its Housing Revenue Bonds 2011 Series 1 which financed mortgage-backed securities backed by qualifying Mortgage Loans in the amount of \$43,558,500. Such bonds were sold privately to a single institutional investor. As of December 31, 2017, approximately \$14,987,500, of such Mortgage Loans remained outstanding.

The mortgage loans and mortgage-backed securities financed by the above-described other single-family programs are not pledged as security for the Offered Bonds.

Other Housing Programs

NIFA has also issued Home Improvement Loan Revenue Bonds for the purpose of acquiring certain notes made to finance home improvements on residential real property occupied by low- and moderate-income persons in Nebraska and various series of multifamily housing revenue bonds.

NIFA anticipates developing additional housing programs to the extent permitted by the Nebraska Investment Finance Authority Act and/or federal tax legislation.

APPENDIX D-5

PROJECTED PERCENTAGES OF INITIAL PRINCIPAL BALANCE OUTSTANDING AND PROJECTED WEIGHTED AVERAGE LIVES OF PAC BONDS

Set forth in the table below are projected percentages of initial principal balance outstanding and projected weighted average lives for the PAC Bonds under various prepayment speeds. “Projected percentages of initial principal balance outstanding” refers to the principal balance of a security that will be outstanding on a specified date expressed as a percentage of the initial principal amount of such security. The “projected weighted average life” of a security refers to the average amount of time that is projected to elapse from the date of delivery of such security to the date of projected payment to the investor of each dollar paid to reduce the principal of such security (assuming no losses). The projected weighted average life of a security is determined by (a) multiplying each projected reduction, if any, of the outstanding amount of such security by the number of years from the date of delivery of such security to the related redemption date or maturity date, (b) adding the results and (c) dividing the sum by the initial outstanding amount of such security.

The calculation of the projected weighted average life of the PAC Bonds set forth below requires the making of certain hypothetical assumptions. See “THE OFFERED BONDS—Projected Weighted Average Lives of the PAC Bonds” in the Official Statement.

PROPOSED FORM OF OPINION OF BOND COUNSEL

Nebraska Investment Finance Authority
200 Commerce Court
1230 O Street
Lincoln, NE 68508

\$105,120,000
Nebraska Investment Finance Authority
Single Family Housing Revenue Bonds
2018 Series A (Non-AMT) and 2018 Series B (Variable Rate-AMT)

Dear Authority Members:

We have acted as bond counsel in connection with the issuance and sale by the Nebraska Investment Finance Authority (the "Authority") of \$73,120,000 in aggregate principal amount of its Single Family Housing Revenue Bonds, 2018 Series A (the "2018 Series A Bonds" or the "Fixed Rate Offered Bonds") and \$32,000,000 in principal amount of its Single Family Housing Revenue Bonds, 2018 Series B (the "2018 Series B Bonds" or the "Variable Rate Offered Bonds," and collectively, with the Fixed Rate Offered Bonds, the "Offered Bonds"). The Offered Bonds are issuable as fully registered Bonds (as hereafter defined) without coupons as provided in the hereinafter-described Indenture. The Fixed Rate Offered Bonds are being issued in the denominations of \$5,000 and whole multiples thereof. The Variable Rate Offered Bonds are being issued in denominations of \$100,000 and integral multiples of \$5,000 in excess thereof. The Offered Bonds shall be numbered as provided in the Indenture.

The Offered Bonds are issued pursuant to the Nebraska Investment Finance Authority Act, Sections 58-201 et seq., Reissue Revised Statutes of Nebraska, as amended (the "Act"), and pursuant to the General Indenture of Trust, dated as of July 1, 1994 (as amended, the "General Indenture"), as supplemented by the Supplemental Indenture of Trust, dated as of March 1, 2018 (the "Supplemental Indenture", and together with the General Indenture, the "Indenture"), each between the Authority and Wells Fargo Bank, National Association, Minneapolis, Minnesota, as trustee. Under certain terms and conditions, the General Indenture permits the issuance of additional series of bonds which are equally and ratably secured by the pledges and covenants in the Indenture. The Offered Bonds, all bonds heretofore issued pursuant to the General Indenture and any such additional bonds which may hereafter or concurrently be issued under the General Indenture are herein referred to as the "Bonds."

The Offered Bonds are limited obligations of the Authority, payable solely out of the revenues and moneys pledged therefor pursuant to the Indenture. The Authority has no taxing power. The Offered Bonds do not constitute a debt, liability or general obligation of the State of Nebraska (the "State") or any political subdivision thereof. Neither the faith and credit nor the taxing power of the State or any political subdivision thereof is pledged to the payment of the principal of, premium if any, or the interest on the Offered Bonds.

The proceeds made available upon the issuance of the Offered Bonds will be used to (1) refund certain prior Bonds of the Authority previously issued pursuant to the General Indenture and (2) acquire, purchase and finance Mortgage Loans and Mortgage-Backed Securities (as each is defined in the Indenture).

The Offered Bonds are dated, mature, bear interest and are subject to redemption by the Authority prior to maturity at the times, in the manner and upon the terms provided in the Indenture.

In connection with the issuance of the Offered Bonds, we have examined (a) the resolution adopted by the Authority on December 13, 2017, authorizing the issuance of the Offered Bonds; (b) the Indenture, particularly certain covenants therein relating to the requirements for Mortgage Loans and Mortgage-Backed Securities to be financed or refinanced thereunder with proceeds made available upon the issuance of the Offered Bonds; (c) the forms of the Origination Agreement, the Servicing Agreement and the Lender Manual, which documents require the

delivery of certain affidavits and other documents prior to the financing of any Mortgage Loans and/or Mortgage-Backed Securities thereunder; and (d) such other opinions, documents, certificates and letters as we deem relevant and necessary in rendering this opinion.

From such examination, we are of the opinion that:

1. The Authority is a body politic and corporate, not a State agency but an independent instrumentality exercising essential public functions, duly organized and existing under the Constitution and laws of the State, particularly the Act.

2. Pursuant to the Act, the Authority is empowered to (a) issue the Offered Bonds for the purposes of refunding certain of its prior bonds and making funds available to finance Mortgage Loans and Mortgage-Backed Securities, in each case, in order to finance single family housing in the State for low- and moderate-income persons, and (b) pledge and grant a security interest in the revenues and amounts in the Funds and Accounts established by the Indenture.

3. The Offered Bonds have been validly authorized, executed and issued in accordance with the laws of the State and represent valid and binding limited obligations of the Authority payable out of the revenues or moneys of the Authority pledged therefor pursuant to the Indenture. Pursuant to the Indenture, the principal of, premium, if any, and interest on the Offered Bonds are secured by a pledge of and security interest in Bond proceeds (other than proceeds deposited in trust for the retirement of outstanding Bonds), all Mortgage Loans and Mortgage-Backed Securities financed with proceeds of the Bonds, all Revenues (defined in the Indenture) derived therefrom, and all money, Permitted Investments (as defined in the Indenture) and other assets and income (except certain nonmortgage excess earnings) held in and receivable by Funds and Accounts established by or pursuant to the Indenture, all subject to the right of the Authority to direct withdrawals of amounts from said Funds and Accounts upon the conditions set forth in the Indenture.

4. The Indenture has been validly authorized, executed and delivered, is in full force and effect and is valid and binding on the Authority, and the holders of the Offered Bonds are entitled to the benefits thereof.

5. Under existing laws, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and continuing compliance with certain covenants designed to meet the requirements of the Internal Revenue Code of 1986, as amended (the "Code"): (a) interest on the Offered Bonds is excluded from gross income for federal income tax purposes; (b) interest on the 2018 Series A Bonds is not a specific preference item in calculating the federal alternative minimum tax imposed on individuals and corporations and is not included in adjusted current earnings of corporations in calculating the federal alternative minimum tax; and (c) interest on the 2018 Series B Bonds is a specific preference item in calculating the federal alternative minimum tax imposed on individuals and, for tax years beginning before January 1, 2018, on corporations. No federal alternative minimum tax applies to corporations for tax years beginning after December 31, 2017.

6. Interest on the Offered Bonds is exempt from income taxation by the State.

We express no opinion regarding any other consequences affecting the federal or state income tax liability of a recipient of interest on the Offered Bonds.

The opinion we have expressed herein as to the treatment of the interest borne by the Offered Bonds for federal income tax purposes is based upon laws, regulations, rulings and decisions in effect on the date hereof. Each purchaser of the Offered Bonds should consult his or her own tax advisor as regards any pending or proposed federal tax legislation.

The obligations of the Authority contained in the Offered Bonds and the Indenture, and the enforceability thereof, are subject to general principles of equity which may permit the exercise of judicial discretion, the

reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State, applicable bankruptcy, insolvency, moratorium or similar laws relating to or affecting creditors' rights generally, and the exercise by the United States of America of the powers delegated to it by the Constitution.

Very truly yours,

APPENDIX K

CERTAIN TERMS OF THE INITIAL LIQUIDITY FACILITY

This Appendix contains a brief summary of certain provisions of the Initial Liquidity Facility to be entered into with the Standby Purchaser. Such summary does not purport to be comprehensive or definitive. All references in this Official Statement to the Initial Liquidity Facility are qualified by reference to such document and capitalized terms used, but not defined herein, shall have the meanings assigned to such terms in the Initial Liquidity Facility. A copy of the Initial Liquidity Facility is on file with the Trustee, the Tender Agent and NIFA. The Initial Liquidity Facility may be amended at any time without the consent of or notice to the holders of the Variable Rate Offered Bonds. Any Alternate Liquidity Facility may have terms substantially different from those of the Initial Liquidity Facility. Various words or terms used in the following summary are defined in this Official Statement, the Initial Liquidity Facility or the Indenture, and reference thereto is made for full understanding of their import. For further information regarding the Standby Purchaser, the obligor under the Initial Liquidity Facility, see Appendix I—“CERTAIN INFORMATION RELATING TO THE STANDBY PURCHASER.” See also “THE OFFERED BONDS—Interest—General—Variable Rate Offered Bonds - Weekly Mode” and “—Description of the Variable Rate Offered Bonds” herein and Appendix J—“CERTAIN DEFINITIONS WITH RESPECT TO THE VARIABLE RATE OFFERED BONDS IN THE WEEKLY MODE.”

THE INITIAL LIQUIDITY FACILITY IS ONLY AVAILABLE TO VARIABLE RATE OFFERED BONDS WHILE SUCH BONDS ARE IN THE WEEKLY MODE.

NIFA expects to execute and deliver the Initial Liquidity Facility with the Standby Purchaser on the date of delivery of the Variable Rate Offered Bonds. Subject to the terms and conditions therein, the Initial Liquidity Facility requires the Standby Purchaser to provide funds for the purchase of Variable Rate Offered Bonds in the Weekly Mode that have been tendered by the Holder thereof or are subject to mandatory tender but are not remarketed by the Remarketing Agent. The Variable Rate Offered Bonds held by the Standby Purchaser shall bear interest at the Bank Interest Rate in accordance with the Initial Liquidity Facility. All obligations of the Standby Purchaser to purchase Variable Rate Offered Bonds pursuant to the Initial Liquidity Facility will expire on March 1, 2019, unless NIFA and the Standby Purchaser agree to extend the term of the Initial Liquidity Facility as provided therein.

Conditions Precedent to Obligations of Standby Purchaser

The obligation of the Standby Purchaser to purchase Variable Rate Offered Bonds in the Weekly Mode on any particular Purchase Date under the Initial Liquidity Facility is subject to the condition that a long-term rating of such Variable Rate Offered Bonds by S&P of not lower than “BBB-” shall be in effect.

Termination of Initial Liquidity Facility by Standby Purchaser

If NIFA fails to timely pay to the Standby Purchaser any commitment fee after the same becomes due or upon the occurrence of certain other events of default as described in the Initial Liquidity Facility (see “Events of Default and Remedies” in this Appendix K), the Standby Purchaser may terminate the Initial Liquidity Facility by giving notice of termination to the Trustee, the Tender Agent, NIFA and the Remarketing Agent, such termination to become effective 30 days after receipt by the Tender Agent of such notice. Upon receipt of such written notice by the Trustee, the Trustee is to give notice to all Holders of the Variable Rate Offered Bonds, and the Variable Rate Offered Bonds will be subject to mandatory tender for purchase as described in “THE OFFERED BONDS—Description of the Variable Rate Offered Bonds—Mandatory Tender” and the Standby Purchaser has agreed to purchase tendered Variable Rate Offered Bonds in the Weekly Mode on the terms and conditions of the Initial Liquidity Facility notwithstanding the occurrence of such events of default (subject to satisfaction of applicable conditions precedent to the Standby Purchaser’s obligation to do so).

Termination of Standby Bond Purchase Agreement by NIFA

Upon the withdrawal, suspension or reduction in the Standby Purchaser's short-term counterparty credit rating by S&P below "A-1" or the default by the Standby Purchaser in honoring its payment obligations under the Initial Liquidity Facility or the Standby Purchaser seeking compensation for increased costs to the Standby Purchaser as described in the Initial Liquidity Facility and the payment to the Standby Purchaser of all fees, expenses and other amounts payable under the Initial Liquidity Facility and the payment to the Standby Purchaser of all principal and accrued interest owing on any Bank-Owned Bonds, NIFA may terminate the Initial Liquidity Facility. Upon delivery of an Alternate Liquidity Facility satisfying the requirements of the Series 2018 A/B Supplemental Indenture, the Initial Liquidity shall terminate. In the event of either such termination, the Variable Rate Offered Bonds in the Weekly Mode will be subject to mandatory tender for purchase.

Alternate Liquidity Facility

NIFA may replace any Liquidity Facility with a new Liquidity Facility (an "Alternate Liquidity Facility") substantially conforming to the coverage amount requirements set forth in the Series 2018 A/B Supplemental Indenture, provided that the Alternate Liquidity Facility is accompanied by (i) a favorable opinion of Bond Counsel to the effect that delivery of the Alternate Liquidity Facility will not impair the exclusion of interest on the Offered Bonds from gross income for purposes of federal or state income taxation (subject to the inclusion of any exceptions contained in the opinion delivered upon original issuance of the Offered Bonds), (ii) an opinion of Bond Counsel stating that the delivery is authorized under the Indenture and complies with its terms, (iii) an opinion of counsel to the provider of the Alternate Liquidity Facility stating that such Alternate Liquidity Facility is a legal, valid, binding and enforceable obligation of such obligor in accordance with its terms and (iv) written evidence satisfactory to the Standby Purchaser of the provision for purchase from the Standby Purchaser of all Bank-Owned Bonds at a price equal to the principal amount thereof plus accrued and unpaid interest to the date of purchase, and payment of all amounts due it under the terms of the Liquidity Facility on or before the effective date of such Alternate Liquidity Facility.

NIFA shall notify the Notice Parties of its intention to deliver an Alternate Liquidity Facility at least 30 days prior to the proposed date of delivery of the Alternate Liquidity Facility (the "Substitution Date"). Upon receipt of such notice, the Trustee shall mail irrevocable notice of the anticipated delivery of the Alternate Liquidity Facility, including the name of its issuer, by first-class mail, or transmitted in such other manner (such as by electronic means) as may be customary for the industry, to the Holders of the Variable Rate Offered Bonds at least 15 days prior to the Substitution Date, along with a notice of Mandatory Tender of such Variable Rate Offered Bonds on such date. The Variable Rate Offered Bonds having the benefit of the current Liquidity Facility will be subject to Mandatory Tender on the Substitution Date as described in "THE OFFERED BONDS—Description of the Variable Rate Offered Bonds—Mandatory Tender," regardless of whether the Alternate Liquidity Facility is delivered on such date.

Mandatory Tender Under Initial Liquidity Facility (With No Right To Retain)

Upon any event constituting a Mandatory Tender, the Tender Agent shall give notice to the Holders of the Variable Rate Offered Bonds subject to the Mandatory Tender that such Variable Rate Offered Bonds will be subject to mandatory tender for purchase at a purchase price equal to 100% of the principal amount thereof, plus accrued interest to the date of purchase (payable by the Standby Purchaser) on the date set forth for purchase in such notice.

Under certain circumstances, as described above in "Conditions Precedent to Obligations of Standby Purchaser," the obligation of the Standby Purchaser to purchase Variable Rate Offered Bonds in the Weekly Mode may terminate, in certain cases without prior notice.

Procedure for Purchase

On each Purchase Date on which the Variable Rate Offered Bonds in the Weekly Mode are to be purchased by the Tender Agent, (i) by no later than 10:00 a.m. New York City time, the Remarketing Agent shall give the Tender Agent and the Standby Purchaser electronic notice of the aggregate principal amount of tendered Variable Rate Offered Bonds that it has remarketed on such Variable Rate Offered Bonds Purchase Date, and (ii) by no later than 11:00 a.m., New York City time, the Tender Agent shall give the Standby Purchaser notice by facsimile and in writing of the Variable Rate Offered Bonds Purchase Date and the aggregate Variable Rate Offered Bonds Purchase Price of the tendered Variable Rate Offered Bonds required to be purchased by the Standby Purchaser pursuant to the Initial Liquidity Facility, and the amount of principal and interest, respectively, constituting such Purchase Price. Upon receipt of the notice set forth in (ii) above, the Standby Purchaser, unless it determines that its obligation to purchase pursuant to the Initial Liquidity Facility has been suspended or terminated in accordance therewith, shall, by no later than 1:30 p.m., New York City time, make available to the Tender Agent, in immediately available funds, such Variable Rate Offered Bonds Purchase Price, to be deposited in accordance with the Series 2018 A/B Supplemental Indenture. As soon as such funds become available, the Tender Agent is required to purchase therewith, for the account of the Standby Purchaser, that portion of the tendered Variable Rate Offered Bonds in the Weekly Mode for the purchase of which immediately available funds are not otherwise then available for such purposes under the Indenture. The Tender Agent is required to remit as soon as practicable to the Standby Purchaser such funds which are not so used to purchase tendered Variable Rate Offered Bonds.

THE INITIAL LIQUIDITY FACILITY PROVIDES FUNDS ONLY FOR PAYMENT OF THE VARIABLE RATE OFFERED BONDS DURING THE WEEKLY MODE PERIOD AS DESCRIBED ABOVE. THE INITIAL LIQUIDITY FACILITY DOES NOT SECURE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE VARIABLE RATE OFFERED BONDS. THE INITIAL LIQUIDITY FACILITY MAY BE TERMINATED AS DESCRIBED ABOVE.

Bank-Owned Bonds

Any Variable Rate Offered Bonds purchased by the Standby Purchaser shall constitute Bank-Owned Bonds and have all of the characteristics of Bank-Owned Bonds as set forth in the Series 2018 A/B Supplemental Indenture. All Bank-Owned Bonds shall bear interest at the Bank Interest Rate as from time to time in effect, provided that at no time shall Bank-Owned Bonds bear interest at a rate in excess of 25% per annum. In the event that Bank-Owned Bonds bear interest at the Maximum Rate for any period, the Standby Purchaser shall receive interest on account of Bank-Owned Bonds only at the Maximum Rate for such period (the difference between (x) the interest payable to the Standby Purchaser if the Bank-Owned Bonds had continuously borne interest at the Bank Interest Rate and (y) the interest actually paid to the Standby Purchaser at the Maximum Rate is referred to below as the "Excess Bank-Owned Bond Interest"). Notwithstanding any subsequent reduction in the Bank Interest Rate, Bank-Owned Bonds shall bear interest from and after the date on which any Excess Bank-Owned Bond Interest is accrued at the Maximum Rate until the date on which the interest paid to the Standby Purchaser on Bank-Owned Bonds in excess of the Bank Interest Rate equals such Excess Bank-Owned Bond Interest, provided that, upon termination of the Initial Liquidity Facility, in consideration for the limitation of the rate of interest otherwise payable thereunder, NIFA has agreed to pay, to the extent permitted by law, the Standby Purchaser a fee equal to the amount of all unpaid Excess Bank-Owned Bond Interest, provided that no such amount shall be paid to the extent payment thereof would violate applicable usury law or law governing maximum interest rates. To the extent permitted by law, interest shall accrue on, and be payable by NIFA with respect to, all unpaid Excess Bank-Owned Bond Interest at a rate per annum equal to the One-Month LIBOR Rate plus 1.50%.

Under the terms of the Initial Liquidity Facility, NIFA has agreed that if any Bank-Owned Bond cannot be remarketed within 91 days of the purchase date relating to such Bank-Owned Bond, then NIFA has agreed to purchase each such Bank-Owned Bond in equal semiannual principal installments, the first such installment being payable on the first Interest Payment Date on the Variable Rate Offered Bonds in the March or September, whichever first occurs on or following the ninety-first day after such purchase date and on each such Interest Payment Date thereafter so that such Bank-Owned Bond is paid in full in 10 equal semiannual payments.
