

# NIFA MEETING GUIDELINES

NIFA will follow, at a minimum, the CDC guidelines for in-person meetings. Board meetings will follow CDC guidance.

We want all participants to be comfortable and feel safe; it is our policy to follow the lead of the person with the most restrictive comfort level regarding masks and distancing.

Thus, if you wish to request mask and distancing protocols that are more restrictive than the CDC guidelines, please notify the meeting organizer.

The meeting protocol instructions will be updated, without specifying which attendee requested the additional precautions.
